## **Gordon Craig On Movement And Dance:**

**Gordon Craig on Movement and Dance** Edward Gordon Craig, 1872-1966 is particularly known among theatre practitioners and students of the theatre as a pioneer in what has been referred to as the new movement in the theatre commencing with his experimental productions in the early years of the twentieth century and his first book *The Art of the Theatre* published in 1905. Although labelled an impractical dreamer by his detractors he successfully designed and produced a baker's dozen of plays and operas ranging from the amateur *Dido and Aeneas* in 1900 to the renowned co-production with Constantin Stanislavsky of *Hamlet* at the Moscow Art Theatre from the highly revolutionary production of Ibsen's *The Vikings* in 1903 under Ellen Terry's management with her appearing as Hjordis to Ibsen's *The Pretenders* for The Royal Theatre in Copenhagen in the 20s. However his greatest influence on the modern theatre was due only in part to the actual productions far greater in importance were his visionary prophetic approaches to a new theatre in which for once all components would be united under the creative artistic impulse of a single person an approach taken for granted today. Although this is frequently thought to be his major contribution there were of course many others because of Craig's extremely fertile and inventive imagination and devotion to theatre. One little known aspect of his prolific outpouring of books, articles, book reviews, letters etc is the considerable attention he paid to dance in its various manifestations. Gathered here are all the known published writings by Craig on movement and dance: articles, notes, editorials, book reviews ranging over a wide variety of material from pieces concerning themselves with theory to classic ballet (Clerico Cortesi, Guimard, Lambranzi, Taglioni, Pavlova, Nijinsky, Rubinstein), ethnic and folk dance from the Far East to England to modern dance (Morris, Enters, Duncan, Fuller, St Den, Shaw, and Dalcroze). Craig's *bête noire*, Diaghilev's Russian Ballet received considerable attention from him in many pieces for many years. In order to produce so much material Craig not only used his own name but resorted to an earlier subterfuge that of pseudonyms. In his magazine *The Mask* we find that he used some sixty-six not all represented here however because of the subject limitation. Included here are also a number of short unsigned pieces which may or may not have served as yet another mask for Craig but are assigned to him by the editor to provide a more detailed picture. Omitted are a few articles on dance not written by Craig but by other real people for *The Mask*. It is hoped this work will bring to the surface another facet of Craig's involvement in total theatre. **Gordon Craig**

**on Movement and Dance** **Craig on Movement and Dance** Edward Gordon Craig, 1977 *Migrating Modernist Performance* Claire Warden, 2016-10-13 Exploring the experiences of early to mid twentieth century British theatre makers in Russia this book imagines how these travellers interpreted Russian realism, symbolism, constructivism, agitprop, pageantry, dance or cinema. With some searching for an alternative to the corporate West End, some for experimental techniques and others still for methods that might politically inspire their audiences, did these journeys make any differences to their practice? And how did distinctly Russian techniques affect British theatre history? *Migrating Modernist Performance* seeks to answer

these questions reimagining the experiences and creative output of a range of often under researched practitioners What emerges is a dynamic collection of performances that bridge geographical aesthetic chronological and political divides

**Dances of the Self in Heinrich Von Kleist, E. T. A. Hoffman and Heinrich Heine** Lucia Ruprecht, 2006 Dances of the Self in Heinrich von Kleist E T A Hoffmann and Heinrich Heine brings to light little known German resources on dance by juxtaposing cultural history with aesthetic theory and close readings of literary works Joining performance studies with psychoanalytical theory Lucia Ruprecht addresses dance as a performative exercise which constitutes a decisive force within the formation of subjectivity that is enacted in the literary texts *Ellen Terry, Player in Her Time* Nina

Auerbach, 1997-01-29 Nina Auerbach brilliantly reveals the Ellen Terry whose roles on stage and off embodied everything that a rapidly changing world exhorted women to be **Dancing Modernism / Performing Politics** Mark

Franko, 1995-08-22 almost every page offers provocative commentary on the aesthetics and politics of modern dance Signs an important step in the ineluctable dance by postmodern historians across a bridge that spans the gaps among disciplines between theory and practice and between present and past Theatre Journal This complex and important book needs to be read by anyone interested in dance history or the cultural politics of dance Dance Theatre Journal Mark Franko's Dancing Modernism Performing Politics is challenging groundbreaking insightful and I believe an important contribution to the field of dance scholarship Dance Research Journal A revisionary account of the evolution of modern dance in which Mark Franko calls for a historicization of aesthetics that considers the often ignored political dimension of expressive action Includes an appendix of articles of left wing dance theory which flourished during the 1930s **Performing Otherness** M.

Cohen, 2010-10-27 A far reaching examination of exoticism cultural internationalism and modernism's encounters with Indonesian tradition Performing Otherness examines how Indonesia entered world stages through imperialism as an antimodern phantasm and through nationalism became a means of intercultural communication and cultural diplomacy

**Masques, Mayings and Music-dramas** Roger Savage, 2014 Masques Mayings and Music Dramas comprises a sequence of in depth case studies of significant aspects of early twentieth century English music theatre Vaughan Williams forms a central thread in this discussion and Stratford upon Avon serves as a geographical focus point for mediating conflicting visions of an English musical tradition But the reach of the book is much wider shedding new light on English Wagnerism at Glastonbury especially and on the reception of Wagner's ideas as a point of emulation and resistance No less significant is the discussion of Purcell and the seventeenth century masque one of the primary sources for re imagining an English dramatic tradition and the more familiar images of the May festival the Mummers play and the pageant play which are tellingly re contextualised The book also looks at the associations between Vaughan Williams the theatre artist Edward Gordon Craig and the impresario Serge Diaghilev The sequence is framed by the image of the pilgrim vagabond Vaughan Williams's setting of the poetry of Matthew Arnold and Robert Louis Stevenson as a metaphor and paradigm for his creative

career and personal progress The book not only sheds light on the activities and ambitions of principal agents but also illuminates a particularly dynamic moment in the re emergence of a distinctively English music theatrical practice one especially concerned with calling on aspects of the past to help to secure a worthwhile future Notions of Englishness turn out to be less insular than sometimes thought and the idea of a musical renaissance more complex when the case studies are understood in their proper historical context Scholars and students of twentieth century English music theatre and opera will find this volume indispensable Roger Savage is Honorary Fellow in English Literature at the University of Edinburgh He has published widely on theatre and its interface with music from the baroque to the twentieth century in leading journals and books
