Googie 50s Coffee Shop Architecture

JR Anderson

Googie 50s Coffee Shop Architecture:

Googie Alan Hess,1986 A look at the Googie School of Architecture particularly the metal framed angular designs employing lavish use of glass natural and unnatural stone tile and integrated landscaping which became a cachet for the proliferating coffee shops and drive in restaurants of the 1950s Cover **Googie Redux** Alan Hess,2004-10-14 The book that helped spark the retro craze for fifties architecture and introduced the term googie to the world is back First published by Chronicle in 1986 this key survey of mid century coffee shop and commercial architecture is still the standard work on the subject Googie Redux is a thoroughly revised and expanded edition of the classic and perennial top selling book that rekindled the craze for 1950s coffee shop and commercial architecture Long derided by critics as popular folly the style so named after John Lautner s eccentric Los Angeles coffee shop was emblematic of Southern California s car oriented architecture By the time of the first edition s debut these buildings were being demolished by the score Alan Hess 1985 Chronicle book did much not only to educate legitimize and popularize the style that characterized this endangered architecture but it helped spark a resurgence of interest into midcentury modern design Completely revised and significantly expanded in both text and images some of them recently unearthed for this edition this redesigned package features is still an entertaining and informative look at the rise fall and resurgence of the commercial architecture that changed the American landscape Includes a greatly expanded guided tour of the iconic buildings in Southern California *The Culture of Nature* Alexander Wilson,2019-10-10 Since it was first published in 1991 few books have come close to capturing the depth and breadth of Alexander Wilson s innovative ecocultural compendium *The Culture of Nature* His work was one of the first of its kind to investigate the ideology of the environment to critique the future according to Disney and illustrate that the ways we think teach talk about and construct the natural world are as important a terrain as the land itself Extensively illustrated and meticulously researched this edition is exquisitely revised and reissued for the Anthropocene **California. Court of Appeal (2nd Appellate District). Records and Briefs** California (State)., **The Palm Springs School: Desert Modernism 1934-1975** Alan Hess,2025-02-11 Palm Springs is at the center of a unique tradition in architecture marked by invention and a sensitivity to local conditions that has resulted in design that exerts an influence far greater than the town s small size The book is the first to fully explore the wide ranging forms this architecture has taken from houses to gas stations hotels to airports banks to restaurants and spas Much more than a resort destination Palm Springs has served as a laboratory of the Modern here so much architectural innovation and design took form From the steel and glass boxes of Richard Neutra to the earthy organic homes of John Lautner and everything in between the solutions of architects and designers including notably William F Cody E Stewart Williams and Albert Frey were diverse and are ever more relevant in the face of contemporary challenges Their answers addressed questions that still hold urgency How to design sustainably in harsh climates How to use technology efficiently and creatively to meet those challenges How to build affordable and high quality

mass produced housing How to reflect a region s culture economy and distinctive atmosphere Architects here responded to nature s climatological demands and Palm Springs became a center for innovations that were rooted in practice more than theory Benefitting from the architectural freedoms offered by the remoteness of the California desert designers explored new approaches that we can now identify as central to the Palm Springs School shown here in rich archival and contemporary photography

An Architectural Guidebook to Los Angeles Robert Winter,2009-09 Known as the bible to Los Angeles architecture scholars and enthusiasts Robert Winter and David Gebhard s groundbreaking guide to architecture in the greater Los Angeles area is updated and revised once again From Art Deco to Beaux Arts Spanish Colonial to Mission Revival Winter discusses an impressive variety of architectural styles in this popular guide that he co authored with the late David Gebhard New buildings and sites have been added along with all new photography Considered the most thorough L A architecture guide ever written this new edition features the best of the past and present from Charles and Henry Greene s Gamble House to Frank Gehry s Disney Philharmonic Hall This was and is again a must have guide to a diverse and architecturally rich area Robert Winter is a recognized architectural historian who lives in Los Angeles and has led architectural tours through the Los Angeles area since 1965 He is a professor at Occidental College in Los Angeles

The Big Lebowski Jenny Jones,2012-09-15 Whether contending with nihilists botching a kidnapping pay off watching as his beloved rug is micturated upon or simply bowling and drinking Caucasians the Dude or El Duderino if you re not into the whole brevity thing abides As embodied by Jeff Bridges the main character of the 1998 Coen brothers film The Big Lebowski is a modern hero who has inspired festivals burlesque interpretations and even a religion Dudeism Film author and curator Jenny M Jones tells the full story of the Dude from how the Coen brothers came up with the idea for a modern LA noir to never been told anecdotes about the film s production its critical and commercial reception and finally how it came to be such an international cult hit Achievers as Lebowski fans call themselves will discover many hidden truths including why it is that Walter Sobchak John Goodman is so obsessed with Vietnam what makes Theodore Donald Donny Kerabatsos Steve Buscemi so confused all the time how the film defies genre and what unexpected surprise Bridges got during filming of the Gutterballs dream sequence Hint it involved curly wigs and a gurney Interspersed throughout are sidebars interviews with members of the film s cast and crew scene breakdowns guest essays by prominent experts on Lebowski language music filmmaking techniques and more and hundreds of photographs including many of artwork inspired by the film

