Four Days In 1865 The Fall Of Richmond:

Four Days in 1865 David D. Ryan,1993 The evacuation and burning of the Confederate capital April 2nd 3rd and 4th 1865 told through letters and diaries newspaper accounts and official Union and Confederate government records **The Fifth Massachusetts Colored Cavalry in the Civil War** Steven M. LaBarre,2016-07-19 In January 1863 a long anticipated military order arrived on the desk of Massachusetts Governor John Andrew President Lincoln s secretary of war Edwin Stanton had granted the governor authority to raise regiments of black soldiers Two units the 54th and 55th Massachusetts Infantry were soon mustered and in December Andrew issued General Order No 44 announcing a Regiment of Cavalry Volunteers to be composed of men of color is now in the process of recruitment in the Commonwealth Drawing on letters diaries memoirs and official reports this book provides the first full length regimental history of the Fifth Massachusetts Cavalry its organization participation in the Petersburg campaign and the guarding of prisoners at Point Lookout Maryland and its triumphant ride into Richmond Accounts of the postwar lives of many of the men are included **Father Lincoln** Alan Manning,2016-05-01 President Abraham Lincoln is known as the Great Emancipator the Savior of the Union and an American martyr to the people who read about him But that was not how his sons knew him Presidential historian Alan Manning invites readers to see not the thoughtful burdened president delivering the Gettysburg Address to a war torn nation but a man quietly reading bedtime stories to his sleepy eyed sons and not the resolute commander in chief seeking out winning generals and forming war policy but a man wrestling with his own grown son s desire to join the army and go off to war A combination of history biography and family culture this book follows Lincoln from his growing law practice in Springfield through the turbulent war years in the White House highlighting the same challenges that many fathers face today balancing a successful career with paternal responsibilities a perspective largely ignored by previous Lincoln biographers thus helping to complete the portrait of one of the most popular significant and complex figures in American history Lincoln and the Fight for Peace John Avlon,2023-02-28 A groundbreaking revelatory history of Abraham Lincoln s plan to secure a just and lasting peace after the Civil War a vision that inspired future presidents as well as the world s most famous peacemakers including Nelson Mandela Mahatma Gandhi and Martin Luther King Jr It is a story of war and peace race and reconciliation The American Civil War Steven E. Woodworth,1996-12-09 The single most important volume for anyone interested in the Civil War to own and consult From the foreword by James M McPherson The first guide to Civil War literature to appear in nearly 30 years this book provides the most comprehensive up to date and informative survey and analysis of the vast body of Civil War literature More than 40 essays each by a specialist in a particular subfield of Civil War history offer unmatched thoroughness and discerning assessments of each work s value The essays cover every aspect of the war from strategy tactics and battles to logistics intelligence supply and prisoner of war camps from generals and admirals to the men in the ranks from the Atlantic to the Far West from fighting fronts to the home front Some sections cover civilian

leaders the economy and foreign policy while others deal with the causes of war and aspects of Reconstruction including the African American experience during and after the war Breadth of topics is matched by breadth of genres covered Essays discuss surveys of the war general reference works published and unpublished papers diaries and letters as well as the vast body of monographic literature including books dissertations and articles Genealogical sources historical fiction and video and audio recordings also receive attention Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America's pivotal experience [The Spirits of Bad Men Made Perfect](#) Constance Hall Jones, 2019-11-13 This remarkable biography and edited diary tell the story of William Ellis Jones 1838-1910 an artilleryman in Crenshaw's Battery Pegram's Battalion the Army of Northern Virginia One of the few extant diaries by a Confederate artilleryman Jones's articulate writings cover camp life as well as many of the key military events of 1862 including the Peninsula Campaign the Second Battle of Manassas the Maryland Campaign and the Battle of Fredericksburg In 1865 Jones returned to his prewar printing trade in Richmond and his lasting reputation stems from his namesake publishing company's role in the creation and dissemination of much of the Lost Cause ideology Unlike the pro Confederate books and pamphlets Jones published primarily among them the Southern Historical Society Papers his diary shows the mindset of an unenthusiastic soldier In a model of contextualization Constance Hall Jones shows how her ancestor came to embrace an uncritical veneration of the army's leadership and to promulgate a mythology created by veterans and their descendants who refused to face the amorality of their cause Jones brackets the soldier's diary with rich biographical detail profiling his friends and relatives and providing insight into his childhood and post war years In doing so she offers one of the first serious investigations into the experience of a Welsh immigrant family loyal to the Confederacy and makes a significant contribution to our understanding of Civil War era Richmond and the nineteenth century publishing industry Invitingly written *The Spirits of Bad Men Made Perfect* is an engaging life and times story that will appeal to historians and general readers alike

