## **Engaging Unbelief A Captivating Strategy From Augustine And Aquinas:**

**Engaging Unbelief** Curtis Chang, 2007-11-01 How can we present the truth about Jesus to a world that rejects all truth claims as arbitrary Can we find way to engage in meaningful conversation without appearing arrogant or manipulative Can we witness to the gospel without simply enlisting in the ongoing culture wars Curtis Chang has found a unique way to address these pressing questions of our age He argues that similar challenges confronted Christians at two key moments in church history and stimulated creative responses by two monumental thinkers Augustine AD 413 faced a fragmenting society where pagans accused Christians of causing the mounting social ills afflicting Rome Thomas Aquinas AD 1259 pondered the disorienting Muslim challenge that provoked most medieval Christians to crusade rather than converse Through a careful study of Augustine's City of God and Aquinas's Summa Contra Gentiles Chang argues that both followed a brilliant rhetorical strategy for engaging unbelief Such a captivating strategy is critical in our cultural context where Christian witness seems as difficult as ever Connecting these ancient writers to the contemporary analysis of thinkers like Alasdair MacIntyre James Davison Hunter Lesslie Newbigin and Stanley Hauerwas Chang puts forth his own bold recommendations for Christian rhetoric in the twenty first century This book will be of vital interest to a wide audience Scholars will find a fresh reading of these important texts Pastors and teachers of evangelism and apologetics will discover crucial resources from our Christian past And all Christians seeking a faithful strategy for communicating the gospel will receive inspiration and hope for today

*Every Square Inch* Bruce Riley Ashford, 2015-03-10 Jesus is Lord over everything So his lordship should shape every aspect of life But what impact does faith really have on our day today existence And how should we as Christians interact with the culture In *Every Square Inch* Bruce Ashford skillfully navigates such questions Drawing on sources like Abraham Kuyper C S Lewis and Francis Schaeffer he shows how our faith is relevant to all dimensions of culture The gospel informs everything we do We cannot maintain the artificial distinction between sacred and secular We must proclaim Jesus with our lips and promote him with our lives no matter what cultural contexts we may find ourselves in *Beyond the Bounds* John Piper, Justin Taylor, Paul Kjoss Helseth, 2003-01-30 Everyone who believes in God at all believes that He knows what you and I are going to do tomorrow C S Lewis This understanding of God's foreknowledge has united the church for twenty centuries But advocates of open theism are presenting a different vision of God and a different view of the future The rise of open theism within evangelicalism has raised a host of questions Was classical theism decisively tainted by Greek philosophy How should we understand passages that tell us that God repents Are essentials of biblical Christianity like the inerrancy of Scripture the trustworthiness of God and the Gospel of Christ at stake in this debate Where when and why should we draw new boundaries and is open theism beyond them *Beyond the Bounds* brings together a respected team of scholars to examine the latest literature address these questions and give guidance to the church in this time of controversy Contributors include John Piper Wayne Grudem Michael S Horton Bruce A Ware Mark R Talbot A B Caneday Stephen J Wellum Justin Taylor Paul

Kjoss Helseth Chad Brand William C Davis Russell Fuller We have prepared this book to address the issue of boundaries and we pray bring some remedy to the present and impending pain of embracing open theism as a legitimate Christian vision of God As a pastor who longs to be biblical and God centered and Christ exalting and eternally helpful to my people I see open theism as theologically ruinous dishonoring to God belittling to Christ and pastorally hurtful My prayer is that Christian leaders will come to see it this way and thus love the church by counting open theism beyond the bounds of orthodox Christian teaching From the Foreword by John Piper     The Gospel After Christendom Zondervan,2025-09-16 Even after Christendom our culture is fertile ground for gospel renewal We need apologetics for the whole church tailored to this moment Since the fall of Christendom Christians in Western countries can no longer assume their neighbors share basic familiarity with the Bible or even a sense for God We now face a strange mixture of apathy and antagonism toward the gospel Some people view Christianity as yesterday s news For others it s the source of today s problems Lately though more and more are open to the idea that Christianity may be tomorrow s hope Amid these confusing and conflicting shifts we need apologetics for the whole church and not just for those who enjoy arguing Cultural apologetics can help uncover opportunities to proclaim the gospel as the only way to fulfill longings for truth beauty and goodness Churches that embrace this approach can be strengthened and renewed as they demonstrate an appealing and convicting way of life that stands out in the world In *The Gospel after Christendom* scholars and practitioners from the Keller Center for Cultural Apologetics define cultural apologetics explain its biblical and historical grounding and demonstrate its importance for the church today Their diverse viewpoints united in the gospel offer a balanced approach that can guide Christians to share the Good News with their neighbors in this challenging but exciting time With contributions from Sam Chan Joshua D Chatraw James P Eglinton Skyler R Flowers Rachel Gilson Collin Hansen Rebecca McLaughlin Ivan Mesa Alan Noble Gavin Ortlund Derek Rishmawy Daniel Strange Bob Thune Christopher Watkin Trevin Wax     Augustine's Theology of Preaching Peter T. Sanlon,2014 Scholarship has painted many pictures of Augustine but the picture of Augustine as preacher says Sanlon has been seriously neglected When academics marginalize the *Sermones ad Populum* the real Augustine is not presented accurately In this study Sanlon does more however than rehabilitate a neglected view of Augustine By presenting Augustines thought on preaching to contemporary readers Sanlon contributes a major new piece to the ongoing reconsideration of preaching in the modern day a consideration that is relevant to all branches of the twenty first century church     *The Augustine Way* Joshua D. Chatraw,Mark D. Allen,2023-05-30 What can we learn from Augustine about apologetics This book shows how Augustine defended the faith in late antiquity and how his approach to engaging the culture has great significance for the apologetic task today Joshua Chatraw and Mark Allen coauthors of the award winning *Apologetics at the Cross* an Outreach magazine and Gospel Coalition Resource of the Year recover Augustine s mature apologetic voice to address the challenges facing today s church *The Augustine Way* offers a compelling argument for Christian witness that is

