Fox In The Cupboard:

The Fox In the Cupboard Jane Shilling, 2006-11-07 What does a London based single mother do on her holidays With a couple of weeks unexpectedly free and no chance of going away Jane Shilling decided she would pursue a childhood ambition and learn to ride A teacher Mrs Rogers was easy to find What she hadn't reckoned on was that Mrs Rogers was a master of foxhounds So began Jane's odd late blooming affair with foxhunting the beginning of a passion that was to take her back to the scenes of her childhood and transform her life in ways that were unexpected often enchanting and frequently uncomfortable The Fox in the Cupboard is a vivid account of discovering a hidden beautiful and frequently comic world of horses and hunting in a small corner of England It is a book about searching for the place where you belong about embarking on an adventure at the very point in your life when you thought it was too late It is also the story of a journey between the shifting worlds of town and country childhood and adulthood and a chronicle of the extraordinary characters the author met along the way

experience earning its place as a canonical text within 20th century literature The work is inextricably linked to Sassoon's own transition from a leisurely life of privilege to his decorated and traumatic service in the Great War His descriptions of fox hunting undoubtedly derived from his personal passion for the sport evolve into an underlying critique of the romanticized notions of honor and valor which Sassoon himself initially embraced but came to question through his wartime experiences His narrative acts as both a literary escapade and a subtle act of wartime testimony Reading *Memoirs of a Fox Hunting Man* is not merely an act of engaging with historical fiction it is an immersion into the journey of a poet who channels the upheavals of an era Recommended to readers who appreciate works that fuse the pastoral with the political and the personal with the universal Sassoon's memoir offers a richly textured account of one man's coming of age amidst the tremors that would reshape the modern world
