The Gospel of Matthew and Its Readers Howard Clarke,2003-08-07 The Gospel of Matthew and Its Readers is a biblical commentary with a difference Howard Clarke first establishes contemporary scholarship s mainstream view of Matthew s Gospel and then presents a sampling of the ways this text has been read understood and applied through two millennia By referring forward to Matthew s readers rather than back to the text s composers the book exploits the tensions between what contemporary scholars understand to be the intent of the author of Matthew and the quite different indeed often eccentric and bizarre ways this text has been understood assimilated and applied over the years The commentary is a testament to the ambiguities and elasticity of the text and a cogent reminder that interpretations are not fixed nor texts immutably relevant And unlike other commentaries this one gives space to those who have questioned rejected or even ridiculed Matthew s messages since Bible bashing like Bible thumping is a historically significant part of the experience of reading the Bible

Matthew's Account of the Massacre of the Innocents in Light of its Reception History Sung J. Cho,2021-10-21 Sung Cho addresses the seeming contradiction of Herod the Great's massacre in Matthew 2 16 18 questioning why such a tragedy had to occur why it was included in the good news of Jesus and what connection it has to ancient prophecies In creating a reception history of the Massacre of the Innocents Cho progresses through two millennia worth of interpretation and depiction to highlight key works for discussion Beginning with a close reading of Matthew 2 16 18 Cho moves to analyse depictions of the tragedy in the Early Patristic Tradition from the sixth century to the early modern period and thus to the present day complete with an examination of visual interpretations of the massacre Cho's examination provides a positive step to understanding the depths of human suffering with the help of many diverse perspectives.

Matthew and the Mishnah Akiva Cohen, 2016-06-10 Akiva Cohen investigates the general research question how do the authors of religious texts reconstruct their community identity and ethos in the absence of their central cult His particular socio historical focus of this more general question is how do the respective authors of the Gospel according to Matthew and the editor's of the Mishnah redefine their group identities following the destruction of the Second Temple Cohen further examines how after

the Destruction both the Matthean and the Mishnaic communities found and articulated their renewed community bearings and a new sense of vision through each of their respective author redactor's foundational texts. The context of this study is thus that of an inner Jewish phenomenon two Jewish groups seeking to re establish their community identity and ethos without the physical temple that had been the cultic center of their cosmos The Use of the Old Testament in Matthew 1-4 Erik Waaler, 2023-10-19 In this book Erik Waaler discusses how Matthew uses the Old Testament in Matthew 1 4 to describe Jesus as the Christ He debates the intricate system of changes that occur when a text is moved from one literary context to another and criticizes the current terminology of quotation allusion and echo for being too simplistic Issues like worldview metalepsis different sociological historic and linguistic contexts and development all have to be taken into consideration he argues as do the influence of both traditional interpretations known to Matthew and his primary audience as well as the intentional and unintentional changes this interaction causes These different methodological approaches are then applied to the study of recontextualization of the Old Testament in Matthew 1 4 The Bible, Christianity, and Culture Pavol Bargár, 2023-05-01 This book originated in the Donatio Universitatis Carolinae award and research support that Professor Petr Pokorn received in 2017 It was envisioned designed and originally conducted as a project exploring the biblical roots of Christian culture Experts in various theological and philosophical disciplines both from the Czech Republic and abroad were to probe this topic from their particular perspectives. The hoped for output was to be a coherent collective study of the proposed topic However due to the unexpected passing away of Prof Pokorn in early 2020 the project could not be executed according to the original plan Rather than a collective monograph therefore the present book is a collection of essays that investigate various aspects of the Bible and Christianity in their relation to culture as a broad human phenomenon The book is divided into two sections While the first section focuses on particular issues in the Bible the second addresses historical philosophical and cultural developments As Petr Pokorn was actively and importantly involved in the initial stages of the project two essays are written by him personally The whole book then is dedicated in his honor The History of Galilee. **47 BCE to 1260 CE** M. M. Silver, 2021-09-20 Several world cities are held in reverence by some or all three monotheistic faiths but no world region has allure to all three on a level matched by Galilee in northern Israel The region where Jesus came of age Galilee is where Christianity came into being as a communal faith it is where Judaism reinvented itself in rabbinic Talmudic form after the destruction of the Jerusalem Temple and it is where Islam established its place in the Holy Land following epochal military triumphs in the region s center or its outer rims The History of Galilee 47 BCE to 1260 CE From Josephus and Jesus to the Crusades tells Galilee's history from Josephus and Jesus to the Crusades in a multi cultural format and lively narrative voice This first of its kind publication will be a rich source of information and a catalyst of interfaith discussion among readers of varying backgrounds and interests The Last Historian in Galilee M. M. Silver, 2025-04-17 What do the history and cultures of Judaism and Christianity have to say about the most urgent and

