Founders Of Religion In Profile Ser:

Faith Movements and Social Transformation Samta P. Pandya, 2018-12-11 This book examines the role of Hindu inspired faith movements HIFMs in contemporary India as actors in social transformation It further situates these movements in the context of the global political economy where such movements cross national boundaries to locate believers among the Hindu diaspora and others In contemporary neoliberal India HIFMs have become important actors and they realize themselves by making public assertions through service The four pillars of the contemporary presence of such movements are gurus sociality hegemony and social transformation Gurus who spearhead these movements create a matrix of possible meanings in their public discourses which their followers pick up to create messages of personal and social change Sociality is a core strategy of proliferation across such movements and implies social service which is qualified by memories of the guru and what they are believed to embody Hegemony is reflected in the fact that social service in such movements often ominously imbibes right wing or far right Hinduism They propose a model of Hindu inspired social transformation involving faith building into and transforming the civil society The book discusses in a nuanced way several Hindu inspired faith movements of various hues which have made national and international impact This topical book is of interest to students and researchers in the fields of sociology anthropology social work and social psychology with a special interest in the study of religious movements The Church of Scientology Hugh B. Urban, 2013-02-24 Scientology's long and complex journey to recognition as a religion Scientology is one of the wealthiest and most powerful new religions to emerge in the past century To its detractors L Ron Hubbard's space age mysticism is a moneymaking scam and sinister brainwashing cult But to its adherents it is humanity's brightest hope Few religious movements have been subject to public scrutiny like Scientology yet much of what is written about the church is sensationalist and inaccurate Here for the first time is the story of Scientology's protracted and turbulent journey to recognition as a religion in the postwar American landscape Hugh Urban tells the real story of Scientology from its cold war era beginnings in the 1950s to its prominence today as the religion of Hollywood's celebrity elite Urban paints a vivid portrait of Hubbard the enigmatic founder who once commanded his own private fleet and an intelligence apparatus rivaling that of the U S government One FBI agent described him as a mental case but to his followers he is the man who solved the riddle of the human mind Urban details Scientology's decades long war with the IRS which ended with the church winning tax exempt status as a religion the rancorous cult wars of the 1970s and 1980s as well as the latest challenges confronting Scientology from attacks by the Internet group Anonymous to the church's efforts to suppress the online dissemination of its esoteric teachings The Church of Scientology demonstrates how Scientology has reflected the broader anxieties and obsessions of postwar America and raises profound questions about how religion is defined and who gets to define it **A History of the Chaplain Corps, United States Navy, 1778-** United States. Bureau of Naval Personnel, 1948 *APAIS 1994: Australian public affairs information service* , **Private Secondary Schools:**

Traditional Day and Boarding Schools Peterson's,2011-05-01 Peterson's Private Secondary Schools Traditional Day and Boarding Schools is everything parents need to find the right day or boarding private secondary school for their child. Readers will find hundreds of school profiles plus links to informative two page in depth descriptions written by some of the schools. Religion and Faith-based Welfare Rana Jawad,2012 This text makes a potentially controversial contribution to social policy debates in Britain Europe and North America. Drawing on a critical overview of the role religious values actors and institutions have on social programs Rana Jawad examines the workings of religious welfare organizations from the world's major faiths.

The Cambridge History of Atheism Michael Ruse,2021-09-16 The two volume Cambridge History of Atheism offers an authoritative and up to date account of a subject of contemporary interest. Comprised of sixty essays by an international team of scholars this History is comprehensive in scope. The essays are written from a variety of disciplinary perspectives including religious studies philosophy sociology and classics. Offering a global overview of the subject from antiquity to the present the volumes examine the phenomenon of unbelief in the context of Christian Islamic Buddhist Hindu and Jewish societies. They explore atheism and the early modern Scientific Revolution as well as the development of Charles Darwin's theory of evolution and its continuing implications. The History also includes general survey essays on the impact of scepticism agnosticism and atheism as well as contemporary assessments of thinking. Providing essential information on the nature and history of atheism The Cambridge History of Atheism will be indispensable for both scholarship and teaching at all levels.

