of dialectic with the teachings of the Arab Aristotelians al F r b Avicenna and Averroes Next the monograph shows how jurists took over the theological method of dialectic and applied it to problems peculiar to jurisprudence Although the earliest writings on dialectic are fairly free of direct Aristotelian influence there are coincidences of themes and treatment But after jurisprudence had assimilated the techniques of theological dialectic its own theory became increasingly influenced by logical terminology and techniques At the end of the thirteenth century there arose a new discipline the d b al ba th While the theoretical underpinnings of the new system are Aristotelian the terminology and order of debate place it firmly in the Islamic tradition of disputation
