Hedging Simple Strategies For Protecting Your Profits:

Business of Share Trading Leon Wilson, 2012-05-09 Successful trader and best selling author Leon Wilson knows how to make a living trading on the sharemarket. He also knows that because trading requires discipline, time and self education, 90 per cent of those who attempt it will fail within two years. In concise and clear language, *The Business of Share Trading* second edition shows how you can take control and profit from an active sharemarket portfolio. From developing a plan and financing your capital investment to setting up a home office and keeping accurate records, this newly expanded edition offers step by step guidance to all aspects of running a successful trading business. Updated to reflect the changes that have occurred in the industry over the past decade, *The Business of Share Trading* contains everything you need to know about Fundamental, technical and combination analysis. Dealing with brokers, data suppliers, ISPs and information sources. Trend trading, break out trading and reversal trading. Trade entities and exits, position sizing and stop loss management. **The Wiley Trading Guide** Wiley, 2011-04-06 Australia's 1 business publisher is proud to publish *The Wiley Trading Guide* including writing from some of the best trading authors and professionals operating in Australia and the US. With new material from some of Wiley's best selling trading authors including Louise Bedford, Daryl Guppy, Chris Tate, Stuart McPhee and more, this guide is the must have book for traders looking to capitalise on the market recovery in 2010. Hot topics covered include Forex, futures, charting, CFDs, computerised trading, trading plans and trading psychology. *Hedging* Guy Bower, 2002-04-30 *Hedging Simple Strategies for Protecting Profits* looks at ways investors can protect their portfolios from downtrending or flat markets or the short term fluctuations in share prices. The book discusses derivatives such as options, warrants and futures contracts and some of the newer products such as CaPELS and Equity Linked Notes. It also offers strategies using these products to help investors cope with various investment scenarios. More than a purely theoretical book, *Hedging* is also a practical workbook with plenty of resources listed to help you find the information you need on your chosen market. There are quick questions at the end of each chapter where readers can test their knowledge with real life examples and hypothetical trading situations. Perhaps most importantly, Guy Bower debunks some of the common myths about trading derivatives and proves that it doesn't need to be complicated. It's not excessively risky. It can be done as successfully by private traders as by the professionals. **Top 16 Options Trading Strategies — Simplified** Ashish Singh, 2025-04-01 Discover and Master 16 Powerful Strategies for Trading Options in Bullish, Bearish and Sideways Markets and when and how to use each one. This book is your ready reference guide for trading options in different market conditions. Starting with the essentials, it helps you master 16 popular and powerful options strategies for bullish, bearish and range bound markets. It will also help you select the right strategy to use based on the prevailing market situation. Here is how: Simple and clear explanation of each strategy. The trade set up of each strategy. When to initiate and exit the trade. Break even point and payoff scenarios for each strategy. How option Greeks impact option premiums and profitability. Hedging strategies for protecting

your portfolio Plus Strategy Selection Ready Reckoner with specific guidance on how and when to deploy each strategy You can often end up losing profitable trading opportunities if you don't know which strategy to trade when This book resolves such issues and confusion by equipping you with the knowledge and confidence to select and deploy the right strategy which is in sync with the market