Assembly West Point Association of Graduates (Organization), 1993 **The A to Z of the Civil War and Reconstruction** William L. Richter, 2009-07-24 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated There was a very real possibility that the union could have been sundered resulting in a very different American history and probably world history But the union was held together by tough and determined leaders and by the economic muscle of the North Following the end of the war the period of American history known as Reconstruction followed This was a period construed in many different ways While the states were once again united many of the postwar efforts divided different segments of the population and failed to achieve their goals in an era too often remembered for carpetbaggers and scalawags and Congressional imbroglios and incompetent government This one volume dictionary with more than 800 entries covering the significant events persons politics and economic and social themes in the U S Civil War and Reconstruction is a research tool for all levels of readers from high school and up The extensive

chronology introductory essay dictionary entries and comprehensive bibliography introduce and lead the reader through the military and non military actions of one of the most pivotal events in American history

Richmond's Priests and Prophets Douglas E. Thompson, 2017-06-06 Explores the ways in which white Christian leaders in Richmond Virginia navigated the shifting legal and political battles around desegregation even as members of their congregations struggled with their own understanding of a segregated society Douglas E Thompson s *Richmond s Priests and Prophets Race Religion and Social Change in the Civil Rights Era* presents a compelling study of religious leaders impact on the political progression of Richmond Virginia during the time of desegregation Scrutinizing this city as an entry point into white Christians struggles with segregation during the 1950s Thompson analyzes the internal tensions between ministers the members of their churches and an evolving world In the mid twentieth century American South white Christians were challenged repeatedly by new ideas and social criteria Neighborhood demographics were shifting public schools were beginning to integrate and ministers influence was expanding Although many pastors supported the transition into desegregated society the social pressure to keep life divided along racial lines placed Richmond s ministers on a collision course with forces inside their own congregations Thompson reveals that to navigate the ideals of Christianity within a complex historical setting white religious leaders adopted priestly and prophetic roles Moreover the author argues that until now the historiography has not viewed white Christian churches with the nuance necessary to understand their diverse reactions to desegregation His approach reveals the ways in which desegregationists attempted to change their communities minds while also demonstrating why change came so slowly highlighting the deeply emotional and intellectual dilemma of many southerners whose worldview was fundamentally structured by race and class hierarchies

Historical Dictionary of the Civil War and Reconstruction William L. Richter, 2011-12-01 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated Many historians regard the Civil War as the defining event in American history At stake was not only freedom for 3 5 million slaves but also survival of the relatively new American experiment in self government A very real possibility existed that the union could have been severed but a collection of determined leaders and soldiers proved their willingness to fight for the survival of what Abraham Lincoln called the last best hope on earth The second edition of this highly readable one volume *Historical Dictionary of the Civil War and Reconstruction* looks to place the war in its historical context The more than 800 entries encompassing the years 1844 1877 cover the significant events persons politics and economic and social themes of the Civil War and Reconstruction An extensive chronology introductory essay and comprehensive bibliography supplement the cross referenced dictionary entries to guide the reader through the military and non military actions of one of the most pivotal events in American history The dictionary concludes with a selection of primary documents This book is an excellent access point for students researchers and anyone wanting to know more about the Civil War and Reconstruction

