Adhocism, expanded and updated edition Charles Jencks, Nathan Silver, 2013-05-24 The triumphant return of a book that gave us permission to throw out the rulebook in activities ranging from play to architecture to revolution When this book first appeared in 1972 it was part of the spirit that would define a new architecture and design era a new way of thinking ready to move beyond the purist doctrines and formal models of modernism Charles Jencks and Nathan Silver's book was a manifesto for a generation that took pleasure in doing things ad hoc using materials at hand to solve real world problems The implications were subversive Turned off citizens of the 1970s immediately adopted the book as a DIY guide The word adhocism entered the vocabulary the concept of adhocism became part of the designer's toolkit and Adhocism became a cult classic Now Adhocism is available again with new texts by Jencks and Silver reflecting on the past forty years of adhocism and new illustrations demonstrating adhocism's continuing relevance Adhocism has always been around Think Robinson Crusoe making a raft and then a shelter from the wreck of his ship As a design principle adhocism starts with everyday improvisations a bottle as a candleholder a dictionary as a doorstop a tractor seat on wheels as a dining room chair But it is also an undeveloped force within the way we approach almost every activity from play to architecture to city planning to political revolution Engagingly written filled with pictures and examples from areas as diverse as auto mechanics and biology Adhocism urges us to pay less attention to the rulebook and more to the real principle of how we actually do things It declares that problems are not necessarily solved in a genius's eureka moment but by trial and error adjustment and readjustment

have become hopelessly yellow The answers to these and hundreds of kitchen questions are answered in this book Pages 2 3 of cover *Made from Scratch* Jean Zimmerman,2012-11-13 A stunning celebration and reappraisal of the importance of women s work Made from Scratch addresses the tug that many Americans feel between our professional and private lives In this stunning celebration and reappraisal of the importance of women s work acclaimed journalist Jean Zimmerman poignantly addresses the tug that many Americans of the twenty first century feel between our professional and private lives With sharp wit and intelligence she offers evidence that in the current domestic vacuum we still long for a richer home life a paradox visible in the Martha Stewart phenomenon in the continuing popularity of women s service magazines such as Better Homes and Gardens Family Circle and Ladies Home Journal whose combined circulation of over 17 million is nearly twice the combined circulation of Time Newsweek and U S News World Report and the booming business of restorations where onlookers get a hands on view of domestic life as it flourished in past centuries This book is about the ways home traditions passed from one generation to the next baking a birthday cake from scratch cherishing family heirlooms or discovering the satisfaction of piecing a quilt sustain our souls especially in our ever more processed synthetic world where we buy homemade goods and fail to see the irony in that Made from Scratch tells the story of the unsung heroines of the hearth investigating the history of female domesticity and charting its cultural changes over centuries Zimmerman traces the lives of her own family s homemakers from her tiny but indomitable grandmother who managed a farm strangled chickens with her bare hands and sewed all the family clothing to her mother who rejected her country upbringing yet kept a fastidious suburban home where the gender divide stayed firmly in place to her own experiences as a wife and mother weaned on the Women s Movement of the 1970s with its emphatic view that housework was a dirty word and that the domestic sphere was to be fled rather than cherished In this book Zimmerman questions the unexamined trade off we have made in a shockingly brief time span as we ve progressed from home raised chickens to frozen TV dinners to McNuggets from the food court at the mall What is lost when we no longer engage as individuals and as a community in the ancient rituals of food craft and shelter
