Gospoda Golovlevy:

Господа Головлевы Mikhail Evgrafovich Saltykov, 1880 *Saltykov-Shchedrin's The Golovlyovs* Irwin Paul Foote, 1997 A critical look at the Russian gentry from the 1830s to the 1870s M E Saltykov Shchedrin's novel *The Golovlyovs* exposes the insubstantiality of the family as one of the proclaimed bases of Russian social life In sharp contrast to his contemporaries including Aksakov Turgenev Tolstoy and Goncharov Saltykov Shchedrin shows the gentry family as represented by the Golovlyovs as disintegrating corrupted by its status and way of life The book the sixth in the AATSEEL Critical Companions to Russian Literature series begins with a brief sketch of Saltykov Shchedrin's life and literary career then goes on to explain the novel's content and characters including reference to contemporary events relevant to the narrative and discussion of the major points of the novel and its conclusion An extensive bibliography includes a listing and brief assessment of the various English translations of the novel *Gospoda Golovlevy . the Golovlyov Family* Mikhail Evgrafovich Saltykov, **Gospoda Golovlevy. Writing Fear Katherine Bowers, 2022-03-01 In Russia gothic fiction is often seen as an aside a literary curiosity that experienced a brief heyday and then disappeared In fact its legacy is much more enduring persisting within later Russian literary movements *Writing Fear* explores Russian literature's engagement with the gothic by analysing the practices of borrowing and adaptation Katherine Bowers shows how these practices shaped literary realism from its romantic beginnings through the big novels of the 1860s and 1870s to its transformation during the modernist period Bowers traces the development of gothic realism with an emphasis on the affective power of fear She then investigates the hybrid genre's function in a series of case studies focused on literary texts that address social and political issues such as urban life the

woman question revolutionary terrorism and the decline of the family By mapping the myriad ways political and cultural anxiety take shape via the gothic mode in the age of realism *Writing Fear* challenges the conventional literary history of nineteenth century Russia **Polnoe sobraniē sochineniī M.E. Saltykova (N. Shchedrina): Gospoda Golovlevy ; Satiry v prozīe** Mikhail Evgrafovich Saltykov,1891 "Materialy dlia biografiī M.E. Saltykova", by K.K. Arsen'ev. Gospoda Golovlevy. Nevinnye razskazy Mikhail Evgrafovich Saltykov,1905 *Russomania* Rebecca Beasley,2020-03-31 *Russomania* Russian Culture and the Creation of British Modernism provides a new account of modernist literature s emergence in Britain British writers played a central role in the dissemination of Russian literature and culture during the early twentieth century and their writing was transformed by the encounter This study restores the thick history of that moment by analyzing networks of dissemination and reception to recover the role of neglected as well as canonical figures and institutions as well as individuals The dominant account of British modernism privileges a Francophile genealogy but the turn of the century debate about the future of British writing was a triangular debate a debate not only between French and English models but between French English and Russian models Francophile modernists associated Russian literature especially the Tolstoyan novel with an uncritical immersion in life at the expense of a mastery of style and while individual works might be admired Russian literature as a whole was represented as a dangerous model for British writing This supposed danger was closely bound up with the politics of the period and this book investigates how Russian culture was deployed in the close relationships between writers editors and politicians who made up the early twentieth century intellectual class the British intelligentsia *Russomania* argues that the most significant impact of Russian culture is not to be found in stylistic borrowings between canonical authors but in the shaping of the major intellectual questions of the period the relation between language and action writer and audience and the work of art and lived experience The resulting account brings an occluded genealogy of early modernism to the fore with a different arrangement of protagonists different critical values and stronger lines of connection to the realist experiments of the Victorian past and the anti formalism and revived romanticism of the 1930s and 1940s future **Annual Workshop on Formal Approaches to Slavic Linguistics** Wayles Browne,1997 *The History of Russian Literature on Film* Marina Korneeva,David Gillespie,2023-12-28 Unlike most previous studies of literature and film which tend to privilege particular authors texts or literary periods David Gillespie and Marina Korneeva consider the multiple functions of filmed Russian literature as a cinematic subject in its own right one reflecting the specific political and aesthetic priorities of different national and historical cinemas In this first and only comprehensive study of cinema s various engagements of Russian literature focusing on the large period 1895 2015 *The History of Russian Literature on Film* highlights the ways these adaptations emerged from and continue to shape the social artistic and commercial aspects of film history **Russian Writers and the Fin de Siècle** Katherine Bowers,Ani Kokobobo,2015-06-17 Russian literature has a reputation for gloomy texts especially during the late nineteenth century This

volume argues that a fin de siècle mood informed Russian literature long before the chronological end of the nineteenth century in ways that had significant impact on the development of Russian realism. Some chapters consider ideas more readily associated with fin de siècle Europe such as degeneration theory, bioterminism, Freudian psychoanalysis, or apocalypticism alongside earlier Russian realist texts by writers such as Turgenev, Dostoevsky, or Tolstoy. Other chapters explore the changes that realism underwent as modernism emerged, examining later nineteenth century or early twentieth century texts in the context of the earlier realist tradition or their own cultural moment. Overall, a team of emerging and established scholars of Russian literature and culture present a wide range of creative and insightful readings that shed new light on later realism in all its manifestations.

The Family Novel in Russia and England, 1800-1880 Anna A.

Berman, 2022-08-25 This book offers a new understanding of the relationship between family structures and narrative structure in the nineteenth century novel. Comparing Russia and England, it argues that the two nations had fundamentally different conceptions of the family and that these in turn shaped the way they constructed plots. The English placed primary value on the vertical diachronic family axis, looking back to ancestors and ahead to progeny, while the Russians emphasized the lateral synchronic axis, family expanding outward in the present from nuclear core to extended and chosen kin. This difference shaped the way authors plotted consanguineal relations, courtship, and marriage, and alternative kinship constructions. Idealizing the domestic sphere and emphasizing family continuity, the English novel made family a conservative force, while Russian novels approached it as a backward site of patriarchal tyranny in desperate need of reform. Russian family plots offered a progressive liberalizing push toward new nontraditional family constructions. The book's comparative approach calls for a re-evaluation of reigning theories of the novel, theories that are based on the linear English family model and cannot accommodate the more complex Russian alternative. It reveals where these theories fall short, explains the reasons for their shortcomings, and offers a new way of conceptualizing family's role in shaping the nineteenth century novel. Classics from Dickens, Eliot, and Trollope to Dostoevsky, Tolstoy, and Turgenev are contextualized in the broader literary landscape of their day, and Russia's great women writers regain their rightful place alongside their male counterparts as the book draws together family history, literary analysis, and novel theory.