The 1950s William H. Young,2004-04-30 Have the 1950s been overly romanticized Beneath the calm conformist exterior new ideas and attitudes were percolating This was the decade of McCarthyism Levittowns and men in gray flannel suits but the 1950s also saw bold architectural styles the rise of paperback novels and the Beat writers Cinema Scope and film noir television variety shows the Golden Age of the automobile subliminal advertising fast food Frisbees and silly putty Meanwhile teens attained a more prominent role in American culture with hot rods rock n roll preppies and greasers and gasp juvenile delinquency At

the same time a new technological threat the atom bomb lurked beneath the surface of the postwar decade This volume presents a nuanced look at a surprisingly complex time in American popular culture World War II and the Postwar Years in America William H. Young, Nancy K. Young, 2010-09-17 More than 150 articles provide a revealing look at one of the most tempestuous decades in recent American history describing the everyday activities of Americans as they dealt first with war and then a difficult transition to peace and prosperity The two volume World War II and the Postwar Years in America A Historical and Cultural Encyclopedia contains over 175 articles describing everyday life on the American home front during World War II and the immediate postwar years Unlike publications about this period that focus mainly on the big picture of the war and subsequent economic conditions this encyclopedia drills down to the popular culture of the 1940s bringing the details of the lives of ordinary men women and children alive The work covers a broad range of everyday activities throughout the 1940s including movies radio programming music the birth of commercial television advertising art bestsellers and other equally intriguing topics The decade was divided almost evenly between war 1940 1945 and peace 1946 1950 and the articles point up the continuities and differences between these two periods Filled with evocative photographs this unique encyclopedia will serve as an excellent resource for those seeking an overview of life in the United States during a decade that helped shape the modern world **Housing Architecture and Design From the Past to the Future** Deniz Demirarslan, Selma Kayhan Tunali, 2021-05-15 Housing Architecture and Design From the Past to the Future **Alternate Americas** M. Keith Booker, 2006-02-28 For more than 50 years science fiction films have been among the most important and successful products of American cinema and are worthy of study for that reason alone On a deeper level the genre has reflected important themes concerns and developments in American society so that a history of science fiction film also serves as a cultural history of America over the past half century M Keith Booker has selected fifteen of the most successful and innovative science fiction films of all time and examined each of them at length from cultural technical and cinematic perspectives to see where they came from and what they meant for the future of cinema and for America at large From *Invasion of the Body Snatchers* to *Star Wars* from *Blade Runner* to *The Matrix* these landmark films have expressed our fears and dreams our abilities and our deficiencies In this deep seeking investigation we can all find something of ourselves that we recognize as well as something that we've never recognized before The focus on a fairly small number of landmark films allows detailed attention to genuinely original movies including *Forbidden Planet* *Invasion of the Body Snatchers* 2001 *A Space Odyssey* *Planet of the Apes* *Star Wars* *Close Encounters of the Third Kind* *Alien* *E.T. the Extra Terrestrial* *Blade Runner* *The Terminator* *Robocop* *The Abyss* *Independence Day* and *The Matrix* This book is ideal for general readers interested in science fiction and film *Trousdale Estates* Steven M. Price, 2017-01-10 Filled with beautiful vivid photographs *Trousdale* is the definitive history of the architecture and design that defined both Beverly Hills and the ultimate American Dream *Trousdale Estates* is a 410 acre enclave of large luxurious homes in Beverly Hills California Primarily developed in the 1950s

and 60s it quickly became famous for its concentration of celebrity residents and the unrestrained extravagance of its midcentury modern architecture. Often working with unlimited budgets, these designers created sprawling elegant backdrops for the ultimate expression of the American Dream in the mid to late twentieth century. In *Trousdale Price* explores the architectural backgrounds, details, and floor plans of the amazing homes, giving readers an inside view of the world-famous Beverly Hills style. Lavish new photography is interspersed with archival and historic images illustrating the glamour of Trousdale both then and now. Some of the architects of Trousdale include Lloyd Wright, Wallace Neff, Paul R. Williams, Harold Levitt, and A. Quincy Jones.

Michigan Modern Amy Arnold, Brian Conway, 2016-10-04 Michigan Modern Design That Shaped America is an impressive collection of important essays touching on all aspects of Michigan's architecture and design heritage. The Great Lakes State has always been known for its contributions to twentieth-century manufacturing, but it's only beginning to receive wide attention for its contributions to Modern design and architecture. Brian D. Conway, Michigan's State Historic Preservation Officer, and Amy L. Arnold, project manager for Michigan Modern, have curated nearly thirty essays and interviews from a number of prominent architects, academics, architectural historians, journalists, and designers, including historian Alan Hess, designers Mira Nakashima, Ruth Adler Schnee, and Todd Oldham, and architect Gunnar Birkerts, describing Michigan's contributions to Modern design in architecture, automobiles, furniture, and education.

