Hecker Studies Essays On The Thought Of Isaac Hecker:

Hecker Studies John Farina, 1983 Five essays offering analysis of Hecker's thought from the perspectives of church history political science theology and psychology **Isaac Thomas Hecker** John J. Behnke, CSP, 2017 The life of Fr Isaac Hecker with illustrations Fr Hecker founder of the Missionary Society of St Paul the Apostle deserves to be counted as the most significant Catholic figure in nineteenth century America *Catholic Converts* Patrick Allitt, 2018-08-06 From the early nineteenth to the mid twentieth century an impressive group of English speaking intellectuals converted to Catholicism Outspoken and gifted they intended to show the fallacies of religious skeptics and place Catholicism once again at the center of western intellectual life The lives of individual converts such as John Henry Newman G K Chesterton Thomas Merton and Dorothy Day have been well documented but Patrick Allitt has written the first account of converts collective impact on Catholic intellectual life His book is also the first to characterize the distinctive style of Catholicism they helped to create and the first to investigate the extensive contacts among Catholic convert writers in the United States and Britain Allitt explains how despite the Church's dogmatic style and hierarchical structure converts working in the areas of history science literature and philosophy maintained that Catholicism was intellectually liberating British and American converts followed each other's progress closely visiting each other and sending work back and forth across the Atlantic The outcome of their labors was not what the converts had hoped Although they influenced the Catholic Church for three or four generations they were unable to restore it to the central place in Western intellectual life that it had enjoyed before the Reformation

Encyclopedia of Religious Controversies in the United States Bill J. Leonard, Jill Y. Crainshaw, 2012-12-05 This book provides a thorough introduction to historical and contemporary issues in American religion tackling controversial hot button topics such as abortion Intelligent Design and Scientology Surveying key aspects of the controversial issues persons and religious groups of today *Encyclopedia of Religious Controversies in the United States* Second Edition is a thorough update and expansion of the first edition of this book This two volume work contains many new entries that reflect current 21st century religious controversies Written by a variety of scholars with varying specializations the content covers major people ideas terms institutions groups books and events The A Z format allows for easy location of materials a chronology of developments and events enables readers to trace the development of contentious topics over time and a section of primary document excerpts gives readers further perspective on the issues **Thomas Verner Moore** Benedict Neenan, 2000 Thomas Verner Moore 1877 1969 priest author teacher and practical psychiatrist was one of the first advocates of modern psychology among Roman Catholics in the United States In this fascinating biography Benedict Neenan brings to life this man of staggering accomplishments and recounts the many twists and turns he took in the search for his professional and spiritual development Skillfully intertwining the dramatic interaction between Moore's intense activism and his deeply felt need for contemplation and asceticism Neenan points out the many paradoxes and tensions of his rich and eventful life For

example Moore started out in his adult religious life as a member of one of the most progressive and distinctly American religious communities the Paulists and ended it as a member of one of the most traditional orders the Carthusians Besides detailing the life of this accomplished man this work offers a glimpse into American Catholic life American social life in the first half of the twentieth century **Encyclopedia of Catholicism** Frank K. Flinn,2007 Covers the key people movements institutions practices and doctrines of Roman Catholicism from its earliest origins R sum de l diteur Alexis de Tocqueville and American Intellectuals Matthew J. Mancini,2006 Comprehensive in its chronology the works it discusses and the commentators it critically examines Alexis de Tocqueville and American Intellectuals tells the surprising story of Tocqueville s reception in American thought and culture from the time of his 1831 visit to the United States to the turn of the twenty first century **U.S. Catholic Historian** ,1997 **The Origins of Moral Theology in the United States** Charles E. Curran,1997-02-01 Charles E Curran presents the first in depth analysis of the origins of Catholic moral theology in the United States focusing on three significant figures in the late nineteenth century and demonstrating that methodological pluralism and theological diversity existed in the Church even then Curran begins by tracing the historical development of moral theology especially as presented in nineteenth century manuals of moral theology which offered a legal model of morality including a heavy emphasis on canon law He then probes the different approaches and ideas of three important writers Aloysius Sabetti a Jesuit who was a typical as well as the most influential American manualist Thomas J Bouquillon first chair of moral theology at Catholic University of America a neoscholastic who criticized the manuals approach as narrow and incomplete for failing to address principles virtues and the connection to systematic theology and clerical educator John B Hogan a casuist who developed a more inductive and historically conscious methodology Curran describes how all three men dealt in different ways with the increasing role of authoritative teachings in moral theology from the Vatican He also shows how they reflected their American context and the views of their own time on women and sexuality So little attention has been paid to the development of moral theology in this country that these authors are unknown to many scholars Curran s book corrects this oversight and proposes that the ferment revealed in their writings offers important lessons for contemporary Catholic moral theology Making Catholic America William S. Cossen,2023-08-15 In Making Catholic America William S Cossen shows how Catholic men and women worked to prove themselves to be model American citizens in the decades between the Civil War and the Great Depression Far from being outsiders in American history Catholics took command of public life in the early twentieth century claiming leadership in the growing American nation They produced their own version of American history and claimed the power to remake the nation in their own image arguing that they were the country s most faithful supporters of freedom and liberty and that their church had birthed American independence Making Catholic America offers a new interpretation of American life in the Gilded Age and Progressive Era demonstrating the surprising success of an often embattled religious group in securing for itself a place in the national community and in

