The Fascinating Life and Theory of Einstein Walter C. Mih,2004-08 The Teacher in the Desert is a handbook on how to survive and thrive emotionally in troubled times It is a self help book about how to squeeze happiness out of life even during difficult times It is based on the true story of a man who just when it seems like life has finally started to be good to him is suddenly faced with losing it all But out of the depths of hopelessness and despair he discovers a marvelous formula for happiness and joy that turns his life around and that might also help open the door to more happiness and fulfillment in you life as well The book does not contain complex or theoretical doctor speak but simple straightforward advice in the words of the man who actually experienced the events related in the book Advice that is quick and easy to apply The most common response from readers is that the book literally changed my life overnight

Subtle is the Lord Abraham Pais,2005-08-25 Subtle is the Lord is widely recognized as the definitive scientific biography of Albert Einstein The late Abraham Pais was a distinguished physicist turned historian who knew Einstein both professionally and personally in the last years of his life His biography combines a profound understanding of Einstein s work with personal recollections from their years of acquaintance illuminating the man through the development of his scientific thought Pais examines the formulation of Einstein s theories of relativity his work on

Brownian motion and his response to quantum theory with authority and precision The profound transformation Einstein's ideas effected on the physics of the turn of the century is here laid out for the serious reader Pais also fills many gaps in what we know of Einstein's life his interest in philosophy his concern with Jewish destiny and his opinions of great figures from Newton to Freud This remarkable volume written by a physicist who mingled in Einstein's scientific circle forms a timeless and classic biography of the towering figure of twentieth century science Einstein, His Life and Times Philipp Frank, 1947

Much has been written about Albert Einstein technical and biographical but very little remains as valuable as this unique hybrid of a book written by Einstein's colleague and contemporary Both rich in personal insights and grounded in a deep knowledge of twentieth century science Phillip Frank's biography anchors the reader with a lucid overview of physics and draws an intimate portrait of the Nobel Prize winner