Overdrive Wim de Wit, Christopher James Alexander, 2013 This is a fascinating and intelligently illustrated study of architectural innovation in Los Angeles. From 1940 to 1990, Los Angeles rapidly evolved into one of the most populous and influential industrial, economic, and creative capitals in the world. During this era, the region was transformed into a laboratory for cutting-edge architecture. *Overdrive* examines these experiments and their impacts on modern design, reframes the perceptions of Los Angeles' dynamic built environment, and amplifies the exploration of the city's vibrant architectural legacy. The drawings, models, and images highlighted by *Overdrive* reveal the complex and often underappreciated facets of Los Angeles and illustrate how the metropolis became an internationally recognized destination with a unique design vocabulary, canonical landmarks, and a coveted lifestyle.

Temples for a Modern God Jay M. Price, 2012-11-02 *Temples for a Modern God* is one of the first major studies of American religious architecture in the postwar period, and it reveals the diverse and complicated set of issues that emerged just as one of the nation's biggest building booms unfolded. Jay Price tells the story of how a movement consisting of denominational architectural bureaus, freelance consultants, architects, professional and religious organizations, religious building journals, professional conferences, artistic studios, and specialized businesses came to have a profound influence on the nature of sacred space. Debates over architectural style coincided with equally significant changes in worship practice. Meanwhile, suburbanization and the baby boom required a new type of worship facility, one that had to attract members and serve a social role as much as honor the Divine. Price uses religious architecture to explore how Mainline Protestantism, Catholicism, Judaism, and other traditions moved beyond their ethnic, regional, and cultural enclaves to

create a built environment that was simultaneously intertwined with technology and social change yet rooted in a fluid and shifting sense of tradition Price argues that these structures as often mocked as loved were physical embodiments of a significant if underappreciated era in American religious history Architecture ,2000 Los Angeles Magazine ,1998-01

Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian **The Automobile in**

American History and Culture Michael L. Berger,2001-07-30 This comprehensive reference guide reviews the literature concerning the impact of the automobile on American social economic and political history Covering the complete history of the automobile to date twelve chapters of bibliographic essays describe the important works in a series of related topics and provide broad thematic contexts This work includes general histories of the automobile the industry it spawned and labor management relations as well as biographies of famous automotive personalities Focusing on books concerned with various social aspects chapters discuss such issues as the car s influence on family life youth women the elderly minorities literature and leisure and recreation Berger has also included works that investigate the government s role in aiding and regulating the automobile with sections on roads and highways safety and pollution The guide concludes with an overview of reference works and periodicals in the field and a description of selected research collections The Automobile in American History and Culture provides a resource with which to examine the entire field and its structure Popular culture scholars and enthusiasts involved in automotive research will appreciate the extensive scope of this reference Cross referenced throughout it will serve as a valuable research tool **California Dreaming** Neil Spiller,2023-02-28 California has historically provided a

fertile breeding ground for radical modes of architectural thinking practice and building which from the 1920s onwards was sparked by the presence of eminent migr architects It was also central to the birth of cool mid century Modernism all in parallel with the intense concentration of design and experimentation in the film aerospace and tech industries This AD issue explores the influential formal tropes generated in the nexus between Los Angeles and the Bay Area as well as the thriving theoretical preoccupations that have brought California s architects global attention Between Hollywood and the Silicon Valley this unique context has nurtured and become the platform for those who not only build buildings around the world but have also founded and directed schools and educated emergent generations of architects Contributors Frances Anderton Jasmine Benyamin Blaine Brownell Courtney Coffman Heather Flood and Aaron Gensler David Freeland and Brennan Buck Craig Hodgetts Max Kuo Eva Menuhin Nicole Meyer Jill Stoner and Grace Mitchell Tada Featured architects Atelier Manferdini Ball Nogues Studio Faulders Studio FreelandBuck Hood Design Studio Oyler Wu Collaborative Preliminary

Research Office Stereobot and Synthesis Design Architecture **AIA Guide to Chicago** American Institute of Architects
Chicago, 2022-06-28 Chicago's architecture attracts visitors from around the globe. The fourth edition of the AIA Guide to Chicago is the best portable resource for exploring this most breathtaking and dynamic of cityscapes. The editors offer entries on new destinations like the Riverwalk, the St. Regis Chicago, and The 606, as well as updated descriptions of Willis Tower and other refreshed landmarks. Thirty-four maps and over 500 photos make it easy to find each of the almost 2000 featured sites. A special insert new to this edition showcases the variety of Chicago architecture with over 80 full-color images arranged chronologically. A comprehensive index organizes entries by name and architect. Sumptuously detailed and user-friendly, the AIA Guide to Chicago encourages travelers and residents alike to explore the many diverse neighborhoods of one of the world's great architectural destinations.

The Enigmatic Realm of **Googie 50s Coffee Shop Architecture**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
