The Enduring Debate David T. Canon, John J. Coleman, Kenneth R. Mayer, 2011 A combination of classic and contemporary readings featuring a debate format section in each chapter **American Politics Today, 6e Full with Media Access**

Registration Card + the Enduring Debate: Classic and Contemporary Readings in American Politics, 8e William T Bianco, David T Canon, John J Coleman, Kenneth R Mayer, 2019-01-07 Presidential Leadership George C. Edwards, Kenneth R. Mayer, Stephen J. Wayne, 2020-01-03 With a focus on presidential leadership Edwards Mayer and Wayne address the capacity of chief executives to fulfill their tasks exercise their powers and utilize their organizational structures to affect the output of government Richly illustrated with timely fascinating examples this text examines all aspects of the presidency

Judging Bush Robert Maranto, Tom Lansford, Jeremy Johnson, 2009-09-02 There is no shortage of opinions on the legacy that George W Bush will leave as 43rd President of the United States Recognizing that Bush the Younger has been variously described as dimwitted opportunistic innovative and bold it would be presumptuous to draw any hard and fast conclusions about how history will view him Nevertheless it is well within academia's ability to begin to make preliminary judgments by weighing the evidence we do have and testing assumptions In the wake of the September 11 terrorist attacks and the initially successful military campaign in Afghanistan Bush and his administration enjoyed nearly unprecedented popularity But after failures in Iraq and in the federal government's response to Hurricane Katrina Bush's approval ratings plummeted Guided by a new framework Judging Bush boldly takes steps to evaluate the highs and lows of the Bush legacy according to four types of competence strategic political tactical and moral It offers a first look at the man his domestic and foreign policies and the executive office's relationship to the legislative and judicial branches from a distinguished and ideologically diverse set of award winning political scientists and White House veterans Topics include Bush's decision making style the management of the executive branch the role and influence of Dick Cheney elections and party realignment the Bush economy Hurricane Katrina No Child Left Behind and competing treatments of the wars in Iraq and Afghanistan Contributors include Lara M Brown David B Cohen Jeffrey E Cohen Laura Conley Jack Covarrubias John J DiIulio Jr William A Galston Frederick M Hess Karen M Hult Lori A Johnson Robert G Kaufman Anne M Khademian Lawrence J Korb Patrick McGuinn Michael Moreland Costas Panagopoulos James P Pfiffner Richard E Redding Neil Reedy Andrew Rudalevige Charles E Walcott and Shirley Anne Warshaw **Originalism in Theology and Law** Mark J. Boone, Mark D. Eckel, 2024-01-26 In the study of American law

originalism is primarily a theory about the meaning of the Constitution that its meaning can only change when its words change Originalism also appears in biblical theology as a theory on the meaning of the Bible that its meaning is that intended by the original authors Originalism in Theology and Law Comparing Perspectives on the Bible and the Constitution offers a study of originalism in both the Bible and the Constitution While there are significant connections between originalism as a theory of biblical interpretation and as Constitutional interpretation there are also differences in the type of text as well as its

purpose function origins or authority which may affect which nuanced version of originalism best fits a particular text or the best method of interpreting it Presidential Leadership George C. Edwards III, Kenneth R. Mayer, Stephen J. Wayne, 2024-01-24 This classic text on the American presidency analyzes the institution and the presidents who hold the office through the key lens of leadership Edwards Mayer and Wayne explain the leadership dilemma presidents face and their institutional political and personal capacities to meet it Two models of presidential leadership help us understand the institution one in which a strong president dominates the political environment as a director of change and another in which the president performs a more limited role as facilitator of change Each model provides an insightful perspectives to better understand leadership in the modern presidency and to evaluate the performance of individual presidents With no simple formula for presidential success and no partisan perspective driving the analysis the authors help us understand that presidents and citizens alike must understand the nature of presidential leadership in a pluralistic system in which separate institutions share powers This fully revised thirteenth edition is fully updated through the Biden administration with recent policy developments the 2022 midterm elections changes to the media environment and the latest data *Beyond the Facts* James W. Cortada, 2025-08-07 This book describes tacit knowledge what it is how it used and its role in our current data driven world It argues that fuzzy hard to describe information is greater and more important than just hard facts What is tacit knowledge It is what we might consider knowledge that is unable to be fully communicated knowledge that we understand implicitly but it is a bit hard to explain For example it is the kind of knowledge one needs to ride a bicycle but that cannot be described precisely on paper in the way one might be able to explain how to cook a dish Tacit knowledge is the least understood type of information and one of the most difficult to communicate Yet there is more tacit knowledge in our lives than the specific facts one can find in a book on the Internet or in the simple form of a fact This book is designed to introduce the reader to the concept of tacit knowledge and how to recognize and use it This book offers definitions of tacit knowledge and compares the topic to explicit knowledge then describes how the former is used today The author argues that both types are used today and explains how one can use both types of knowledge in their lives Topics include The role of tacit knowledge in business and government The wide use of Knowledge Management techniques in tacit knowledge and the newly emerging set of ideas quietly spreading in the workplace called Critical Systems Thinking How one can understand and apply tacit knowledge How AI can apply tacit knowledge And more This book is essential primer to understanding tacit knowledge and learning how to use it to your advantage **How to Be a Superpower** Tobias Endler, 2012-09-17 How to Be a Superpower focuses on the role and self perception of public intellectuals in 21st century America Drawing on a series of interviews conducted with the most prominent professional thinkers in the field of foreign policy since 9 11 from Noam Chomsky via Francis Fukuyama to Michael Walzer With his fascinating interviews Tobias Endler illustrates how intellectuals inspire influence and participate in the nation s current public discourse and opinion shaping process This unique and

insightful book explores the role and self perception of 21st century American intellectuals Challenging the idea that intellectuals are becoming increasingly irrelevant this book argues that they have managed to stake out a significant role in present society Accelerated and intensified by the events of September 11 renowned experts in the field of foreign policy such as Zbigniew Brzezinski Noam Chomsky Francis Fukuyama Anne Marie Slaughter and Michael Walzer have engaged in a vibrant public political debate on the global status of the United States and very successfully so

Combining timeless readings with cutting edge current selections *Principles and Practice of American Politics* effectively animates today's institutions and political arrangements in the study of American Government and politics. Each selection is artfully framed by contextual headnotes and many of the readings are written specifically for the volume. The Eighth Edition includes readings that present institutions of majority rule, the nature of racial discrimination, the proper role of the court and other issues that provide students an opportunity to think through and discuss their views on the future direction of American civic life.

Principles and Practice Of American Politics: Classic and Contemporary Readings, 3rd Edition Samuel Kernell, Smith S, 2006-07-15 Without ever losing sight of the classics Kernell and Smith take a fresh look at the implications of political science for our understanding of recent events and trends. This balance of the classic with the contemporary along with careful editing to retain the flow of original pieces distinguishes this highly regarded reader. Drawing from a variety of sources and perspectives readings examine the strategic behavior of key players in American politics. These 44 selections show that political actors though motivated by their own interests are governed by the Constitution, the law and institutional rules as well as influenced by the strategies of others. Thanks to feedback from adopters 26 readings are back by popular demand while 17 new or revised selections offer readable and current analyses 5 of which have been written specifically for this volume. Kernell and Smith supply helpful headnotes for each reading establishing important context and rationale for selections.
