Foundations Their Power And Influence:

Foundations Rene A Wormser,2014-10-01 This is a searching analysis of some of America s most powerful tax exempt foundations their actions as opposed to their stated purpose s the interlocking groups of men who run them and their influence on the country at large The author as counsel to the Reece Committee which investigated foundations for the last Republican Congress gained a unique insight into the inner workings of the various Rockefeller Carnegie and Ford created giants He also witnessed the intense and powerful opposition to any investigation of these multi billion dollar public trusts The Reece investigation was virtually hamstrung from the start to its early demise which was aided and abetted by leading newspaper of the country It is difficult for the public to understand writes Mr Wormser that some of the great foundations which have done so much for us in some fields have acted tragically against the public interest in others but the facts are there for the unprejudiced to recognize The power of the individual foundation giant is enormous When there is like mindedness among a group of these giants which apparently is due to the existence of a closely knit group of professional administrators in the social science field the power is magnified hugely When such foundations do good they justify the tax exempt status which the people grant them When they do harm it can be immense harm there is virtually no counter force to oppose them

Religion and Politics in the Middle East Robert D. Lee,2018-04-19 This innovative book analyses the relationship between religion and politics in the Middle East through a comparative study of five countries Egypt Israel Turkey Iran and Saudi Arabia Robert D Lee examines each country in terms of four domains in which state and religion necessarily interact national identity ideology institutions and political culture In each domain he considers contradictory hypotheses some of them asserting that religion is a positive force for political development and others identifying it as an obstacle Among the questions the book confronts Is secularization a necessary prerequisite for democratic development How is it and why is it that religion and politics are so deeply entangled in these five countries And why is it that all five countries differ so markedly in the way they identify themselves and use religion for political purposes The book argues that the nature of religious organization and practice in the Middle East must be understood in the context of individual nation states The second edition is updated throughout and includes an entirely new chapter discussing the political and religious climate in Saudi Arabia Earlier introductory analysis has been condensed to make room for new material and chronologies at the end of each chapter have been added to help students understand the broader context The second edition of *Religion and Politics in the Middle East* is a robust addition to courses on the Middle East **Congressional Record** United States. Theory of Livevolution Robert Roselli, 2008-11 There is a drive for a New World Order afoot and it's not an accident The modern day descendants of the Moneychangers and allied fake religious leaders or Pharisees of Jesus day are tying up some loose ends 2008 The introduction lays the groundwork for the rest of the book Section 1 posted on my website THEorYofLIVEvolution.com for length purposes establishes the unique reality of Biblical Christianity This is very important since a firm belief in a benevolent Creator is the only thing that stands between us and Them at this point Section 2 points out the world is about to be plunged into a New World Order of Biblical proportions If you think this scenario is outlandish the free U S non coincidentally meets every one of the criteria for atheistic Communism listed in Marx's Communist Manifesto As Section 3 discusses what They have planned for you on Mother Earth if you're worthy of evolution at least is the Nazis on steroids My name is Robert Roselli and I am a licensed professional engineer in three states and hold an MS degree in civil engineering I say this only to establish myself as a logically and scientifically grounded thinker I desire no fame or profit for this endeavor Any monies collected from this book beyond personal expenses will be donated equitably to links that appear at the end of my website site Let this book be the introduction into the way the world really works and detox much of the Orwellian re-education we've all been fed by the establishment owned education system and mainstream news After you're done reading this introduction to the way the world really works please spend some time on my website and related links to keep abreast of our steadily unraveling descent Into the Mouth of Madness *International Molders' Journal*, 1915
