Engendering Origins Critical Feminist Readings In Plato And Aristotle:

Engendering Origins Bat-Ami Bar On,1994-01-01 This book introduces feminist voices into the study of Platonic and Aristotelian texts that modern Western philosophy has treated as foundational The book concerns the extent to which Platonic and Aristotelian texts are un redeemably sexist masculinist or phallogocentric Women's Political and Social Thought Hilda L. Smith,Berenice A. Carroll,2000 a wide array of time periods cultures and formats Library Journal The first collection of source readings of women s important writings in political and social theory from ancient times to the twentieth century From Sappho of Lesbos to Mary Wollstonecraft and from Jane Addams to Simone Weil these works fill a major gap in materials available for teaching the history of political thought and opens paths for exploring the rich and diverse contributions of women as creators of theory Feminist Interpretations of Aristotle Cynthia A. Freeland,2010-11-01 Aristotle still influences our abstract thinking our search for principles and our reflections on virtue nature essence and sexual difference Feminists here concede that they too philosophize within the tradition founded by the ancient Greeks The contributors to this volume enter into new creative and subtle dimensions of inquiry about Aristotle from a broader feminist perspective Feminist Reflections on the History of Philosophy Lilli Alanen,Charlotte Witt,2006-01-17 Feminist work in the history of philosophy has come of age as an innovative field in the history of philosophy This volume marks that accomplishment with original essays by leading feminist scholars who ask basic questions What is distinctive of feminist work in the history of philosophy Is there a method that is distinctive of feminist historical work How can women philosophers be meaningfully included in the history of the discipline Who counts as a philosopher This collection is a unique collaboration among philosophers from North America and the Nordic Countries including papers written from both analytic and continental philosophical perspectives and discussing both ancient and modern philosophers Feminist Reflections on the History of Philosophy will be of interest to historians of philosophy feminist theorists women s studies faculty and students and humanists interested in canon formation and transformation *Modern Engendering* Bat-Ami Bar On,1994 *The Oxford Handbook of Feminist Philosophy* Ásta,Kim Q. Hall,2021-05-07 This Handbook offers an overview of the contemporary state of the field in feminist philosophy The editors introduction and forty five essays cover feminist critical engagements with and contributions to philosophy and other scholarly fields as well as feminist approaches to some of the current and crucial issues known across the world The volume provides a rigorous but accessible resource for students and scholars interested in diverse approaches within feminist philosophy and how feminist philosophers situate their work within the philosophical mainstream and other disciplines **The Cambridge Companion to Aristotle's Politics** Marguerite Deslauriers,Pierre Destrée,2013-08-29 This volume provides an overview of political problems as Aristotle conceived of them his Politics **An Aristotelian Feminism** Sarah Borden Sharkey,2016-08-01 This book articulates the theoretical outlines of a feminism developed from Aristotle s metaphysics making a new contribution to feminist theory Readers will discover why

Aristotle was not a feminist and how he might have become one through an investigation of Aristotle and Aristotelian tradition The author shows how Aristotle s metaphysics can be used to articulate a particularly subtle and theoretically powerful understanding of gender that may offer a highly useful tool for distinctively feminist arguments This work builds on Martha Nussbaum s capabilities approach in a more explicitly and thoroughly hylomorphist way The author shows how Aristotle s hylomorphic model developed to run between the extremes of Platonic dualism and Democritean atomism can similarly be used today to articulate a view of gender that takes bodily differences seriously without reducing gender to biological determinations Although written for theorists this scholarly yet accessible book can be used to address more practical issues and the final chapter explores women in universities as one example This book will appeal to both feminists with limited familiarity with Aristotle s philosophy and scholars of Aristotle with limited familiarity with feminism

Modern Engendering Bat-Ami Bar On,1994-01-01 This book contains readings of canonical Western philosophical texts from the viewpoint of current feminist thinking The contributors specifically on the ways in which modern Western philosophy constructs genders and analyzes gender relations They provide a detailed analysis of modern philosophers conceptions of masculinity and femininity and call attention to the intertwining of gender with conceptual schema and networks Back cover
