Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access

through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease *Luke 1-24 MacArthur New Testament Commentary Set* John

James M. Gray,2019-05-14 Whoever attempts it will find it far easier to write a long commentary than a brief one said a famous commentator This we believe The Christian Workers Commentary represents the labor of eight years in the use of such spare hours as could be found in an otherwise well filled life but had the plan permitted its expansion into a series of volumes instead of one it might have been completed earlier *A Bibliography of Theology* William Swan

The Hermeneutics of Social Identity in Luke-Acts Nickolas A. Fox,2021-03-15 Luke Acts presents a vision of the kingdom of God and the early church in a program of decentralization that is a movement away from the centralized power structures of Judaism Decentralization of the temple land purity laws and even the people that seem to possess the power early in Acts i e Peter and the other apostles makes room for a move of radical inclusion Luke demonstrates the Holy Spirit as the prime initiator of outward expansion of the kingdom of God radically including and welcoming God fearers gentiles an Ethiopian eunuch and more Fox argues that Luke Acts is purposed to create social identity in God fearing readers using the rhetorical tools of the first century to communicate prescribed beliefs and norms promise and fulfillment and prototypes and exemplars Each of these elements is examined and traced through Luke s two volume work **The British Quarterly**