History of the Chaplain Corps, United States Navy H. Lawrence Martin,1984

New Age, Neopagan, and New Religious Movements Hugh B. Urban,2015-09-15 New Age Neopagan and New Religious Movements is the most extensive study to date of modern American alternative spiritual currents. Hugh B. Urban covers a range of emerging religions from the mid nineteenth century to the present including the Nation of Islam Mormonism Scientology ISKCON Wicca the Church of Satan Peoples Temple and the Branch Davidians. This essential text engages students by addressing major theoretical and methodological issues in the study of new religions and is organized to guide students in their learning. Each chapter focuses on one important issue involving a particular faith group providing readers with examples that illustrate larger issues in the study of religion and American culture. Urban addresses such questions as Why has there been such a tremendous proliferation of new spiritual forms in the past 150 years even as our society has become increasingly rational scientific technological and secular? Why has the United States become the heartland for the explosion of new religious movements? How do we deal with complex legal debates such as the use of peyote by the Native American Church or the practice of plural marriage by some Mormon communities? And how do we navigate issues of religious freedom and privacy in an age of religious violence terrorism and government surveillance?

Public

Health Service Publication ,1969 **Canadian Almanac and Directory 2021** Grey House Canada,2020-12 The Canadian Almanac Directory is the most complete source of Canadian information available cultural professional and financial institutions legislative governmental judicial and educational organizations Canada s authoritative sourcebook for almost 160 years the Canadian Almanac Directory gives you access to almost 100 000 names and addresses of contacts throughout the network of Canadian institutions *Private Secondary Schools* Peterson's,2011-05-01 Peterson s Private Secondary Schools is everything parents need to find the right private secondary school for their child This valuable resource allows students and parents to compare and select from more than 1 500 schools in the U S and Canada and around the world Schools featured include independent day schools special needs schools and boarding schools including junior boarding schools for middle school students Helpful information listed for each of these schools include school s area of specialization setting affiliation accreditation tuition financial aid student body faculty academic programs social life admission information contacts and more Also includes helpful articles on the merits of private education planning a successful school search searching for private schools online finding the perfect match paying for a private education tips for taking the necessary standardized tests semester programs and understanding the private schools admission application form and process

Religious Voices in the Politics of International Development Paul J. Nelson,2021-04-15 This first study of faith based development NGOs FBOs political roles focuses on how U S FBOs in international development educate and mobilize their constituencies Most pursue cautious reformist agendas but FBOs have sometimes played important roles in social movements Nelson unpacks those political roles by examining the prominence of advocacy in the organizations the issues they address and avoid their transnational relationships and their relationships with religious and secular social movements The agencies that educate and mobilize U S constituencies most actively are associated with small Christian sects or with non Christian minority faiths with historic commitments to activism or service Specialized advocacy NGOs play important roles and emerging movements on immigration and climate may represent fresh political energy The book examines faith based responses to the crises of climate change COVID 19 and racial injustice and argues that these will shape the future of religion as a moral and political force in America and of NGOs in international development Annual Report, International Religious Freedom United States. Department of State,2006 *Religious and Spiritual Aspects of Human Service Practice* James W. Ellor, Ellen Netting, Jane M. Thibault,2021-05-26 Promotes the importance of understanding spirituality and religious belief in health and human service care Although health and human service professionals traditionally receive extensive training in the emotional and physical aspects of caring for a person they rarely receive adequate instruction in an area often as essential spirituality and religious belief Recognizing the importance of religion to a large share of the population *Religious and Spiritual Aspects of Human Services* fills this gap in human services literature James W Ellor F Ellen Netting and Jane M Thibault address the challenge of understanding the client s perspective even when it involves a

religious tradition unfamiliar to the practitioner and consider the impact of the client's needs on the agency and on public policy

Routledge Handbook on the Governance of Religious Diversity Anna Triandafyllidou, Tina Magazzini, 2020-12-30 This book critically reviews state religion models and the ways in which different countries manage religious diversity illuminating different responses to the challenges encountered in accommodating both majorities and minorities The country cases encompass eight world regions and 23 countries offering a wealth of research material suitable to support comparative research Each case is analysed in depth looking at historical trends current practices policies legal norms and institutions By looking into state religion relations and governance of religious diversity in regions beyond Europe we gain insights into predominantly Muslim countries Egypt Morocco Tunisia Turkey Indonesia Malaysia countries with pronounced historical religious diversity India and Lebanon and into a predominantly migrant pluralist nation Australia These insights can provide a basis for re thinking European models and learning from experiences of governing religious diversity in other socio economic and geopolitical contexts Key analytical and comparative reflections inform the introduction and concluding chapters This volume offers a research and study companion to better understand the connection between state religion relations and the governance of religious diversity in order to inform both policy and research efforts in accommodating religious diversity Given its accessible language and further readings provided in each chapter the volume is ideally suited for undergraduate and graduate students It will also be a valuable resource for researchers working in the wider field of ethnic migration religion and citizenship studies
