sexuality hygiene business banking contracts economics politics social issues everything was dictated by the Islamic law code known as Sharia But Sharia isn't staying in majority Muslim nations Darwish now lives in the West and brings a warning the goal of radical Islam is to bring Sharia law to your country If that happens the fabric of Western law and liberty will be ripped in two Under Sharia law A woman can be beaten for talking to men who are not her relatives and flogged for not wearing a headaddress Daughters sisters and wives can be legally killed by the men in their family Non Muslims can be beheaded and their Muslim killers will not receive the death penalty Certain kinds of child molestation are allowed The husband of a rebellious wife can deny her medical care or place her under house arrest Think it can't happen In 2008 England once the seat of Western liberty and now the home of many Muslim immigrants declared that Sharia courts in Britain have the force of law When Muslim populations reach as little as 1 or 2 percent says Darwish they begin making demands of the larger community such as foot level faucets for washing before praying in public schools businesses and airports Airports in Kansas City Phoenix and Indianapolis are among those who have already installed foot baths for Muslim cab drivers writes Darwish These demands test how far Westerners will go in accommodating the Muslim minority How far will they push The Organization of the Islamic Conference works to Islamize international human rights laws and apply Sharia standards for blasphemy to all nations The penalty for blasphemy Death Weaving personal experience together with extensive documentation and research Darwish exposes the facts and reveals the global threat posed by Sharia law Anyone concerned about Western rights and liberties ignores her warning and analysis at their peril *Lloyd's Entertaining Journal* ,1844