profoundly altering what it meant to be an American in the modern world **Encyclopedia of Christianity in the United States** George Thomas Kurian, Mark A. Lamport, 2016-11-10 From the Founding Fathers through the present Christianity has exercised powerful influence in the United States from its role in shaping politics and social institutions to its hand in inspiring art and culture The Encyclopedia of Christianity in the United States outlines the myriad roles Christianity has played and continues to play This masterful five volume reference work includes biographies of major figures in the Christian church in the United States influential religious documents and Supreme Court decisions and information on theology and theologians denominations faith based organizations immigration art from decorative arts and film to music and literature evangelism and crusades the significant role of women racial issues civil religion and more The first volume opens with introductory essays that provide snapshots of Christianity in the U S from pre colonial times to the present as well as a statistical profile and a timeline of key dates and events Entries are organized from A to Z The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world as well as a select yet comprehensive bibliography Appendices help readers locate entries by thematic section and author and a comprehensive index further aids navigation *Weaving the American Catholic Tapestry* Derek C. Hatch, Timothy R. Gabrielli, 2017-03-28 Concerned that American Catholic theology has struggled to find its own voice for much of its history William Portier has spent virtually his entire scholarly career recovering a usable past for Catholics on the U S landscape This work of ressourcement has stood at the intersection of several disciplines and has unlocked the beauty of American Catholic life and thought These essays which are offered in honor of Portier s life and work emerge from his vision for American Catholicism where Scripture tradition reason and experience are distinct but interwoven and inextricably linked with one another As this volume details such a path is not merely about scholarly endeavors but involves the pursuit of holiness in the real world American Catholic Religious Thought Patrick W. Carey, 2004 Annotation As American Catholics and other Americans move into the twenty first century it might be helpful to re assess American Catholic religious and social thought during the past two centuries Have American Catholics produced any creative theological responses to the issues and forces that confronted them over the past two centuries Have they added anything worthwhile to the classical European formulations Have they developed some of their own traditions that need critiques in our own day In his introduction to this collection of original writings Patrick Carey argues that American Catholics from John Carroll to John Courtney Murray have exhibited a fresh vigorous ability to engage the great religious and social questions of their time in creative continuity with their inherited tradition and sometimes in capitulation to the culture in which they lived Whether they were responding to the Enlightenment or to the Romantic mood to the slavery and capitalism to Modernism to Neo Scholasticism or to twentieth century problems of social justice Catholic Americans have produced a stimulating theological commentary that is worth re examining This book has been designed to make that tradition on American Catholic thought more accessible Included are

the writings of leading figures John England Orestes Brownson Isaac Hecker Martin John Spalding John Ireland John Hughes Dorothy Day Virgil Michel and others Introduced by a major interpretive essay that traces the development of Catholic religious and social thinking in America this work provides an outstanding resource to students of American Catholicism and American history *The American Renaissance in New England* Wesley T. Mott, 2001 Contains biographical sketches of authors who wrote or began publishing their major works during the American Renaissance in New England between 1830 and 1860 Wide scope of authors includes novelists poets essayists editors humorists translators compilers journalists reformers abolitionists scientists lexicographers special attention is given to the Transcendental authors headed by Emerson and Thoreau

The Oxford Dictionary of the Christian Church Andrew Louth, 2022-02-17 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics In this new edition great efforts have been made to increase and strengthen coverage of non Anglican denominations for example non Western European Christianity as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe In particular there have been extensive additions with regards to the Christian Church in Asia Africa Latin America North America and Australasia Significant updates have also been included on topics such as liturgy Canon Law recent international developments non Anglican missionary activity and the increasingly important area of moral and pastoral theology among many others Since its first appearance in 1957 the ODCC has established itself as an essential resource for ordinands clergy and members of religious orders and an invaluable tool for academics teachers and students of church history and theology as well as for the general reader

Out of Our Minds Felipe Fernández-Armesto, 2020-10-06 A stimulating history of how the imagination interacted with its sibling psychological faculties emotion perception and reason to shape the history of human mental life The Wall Street Journal To imagine to see what is not there is the startling ability that has fueled human development and innovation through the centuries As a species we stand alone in our remarkable capacity to refashion the world after the picture in our minds Traversing the realms of science politics religion culture philosophy and history Felipe Fern ndez Armesto reveals the thrilling and disquieting tales of our imaginative leaps from the first Homo sapiens to the present day Through groundbreaking insights in cognitive science Fern ndez Armesto explores how and why we have ideas in the first place providing a tantalizing glimpse into who we are and what we might yet accomplish Unearthing historical evidence he begins by reconstructing the thoughts of our Paleolithic ancestors to reveal the subtlety and profundity of the thinking of early humans A masterful paean to the human imagination from a wonderfully elegant thinker Out of Our Minds shows that bad ideas are often more influential than good ones that the oldest recoverable thoughts

include some of the best that ideas of Western origin often issued from exchanges with the wider world and that the pace of innovative thinking is under threat *Living Stones* Joseph P. Chinnici,1996 **American Religious Leaders** Timothy L. Hall,2014-05-14 Profiles the lives and achievements of more than 270 spiritual leaders arranged alphabetically who made major contributions to the history of American religious life Good Intentions Steven P Millies,2018-04-11 The 2016 presidential election was unlike any other in American history Polls tell us that millions of American Catholics who care about moral issues and who descended from immigrants supported Donald Trump Why didn t Trump s rhetoric on immigration and his promises to close the borders trouble more American Catholics Despite his own vulgar behavior his unconcealed selfishness or his still recent support for abortion rights why were some serious Catholics drawn to Trump In *Good Intentions* Steven P Millies uncovers the history of how American Catholics came to this More than that *Good Intentions* offers an explanation for why Catholics behaved the way they did in 2016 with some practical reflections about how to put Catholic faith to better use in American politics Prophets, Guardians, and Saints Owen F. Cummings,2007 This book seeks to explore various aspects of nineteenth century Catholic tradition as embodied in its movements such as Modernism and in Vatican Council I but especially through its people its popes theologians and saints BOOK JACKET