rooted in tradition and engaged with contemporary culture It focuses on Augustine s best known works Confessions and The City of God to retrieve his scriptural and ecclesial approach for a holistic apologetic witness This book will be useful for students as well as for pastors church leaders and practitioners of Christian apologetics It puts pastors and churches back at the center of apologetics transcending popular contemporary methods with a view to a more effective witness in post

Christendom **The Gospel According to Relativity , Apologetics for a New Generation** Sean

McDowell,2009-03-01 Many teenagers leave home for college but don t take their faith with them Popular writer and speaker Sean McDowell offers a solution for this problem a new way of approaching faith that addresses the questions the emerging generation is asking and that incorporates a radically humble and relational approach An impressive list of contributors including Dan Kimball They Like Jesus but Not the Church Brian Godawa Hollywood Worldviews and Josh McDowell show that today s apologetics must employ a clear connection with everyday lifean invitation for people to express their doubts and wrestle with tough questionsa culturally savvy understanding of the way secular people view Christiansan engaging methodology that captures the imagination before engaging the minda strong emphasis on the resurrection and how it changes everything This resource is imperative for leaders who are ready to engage a new generation with the claims of Christ **A Commentary on The Baptist Faith and Message 2000** T. J. Milam,2008 Christian Philosophy Craig G.

Bartholomew,Michael W. Goheen,2013-10-15 This third book in a series of successful introductory textbooks by Craig Bartholomew and Michael Goheen builds on their previous projects The Drama of Scripture and Living at the Crossroads to offer a comprehensive narrative of philosophical thought from a distinctly Christian perspective After exploring the interaction among Scripture worldview theology and philosophy the authors tell the story of philosophy from ancient Greece through postmodern times positioning the philosophers in their historical contexts and providing Christian critique along the way The authors emphasize the Reformed philosophical tradition without neglecting other historical trajectories and show how philosophical thought relates to contemporary life *The Doctrine of Creation* Bruce Riley Ashford,Craig G.

Bartholomew,2020-11-10 According to Bruce Ashford and Craig Bartholomew one of the best sources for regaining a robust biblical doctrine of creation is the recovery of Dutch neo Calvinism Tracing historical treatments and exploring theological themes Ashford and Bartholomew develop the Kuyperian tradition s rich resources on creation for systematic theology and the life of the church today **In Plain Sight** Dr. R. Curtis Royal,2013-02-15 IN PLAIN SIGHT SEARCHING FOR A MORE

EXCELLENT WAY addresses the ongoing exodus from western churches Census records remind us there are two to three times more Christians than go to church Interestingly the increase of Christianity in third world countries is remarkable Western churches are suffering a massive dislocation from both society and from Christianity in general What is suggested in this book is exactly the sort of process God enables allows while preparing the next stage of a grand plan in the drama of human redemption We must search for a more excellent way Tolerant Spirit is paramount in hearing the voice of the Spirit

along the spiritual journey IN PLAIN SIGHT extends the sacred conversation to all fellow travelers aspiring to discover or regain their spiritual compasses in being faithful to a true and living God who rules and reigns beyond our many fallible conceptions of divine governance in the world and the interaction of divine initiative and human responsibility The problem of forging a new paradigm in the churches for a new age is a sacred conversation about rethinking divine activity and personal and corporate faithfulness We must become much more intentional about developing a theology of grace which thoroughly encompasses serious crises and problems of all spiritual pilgrims travelers and persons of sincere faith

