The Rise and Fall of New France George McKinnon Wrong,1928 *Champlain* Edwin Asa Dix,2015-07-22 Excerpt from Champlain The Founder of New France Down on the southwest coast of France sprayed by the storm driven waters of the Bay of Biscay is the little hamlet of Brouage now moldering into picturesque decay From its ancient four square walls flanked

with their seven bastions and shaded by magnificent century old elms you look out over the wide stretch of salt marshes which surround the place on three sides and can trace the line of the old channel now filled up which once linked its harbor with the sea Within the town a few inhabitants are still to be found clattering along the little ill paved streets in their wooden sabots but they seem to live in the past rather than in the present and to be thinking of the bright days of an era now gone when Brouage was a proud and prosperous seaport of Old France About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
