Miranti, 1999-12-28 An overview of the role of institutions and organisations in the development of corporate finance      *Antoine Frédéric Ozanam* Raymond L. Sickinger, 2017-06-30 Raymond Sickinger's biography of Antoine Frédéric Ozanam is more than a chronological account of Ozanam's relatively brief but extraordinary life. It is also a comprehensive study of a man who touched many lives as a teacher, writer, and principal founder of the Society of St Vincent de Paul. Ozanam's life encompassed a particularly turbulent time in French history and he was a witness to two major political upheavals: the overthrow of the Bourbon dynasty that brought Louis Philippe to power in 1830 and the end of Louis Philippe's Bourgeois Monarchy as a result of the 1848 Revolutions. This book examines Ozanam's life in a number of ways. First, it explores the various roles he played throughout his life: son, sibling, student, member of, and an inspiration for the Society of St Vincent de Paul; spouse and father; scholar and spokesperson for the common people. Second, it examines the lessons he learned in his life, including the importance of friendship, the meaning of solidarity, and the role and purpose of suffering among many others that he shares with those who study his thought and work. It concludes with an account of Ozanam's enduring legacy. Antoine Frédéric Ozanam feared that he would not have a fruitful career, but his legacy remains a powerful testimony to his greatness. This book will interest scholars wishing to know more about Ozanam and the period in which he lived, as well as a wider audience including those who are aware of or are members of the Society of St Vincent de Paul.      France in Modern Times Gordon Wright, 1974 The inhabitants of a small northern Canadian village consider Jake a lazy old man, but when their town is overrun with owls, only Jake knows how to scatter the birds.      *Murder in Parisian Streets* Thomas Cragin, 2006 In *Murder in Parisian Streets*, Thomas Cragin provides an in-depth study of the production, sale, and content of the canards. He demonstrates their significance to nineteenth-century culture, even their role in determining the emerging tabloid's success. Cragin explores the incremental creation of textual meaning in the canards' authorship, production, distribution, and consumption. He exposes the power of oral traditions as well as modern marketing at work upon this popular news literature. The canards challenge our assumptions about the nineteenth-century's revolution in print and reorient our understanding of cultural creation through textual construction. Jacket      **Uncertain Victory** James T. Kloppenberg, 1988-03-24 Between 1870 and 1920, two generations of European and American intellectuals created a transatlantic community of philosophical and political discourse. *Uncertain Victory*, the first comparative study of ideas and

politics in France Germany the U S and Great Britain during these fifty years demonstrates how a number of thinkers from different traditions converged to create the theoretical foundations for new programs of social democracy and progressivism Kloppenberg studies a wide range of pivotal theorists and activists including philosophers such as William James Wilhelm Dilthey and T H Green democratic socialists such as Jean Jaur s Walter Rauschenbusch Eduard Bernstein and Beatrice and Sidney Webb and social theorists such as John Dewey and Max Weber as he establishes the connection between the philosophers challenges to the traditions of empiricism and idealism and the activists opposition to the traditions of laissez faire liberalism and revolutionary socialism By demonstrating a link between a philosophy of self conscious uncertainty and a politics of continuing democratic experimentation and by highlighting previously unrecognized similarities among a number of prominent 19th and 20th century thinkers *Uncertain Victory* is sure to spur a reassessment of the relationship between ideas and politics on both sides of the Atlantic