**Overlapping Territories** Bambang Sugiharto, Roy Voragen, 2011-05-25 The post Cold War situation has given way to a new and unprecedented constellation of global interrelations The power constellation today is not only multi polar but rather chaotic its configuration keeps shifting and it is determined not simply by new emerging super powers but also by any seemingly small events in non linear modes of interaction The interdependency between communities somehow makes significant changes unpredictable Such an interdependent yet chaotic world order in turn raises new philosophical questions Identity culture and civilization cannot be understood anymore simply in terms of traditional categories These categories are called into question through mutual interrogation and mutual enlargement of horizons and this inevitably entails hybridization and pluralization The Asian voices included in this book speak of recognition of and respect for the otherness the other outside as well as inside The writers mostly see globalization as well as their own cultural positions through dialogical imagination in which a Western philosophical framework is deployed to find out their Asian positions and the reverse the Asian reality is used to problematize the Western framework Thereby this book attempts to shed light on the question of how we are to understand culture and civilization *Christian-Muslim Relations. A Bibliographical History.*

*The Unformed Conscience of Evangelicalism* J. Daryl Charles, 2002-01-01 J Daryl Charles urges the evangelical church to better equip in character and moral vision its pastors leaders and members to constructively and effectively engage the ethical debates of the twenty first century

**Is Your Church Ready?** Ravi Zacharias, Norman L. Geisler, 2003 A ministry resource for motivating all Christians to become thoughtful apologists of their faith Although apologetics is as crucial today as it has ever been the classical model for defending the faith often seems irrelevant to the 21st century where people listen with their eyes and think with their emotions Is Your Church Ready Presents a team of highly qualified Christian thinkers including Ravi Zacharias John Guest Jay Budziszewski Judy Salisbury Dean Halverson and Peter Grant who build a case for the place of apologetics in the local church home and school Using personal examples and illustrations they address How to answer objections to Christianity How to equip children in the home and prepare youth to remain committed to Christ after

they leave for college How to reach international students and the foreign born Included are discussion questions and a Church Leaders Resource Guide to the best books articles organizations and websites on the subject     **Christianity**

**Encountering World Religions (Encountering Mission)** Terry C. Muck, Frances S. Adeney, 2009-04-01 The current religious climate poses unique challenges to those engaged in mission Thus the authors of this book propose a new yet very biblical model for interacting with people of other faiths They term this model giftive mission as it is based on the metaphor of free gift We bear the greatest gift possible the gospel message Adopting this perspective not only has the potential for greater missionary success but also enables us to more closely imitate God s gracious activity in the world The core of the book explores eleven practices that characterize giftive mission Each practice is illustrated through the story of a figure from mission history who embodied that practice Further discussion shows how to incorporate these practices in specific mission settings     **Faith Has Its Reasons** Kenneth Boa, Robert M. Bowman Jr., 2012-01-05 A most accessible but thoroughly practical primer on apologetics     *Reimagining Apologetics* Justin Ariel Bailey, 2020-10-13 How should one proclaim of the gospel of Jesus Christ in a secular age Seeking to infuse apologetics with an appeal to the imagination the aesthetic and the affective Justin Bailey engages with two examples of those who have done apologetics through the imagination George MacDonald and Marilynne Robinson     **Pentecostal Theology for the Twenty-First Century** May Ling Tan-Chow, 2016-05-13 In our post 9 11 world where there is a growing religious fundamentalism and when both exclusion and easy tolerance are inadequate options this book offers a creative alternative arguing that Pentecostalism has the potential to be a peaceful harbinger of plurality The potential lies in its spirituality a lively pneumatology and eschatology The eschatological Spirit is seen as orientated towards the other crossing boundaries in redemptive embrace transcending exclusion and easy tolerance This book s non Western perspective and the empirical contextual study of Singapore s multicultural and multi faith context are unique contributions to religion and society This is a book for students pastors teachers and theologians concerned for an approach to mission that is sensitive to their context who want to learn from a creative theological voice from what has been perhaps the largest religious movement in history and who see the immense potential in lively theology by Christians of the Chinese diaspora who can speak to the many millions of ethnic Chinese Christians This book will also appeal to those outside Christianity who are interested in its attempts to engage with a complex multi ethnic and multi religious situation such as that in Singapore
