Blount, 2004-07-09 Building on insights into the social functions of language especially its interpersonal dimensions Blount constructs a culturally sensitive model of interpretation that provides a sound basis for ethnographic and popular as well as historical critical readings of the biblical text Blount's framework does more than acknowledge the inevitability of multiple interpretations it foments them His analysis demonstrates the social intent of every reading and shows the influence of communicative context in such diverse readings of the Bible as Rudolf Bultmann's the peasants of Solentiname the Negro spirituals and black church sermons Then Blount turns to Mark's account of the trial of Jesus where he shows how this hermeneutical scheme helps to assess the emergence and validity of multiple readings of the text and the figure of Jesus
