Blake,2017-01-06 Holidays are a key to helping us understand the transformation of national regional community and ethnic identities In Celebrating Canada Matthew Hayday and Raymond Blake situate Canada in an international context as they examine the history and evolution of our national and provincial holidays and annual celebrations The contributors to this volume examine such holidays as Dominion Day Victoria Day Quebec s F te Nationale and Canadian Thanksgiving among many others They also examine how Canadians celebrate the national days of other countries like the Fourth of July and how Dominion Day was observed in the United Kingdom Drawing heavily on primary source research and theories of nationalism identities and invented traditions the essays in this collection deepen our understanding of how these holidays have influenced the evolution of Canadian identities *Thinkers and Dreamers* Gerald Friesen,Doug Owram,2011-01-01 Thinkers and Dreamers honours Carl C Berger professor of Canadian history at the University of Toronto for more than forty years and author of influential works on Canadian intellectual history In this collection Professor Berger s colleagues and former students explore the currents of intellectual life in North America since the mid nineteenth century Broad in scope the essays range in content from a commentary on works in intellectual history to analyses of the development of particular disciplines and distinctive cultural institutions Several of the contributions provide sharp critiques of historical thought including a discussion of professional scholarship and an analysis of the field of intellectual history Others address issues that combine institutional and cultural history such as an examination of Victorian Canada and a discussion of immigration and citizenship These varied reflections aptly convey Berger s contributions to the study of Canadian history *Les idées en mouvement* Michel Ducharme,Damien-Claude Bélanger,Sophie Coupal,2004 *Canadas of the Mind* , Griffintown Matthew

Barlow,2017-06-28 This vibrant biography of Griffintown an inner city Montreal neighbourhood brings to life the history of Irish identity in the legendary enclave As Irish immigration dwindled by the late nineteenth century Irish culture in the city became diasporic reflecting an imagined homeland Focusing on the power of memory to shape community Matthew Barlow finds that despite sociopolitical pressures and a declining population the spirit of this ethnic quarter was nurtured by the men

and women who grew up there Today as Griffintown attracts renewed interest from developers this textured analysis reveals how public memory defines our urban centres *Communicating in Canada's Past* Gene Allen, Daniel J. Robinson, 2009-01-01

The first collection of its kind this volume assembles both well established and up and coming scholars to address sizable gaps in the literature on media history in Canada Commemorating Canada Cecilia Morgan, 2016-04-06 Commemorating Canada is a concise narrative overview of the development of history and commemoration in Canada designed for use in courses on public history historical memory heritage preservation and related areas Examining why when where and for whom historical narratives have been important Cecilia Morgan describes the growth of historical pageantry popular history textbooks historical societies museums and monuments through the nineteenth and twentieth centuries Showing how Canadians have clashed over conflicting interpretations of history and how they have come together to create shared histories she demonstrates the importance of history in shaping Canadian identity Though public history in both French and English Canada was written predominantly by white middle class men Morgan also discusses the activism and agency of women immigrants and Indigenous peoples The book concludes with a brief examination of present day debates over Canada's history and Canadians continuing interest in their pasts **Time Travel** Alan Gordon, 2016-04-15 In the 1960s Canadians could step through time to eighteenth century trading posts or nineteenth century pioneer towns These living history museums promised authentic reconstructions of the past but as Time Travel shows they revealed more about mid twentieth century interests and perceptions of history than they reflected historical fact An appetite for commercial tourism led to the rise of living history museums They became important components of economic growth especially as part of government policy to promote regional economic diversity and employment Alan Gordon explores how these museums were shaped by post war pressures personality conflicts funding challenges and the need to balance education and entertainment Ultimately the rise of the living history museum is linked to the struggle to establish a pan Canadian identity in the context of multiculturalism competing anglophone and francophone nationalisms First Nations resistance and the growth of the state

Fashioning the Canadian Landscape John Irvine Little, 2018-04-13 Interpretations of Canada's emerging identity have been largely based on a relatively small corpus of literary writing and landscape paintings overlooking the influence of the British and American travel writers who published hundreds of books and articles that did much to fix the image of Canada in the popular imagination In Fashioning the Canadian Landscape J I Little examines how Canada much like the United States came to be identified with its natural landscape Little argues that in contrast to the American identification with the wilderness sublime however Canada's image was strongly influenced by the picturesque convention favoured by British travel writers This amply illustrated volume includes chapters ranging from Labrador to British Columbia some of which focus on such notable British authors as Rupert Brooke and Rudyard Kipling and others on talented American writers such as Charles Dudley Warner Based not only on the views of the landscape but on the racist descriptions of the Indigenous peoples

and the romanticization of the Canadian folk Little argues that the national image that emerged was colonialist as well as colonial in nature