The Great Abolitionist Stephen Puleo, 2024-04-23 The groundbreaking biography of a forgotten civil rights hero In the

tempestuous mid 19th century as slavery consumed Congressional debate and America careened toward civil war and split apart when the very future of the nation hung in the balance Charles Sumner's voice rang strongest bravest and most unwavering Where others preached compromise and moderation he denounced slavery's evils to all who would listen and demanded that it be wiped out of existence More than any other person of his era he blazed the trail on the country's long uneven and ongoing journey toward realizing its full promise to become a more perfect union Before and during the Civil War at great personal sacrifice Sumner was the conscience of the North and the most influential politician fighting for abolition Throughout Reconstruction no one championed the rights of emancipated people more than he did Through the force of his words and his will he moved America toward the twin goals of abolitionism and equal rights which he fought for literally until the day he died He laid the cornerstone arguments that civil rights advocates would build upon over the next century as the country strove to achieve equality among the races The Great Abolitionist is the first major biography of Charles Sumner to be published in over 50 years Acclaimed historian Stephen Puleo relates the story of one of the most influential political figures in American history with evocative and accessible prose transporting readers back to an era when our leaders exhibited true courage and authenticity in the face of unprecedented challenges *The North Carolina Historical Review*, 1926

Six Encounters with Lincoln Elizabeth Brown Pryor, 2018-02-06 Winner of the Barondess Lincoln Award from The Civil War Round Table of New York Fascinating reading this book eerily reflects some of today's key issues The New York Times Book Review From an award winning historian an engrossing look at how Abraham Lincoln grappled with the challenges of leadership in an unruly democracy An awkward first meeting with U S Army officers on the eve of the Civil War A conversation on the White House portico with a young cavalry sergeant who was a fiercely dedicated abolitionist A tense exchange on a navy ship with a Confederate editor and businessman In this eye opening book Elizabeth Brown Pryor examines six intriguing mostly unknown encounters that Abraham Lincoln had with his constituents Taken together they reveal his character and opinions in unexpected ways illustrating his difficulties in managing a republic and creating a presidency Pryor probes both the political demons that Lincoln battled in his ambitious exercise of power and the demons that arose from the very nature of democracy itself the clamorous diversity of the populace with its outspoken demands She explores the trouble Lincoln sometimes had in communicating and in juggling the multiple concerns that make up being a political leader how conflicted he was over the problem of emancipation and the misperceptions Lincoln and the South held about each other Pryor also provides a fascinating discussion of Lincoln's fondness for storytelling and how he used his skills as a raconteur to enhance both his personal and political power Based on scrupulous research that draws on hundreds of eyewitness letters diaries and newspaper excerpts *Six Encounters with Lincoln* offers a fresh portrait of Lincoln as the beleaguered politician who was not especially popular with the people he needed to govern with and who had to deal with the many critics naysayers and dilemmas he faced without always knowing the right answer What it shows most clearly is

that greatness was not simply laid on Lincoln's shoulders like a mantle but was won in fits and starts *Confederate Casualties at Gettysburg* John W. Busey, Travis W. Busey, 2017-01-25 This reference book provides information on 24 000 Confederate soldiers killed wounded captured or missing at the Battle of Gettysburg Casualties are listed by state and unit in many cases with specifics regarding wounds circumstances of casualty military service genealogy and physical descriptions Detailed casualty statistics are given in tables for each company battalion and regiment along with brief organizational information for many units Appendices cover Confederate and Union hospitals that treated Southern wounded and Federal prisons where captured Confederates were interned after the battle Original burial locations are provided for many Confederate dead along with a record of disinterments in 1871 and burial locations in three of the larger cemeteries where remains were reinterred A complete name index is included Outlines, Tables, and Sketches in U. S. History S. Laura Ensign, 1890 **Geo. P. Rowell and Co.'s American Newspaper Directory** ,1873 The War of the rebellion: a compilation of the official records of the Union and Confederate armies, prepared by R.N. Scott [and others]. 4 ser. 69 vols. [in 127 pt. 'Additions and corrections', dated 1902, have been inserted in the vols. With] Ser.1. Index to battles, campaigns, etc United States dept. of war, 1902 *The War of the Rebellion* ,1894 **House documents** ,1895 *Guide to America; a Treasury of Information about Its States, Cities, Parks, and Historical Points of Interest* ,1947
