Royster, 2014-04-18 Have This Mind uses a rational logical and systematic approach to spirituality religion and God by focusing on the mind or consciousness rather than doctrine ritual etc It provides a model that resolves the many seemingly conflicting views of religion and God The four largest religions of the world Hinduism Buddhism Christianity and Islam are introduced in terms of their transformative dimensions that lead to an inclusive and eminently happy life These principles and practices are illustrated with biographies of exemplary saints and sages from the traditions Have This Mind outlines three different ways of being religious regardless of one s particular religious tradition based on a progressively maturing mind Of particular import to Christian readers are interpretations of biblical and theological views that facilitate transition from a traditional and mythic outlook tending toward exclusivism to one that is rational transrational and inclusive On the basis of an appreciative and inclusive view of the world s great religions one discovers how these religions can actually enhance one s own spirituality and religious outlook A perspective central to Have This Mind is that authentic religion and spirituality lie in the loving quality of one s life and not simply the ideas or beliefs held in one s mind Four Great Religions: Four Lectures Annie Wood Besant, 2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Four Great Religions, Four Lectures Delivered on the Twenty-First Anniversary** Besant Annie Wood, 2019-03-04 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and
