Fragments Saved From The Past:

Fragments Saved from the Past Kathleen Thornes, 1999-04-01 *Fragments of an Infinite Memory* Maël Renouard, 2021-02-09 A deeply informed yet playful and ironic look at how the internet has changed human experience memory and our sense of self and that belongs on the shelf with the best writings of Roland Barthes and Jean Baudrillard One day as I was daydreaming on the boulevard Beaumarchais I had the idea it came and went in a flash almost in spite of myself of Googling to find out what I'd been up to and where I'd been two evenings before at five o'clock since I couldn't remember on my own So begins Maël Renouard's *Fragments of an Infinite Memory* a provocative and elegant inquiry into life in a wireless world Renouard is old enough to remember life before the internet but young enough to have fully accommodated his life to the internet and the gadgets that support it Here this young philosopher novelist and translator tries out a series of conjectures on how human experience especially the sense of self is being changed by our continual engagement with a memory that is impersonal and effectively boundless Renouard has written a book that is rigorously impressionistic deeply informed historically and culturally but is also playful ironic personal and formally adventurous a book that withstands comparison to the best of Roland Barthes and Jean Baudrillard **The Political Philosophy of Hannah Arendt** Maurizio Passerin d'Entrèves, 2002-01-04 First published in 1993 This is a systematic introduction to the thought of one of the most important political philosophers of the twentieth century The author uncovers the concepts of modernity action judgement and citizenship that underpin her work **Library of Universal History and Popular Science ...** Israel Smith Clare, 1910
