**Fragments of a Golden Age** Gilbert M. Joseph, Anne Rubenstein, Eric Zolov, 2001-06-29 The first cultural history of post 1940s Mexico to relate issues of representation and meaning to questions of power it includes essays on popular music unions TV tourism cinema wrestling and illustrated magazines *Reconciling Modernity* Daniel Newcomer, 2004-01-01 *Reconciling Modernity* challenges the academic consensus of a simplistic Church State reconciliation in postrevolutionary Mexico and reveals instead a cultural power struggle between entrenched elite factions each intending to define Mexico's national identity Using documents found in regional archives Daniel Newcomer provides a new interpretation of how radically opposed conservative and revolutionary elites came to a political détente in the traditional Catholic stronghold of León Guanajuato during the 1940s León's conservatives sought to limit the influence of the revolutionary government because state sponsored modernization projects threatened local character and institutions Tensions regarding the extent of state power culminated in the 1946 León massacre during which government troops gunned down more than two dozen citizens As the defining moment in local history the violent confrontation helped solidify a new elite consensus or an official story that hinged on negotiated tenets of modernity particularly ideals of industrialization and democracy and supposedly validated state power among the general population Newcomer argues that advocates of the revolutionary state and their local opposition including the pro Catholic Sinarquistas attempted to create hegemonic appearances to legitimate their claims to political power but ultimately relied on a rationalization of the use of state violence to enforce the social order they idealized *Reconciling Modernity* concludes that the postrevolutionary government proved unable to legitimize its rule among the popular classes and reveals how history written by the victors can obscure the processes of historical change **The Business of Leisure** Andrew Grant Wood, 2021 The essays in this collection explore the history of tourism and its promotion and development throughout Latin American and the Caribbean in the twentieth century **Visible Ruins** Mónica M. Salas Landa, 2024-05-07 An examination of the failures of the Mexican Revolution through the visual and material records

**Resurrecting Tenochtitlan** Delia Cosentino, Adriana Zavala, 2023-05-16 How Mexican artists and intellectuals created a new identity for modern Mexico City through its ties to Aztec Tenochtitlan *Mexican Waves* Sonia Robles, 2019-10-08 *Mexican Waves* is the fascinating history of how borderlands radio stations shaped the identity of an entire region as they addressed the needs of the local population and fluidly reached across borders to the United States In so doing radio stations created a new market of borderlands consumers and worked both within and outside the constraints of Mexican and U S laws Historian Sonia Robles examines the transnational business practices of Mexican radio entrepreneurs between the Golden Age of radio and the early years of television history Intersecting Mexican history and diaspora studies with communications studies this book explains how Mexican radio entrepreneurs targeted the Mexican population in the United States decades before U S advertising agencies realized the value of the Spanish language market Robles's robust transnational research

weaves together histories of technology performance entrepreneurship and business into a single story Examining the programming of northern Mexican commercial radio stations the book shows how radio stations from Tijuana to Matamoros courted Spanish language listeners in the U S Southwest and local Mexican audiences between 1930 and 1950 Robles deftly demonstrates Mexico's role in creating the borderlands adding texture and depth to the story Scholars and students of radio Spanish language media in the United States communication studies Mexican history and border studies will see how Mexican radio shaped the region's development and how transnational listening communities used broadcast media's unique programming to carve out a place for themselves as consumers and citizens of Mexico and the United States **The**

**Labyrinth of North American Identities** Philip Resnick, 2012-04-25 What exactly does it mean to be North American Europeans have been engaged in a long running debate about the meaning and nature of Europe The Labyrinth of North American Identities generates a similar discussion in the context of North America what do we learn about North America as a unit and its individual countries when we explore the idea of a shared North American identity Combining cultural anthropological historical political economic and religious considerations Philip Resnick acknowledges the relative differences in power and influence of the United States and its North American neighbours but digs deeper to uncover shared characteristics that constitute a labyrinth of North American identities unrestricted by national boundaries To date discussions of North America have largely revolved around the often technical implications of the North American Free Trade Agreement NAFTA or US homeland security What has been lacking by contrast is a culturally driven set of reflections This book examines the legacy of indigenous cultures the role of organized religion pathways to independence the role of imperial languages manifest destiny market capitalism and its limitations democratic practices and failures diverging uses of the state new world utopias and dystopias regional identities and civilizational perspectives What results is a vision of North America that defies any top down attempt to impose a homogeneous North Americanness Futbolera Brenda Elsey, Joshua

Nadel, 2019-05-21 Latin American athletes have achieved iconic status in global popular culture but what do we know about the communities of women in sport Futbolera is the first monograph on women's sports in Latin America Because sports evoke such passion they are fertile ground for understanding the formation of social classes national and racial identities sexuality and gender roles Futbolera tells the stories of women athletes and fans as they navigated the pressures and possibilities within organized sports Futbolera charts the rise of physical education programs for girls often driven by ideas of eugenics and proper motherhood that laid the groundwork for women's sports clubs which began to thrive beyond the confines of school systems Futbolera examines how women challenged both their exclusion from national pastimes and their lack of access to leisure bodily integrity and public space This vibrant history also examines women's sports through comparative case studies of Argentina Brazil Chile Costa Rica Mexico and others Special attention is given to women's sports during military dictatorships of the 1970s and 80s as well as the feminist and democratic movements that followed The book

culminates by exploring recent shifts in mindset towards women's football and dynamic social movements of players across Latin America

*Foodscapes, Foodfields, and Identities in the Yucatán* Steffan Igor Ayora-Díaz, 2012-01-01 The state of Yucatán has its own distinct culinary tradition and local people are constantly thinking and talking about food They use it as a vehicle for social relations but also to distinguish themselves from Mexicans This book examines the politics surrounding regional cuisine as the author argues that Yucatecan gastronomy has been created and promoted in an effort to affirm the identity of a regional people and to oppose the hegemonic force of central Mexican cultural icons and forms In particular Yucatecan gastronomy counters the homogenizing drive of a national cuisine based on dominant central Mexican appetencies and defies the image of Mexican national cuisine as rooted in indigenous traditions Drawing on post structural and postcolonial theory the author proposes that Yucatecan gastronomy having successfully gained a reputation as distinct and distant from Mexican cuisine is a bifurcation from regional culinary practices However the author warns this leads to a double paradoxical situation that divides the nation while a national cuisine attempts to silence regional cultural diversity the fissures in the project of a homogeneous regional identity are revealed

**The Posthumous Career of Emiliano Zapata** Samuel Brunk, 2008-10-01 Before there was Che Guevara there was Emiliano Zapata the charismatic revolutionary who left indelible marks on Mexican politics and society The sequel to Samuel Brunk's 1995 biography of Zapata *The Posthumous Career of Emiliano Zapata* traces the power and impact of this ubiquitous immortalized figure Mining the massive extant literature on Zapata supplemented by archival documents and historical newspaper accounts Brunk explores frameworks of myth and commemoration while responding to key questions regarding the regime that emerged from the Zapatista movement including whether it was spawned by a genuinely popular revolution Blending a sophisticated analysis of hegemonic systems and nationalism with lively accessible accounts of ways in which the rebel is continually resurrected decades after his death in a 1919 ambush Brunk delves into a rich realm of artistic geographical militaristic and ultimately all encompassing applications of this charismatic icon Examining all perspectives from politicized commemorations of Zapata's death to popular stories and corridos *The Posthumous Career of Emiliano Zapata* is an eloquent engaging portrait of a legend incarnate

The Literature of Jealousy in the Age of Cervantes Steven Wagschal, 2006 Explores the theme of jealousy in early modern Spanish literature through the works of Lope de Vega Cervantes and Gongora Using the philosophical frameworks of Vives Descartes Freud and DeSousa Wagschal proposes that the theme of jealousy offered a means for working through political and cultural problems involving power Provided by publisher

On Bramante Pier Paolo Tamburelli, 2022-05-10 A new interpretation of the work of Bramante suggesting an agenda for contemporary architectural

practice In On Bramante architect Pier Paolo Tamburelli considers the work of the celebrated Italian Renaissance architect Donato Bramante and through this reappraisal suggests a possible agenda for current architectural practice Bramante Tamburelli argues offers an excellent starting point to imagine a contemporary theory of space to reflect on the relationship between architecture and politics and to look back with neither nostalgia nor contempt at the tradition of Western classicism Starting from a discussion of the difference in the work of Bramante in Milan 1481 1499 and Rome 1499 1514 Tamburelli highlights the peculiarities of Bramante s architecture especially in comparison to that of his predecessor Leon Battista Alberti and successor Andrea Palladio This in turn opens up new possibilities for appreciating his spatial experiments and to derive from Bramante s abstraction and disassociation of form from function a revised theory of space for contemporary architecture Such a theory might even advance a newfound political understanding of classicism and a model perhaps more valid now than ever before for a public architecture The text is bookended by a series of color photographic plates of Bramante s works by photographer Bas Princen      **Bulletin of the Atomic Scientists** ,1970-06 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world      *Forthcoming Books* Rose Arny,1996-06      *Arts & Humanities Citation Index* ,2002      **TLS, the Times Literary Supplement** ,1983