complicated problems and crises of our times Is it a logical outcome of relations between these faiths that Israel is increasingly accused of colonialism or genocide and also vociferously defended against these charges by Christians and Jews in America and elsewhere Is the widespread sense that truth in politics and public life has become an endangered species also a logical outcome of how Jewish and Christian relations and affairs have evolved since the period of Jesus and the Second Temple through to the start of the twentieth century and up to today And what about these religions and their histories and the glaringly unequal distribution of wealth in democracies today The three essays in The Last Historian in Galilee examine the three broad issues laden within such questions money truth and power Branching out from the Galilee region of Jesus youth where fracture between the two religions first erupted these readable lively essays survey how the two religions have related to these topics for two thousand years They end with a no holds barred discussion of the three topics contemporary expressions as in debates about Zionist colonialism Jesus and the Gospels (2nd Edition) Craig Blomberg, 2020-05-21 A clear and comprehensive introduction to the study of Jesus and the Gospels Craig Blomberg's award winning Jesus and the Gospels prepares readers for an intensive study of Matthew Mark Luke John and the events they narrate Blomberg considers the historical context of the Gospels and sheds light on the confusing interpretations brought forth over the last two centuries This updated edition incorporates new scholarship debate critical methods and the ongoing quest for the historical Jesus and ensures the work will remain a valuable tool for exploring the life of Christ through the first four books of the New Testament The Last Sacrifice Robert T. Estorga, 2017-08-08 Factual Crucifixion Story based on new evidence What incredible events occurred at the Crucifixion that caused a hardened Centurion to proclaim Jesus Christ as the Son of God knowing that such failed allegiance to Caesar could cost him his life And it did For 2 000 years powerful messages delivered at the Crucifixion were deliberately hidden This book reveals those messages leaving no doubt as to Christ's true nature and mission Fictionalized Background Story based on historical events Some leaders of the doomed Third Reich escaped sparking a frantic hunt Fueling the hunt was an alleged claim made by Nazi Admiral Doenitz of an invulnerable fortress a paradise like oasis in the middle of eternal ice Years later an aging satellite inadvertently detected a cataclysmic event on or near a frozen region of the world that would have sealed the fate of such a fortress The event was officially denied Fiction As war erupts former archeologist Zachary Zac Gomes is coerced by friends compelled by an earth shattering discovery and finally kidnapped by a secret agency to recover a legendary relic stolen by post war Nazis All dedicate themselves in a climactic must win battle against an evil the world has to this day unwittingly embraced

**Essentials of Catholic Radicalism** Corneliu C. Simuţ,2011 The book describes the fundamental tenets of Catholic Radicalism defined as an understanding of Christianity from a perspective which dismisses the traditional supernatural image of God The essentials of Catholic Radicalism are extracted from the works of Vito Mancuso a lay Italian theologian whose intention is to rebuild Christian theology starting from the natural and physical reality of this world Mancuso insists

that he is a Catholic theologian despite his conviction that God should be seen today in atheistic terms which help us understand the world from a rational perspective The use of reason in theology is compulsory for Mancuso in order for theology to make sense in the skeptical society of our times which is characterized by a powerful lay consciousness The Sermon on the Mount and the Ewes of Ghana Frederick Mawusi Amevenku, 2023-11-07 Using socio rhetorical interpretation to study Matthew's Sermon on the Mount the book explores the contextual interpretation of the sermon among the Ghana Ewe The book argues that the Sermon on the Mount can be viewed as Jesus new kingdom gospel and a reinterpretation of the Mosaic law teaching not only ethics but also kingdom appropriate righteousness for theological and ethical renewal Kingdom appropriate righteousness is nurtured through daily exchanges with God leading to habitual forgiveness and subsequent divine perfection of love for God and one s enemies In the contemporary context kingdom appropriate righteousness challenges the deficient compulsory wealth prosperity gospel Christianity that is promoted in contemporary Ghana and elsewhere **God's Rational Warriors** Marion Ledwig, 2013-05-02 This book stands in the tradition of philosophers who advance the rationality of faith Yet this book goes beyond their accounts for it not only defends the view that faith can be termed rational but it also considers the different senses in which faith can be termed rational While this book advances the idea that faith as a general category can be termed rational it does not investigate in a detailed way whether there are arguments for the rationality of particular faiths which would go beyond the arguments for the rationality of faith as a general category Besides discussing whether betting on God in Pascal's wager and believing in miracles are forms of the rationality of faith I will provide unique solutions to the problem of evil and the paradoxes of omnipotence and *Matthew* Craig A. **Translation Theory and the Old Testament in Matthew** Woojin Chung, 2017-09-04 In Translation Theory and the Old Testament in Matthew Woojin Chung employs a rigorous method of Skopos theory to examine Matthew's citation technique in his infancy narrative and locates the specific purpose of his use of Scripture He argues that the complex nature of the formulaic quotations and allusion in Matthew 1 2 can be understood in light of new methodological insights The way Matthew cites the Old Testament for his communicative purpose is congruent to the approach of a Skopos translator who is motivated by a specific purpose of translation The theory of interpretation of his use of Scripture therefore can be informed The Emergence of Subjectivity in the Ancient and Medieval World Jon by the theory and method of translation Stewart, 2020-03-24 The Emergence of Subjectivity in the Ancient and Medieval World An Interpretation of Western Civilization represents a combination of different genres cultural history philosophical anthropology and textbook It follows a handful of different but interrelated themes through more than a dozen texts that were written over a period of several millennia and by means of an analysis of these texts presents a theory of the development of Western civilization from antiquity to the Middle Ages The main line of argument traces the various self conceptions of different cultures as they developed historically reflecting different views of what it is to be human The thesis of the volume is that through examination of these changes we can discern the gradual emergence of what we today call inwardness subjectivity and individual freedom As human civilization took its first tenuous steps it had a very limited conception of the individual Instead the dominant principle was that of the wider group the family clan or people Only in the course of history did the idea of what we now know as individuality begin to emerge and it took millennia for this idea to be fully recognized and developed The conception of human beings as having a sphere of inwardness and subjectivity subsequently had a sweeping impact on all aspects of culture including philosophy religion law and art indeed this notion largely constitutes what is today referred to as modernity It is easy to lose sight of the fact that this modern conception of human subjectivity was not simply something given but rather the result of a long process of historical and cultural development International Review Of Biblical Studies 2003-2004 Bernhard Lang,2005-01-01 Formerly known by its subtitle Internationale Zeitschriftenschau fur Bibelwissenschaft und Grenzgebiete the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950 s Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered
