How to Read a Film James Monaco, 1977 **America's Corporate Art** Jerome Christensen, 2012-01-11 Contrary to theories of single person authorship America s Corporate Art argues that the corporate studio is the author of Hollywood motion pictures both during the classical era of the studio system and beyond when studios became players in global dramas staged by massive entertainment conglomerates Hollywood movies are examples of a commodity that until the digital age was rare a self advertising artifact that markets the studio s brand in the very act of consumption The book covers the history of corporate authorship through the antithetical visions of two of the most dominant Hollywood studios Warner Bros and MGM During the

classical era these studios promoted their brands as competing social visions in strategically significant pictures such as MGM's *Singin in the Rain* and Warner's *The Fountainhead* Christensen follows the studios divergent fates as MGM declined into a valuable and portable logo while Warner Bros employed *Batman*, *JFK* and *You've Got Mail* to seal deals that made it the biggest entertainment corporation in the world The book concludes with an analysis of the Disney Pixar merger and the first two *Toy Story* movies in light of the recent judicial extension of constitutional rights of the corporate person

The Palgrave Handbook of Sound Design and Music in Screen Media Liz Greene, Danijela Kulezic-Wilson, 2016-12-14 This book bridges the existing gap between film sound and film music studies by bringing together scholars from both disciplines who challenge the constraints of their subject areas by thinking about integrated approaches to the soundtrack As the boundaries between scoring and sound design in contemporary cinema have become increasingly blurred both film music and film sound studies have responded by expanding their range of topics and the scope of their analysis beyond those traditionally addressed The running theme of the book is the disintegration of boundaries which permeates discussions about industry labour technology aesthetics and audiovisual spectatorship The collaborative nature of screen media is addressed not only in scholarly chapters but also through interviews with key practitioners that include sound recordists sound designers composers orchestrators and music supervisors who honed their skills on films TV programmes video games commercials and music videos

Solzhenitsyn's Traditional Imagination James M. Curtis, 2008 Most critics overlook the literary significance of Alexander Solzhenitsyn's work focusing instead on biographical political and moral interpretations This examination of Solzhenitsyn's major novels *One Day in the Life of Ivan Denisovitch* *The First Circle* *Cancer Ward* and *August 1914* emphasizes that his writings must be understood within the tradition of Russian literature and the context of Western culture James M Curtis provides a detailed analysis of Tolstoy's crucial influence on Solzhenitsyn and he discusses at length

Solzhenitsyn's relationship to Dostoyevsky, Leskov, Chekhov, and Zamyatin. Curtis also demonstrates that a study of Ernest Hemingway, whose books have been enormously popular in Russia, and Virginia Woolf can contribute to our understanding of the Russian novelist. Solzhenitsyn's *Traditional Imagination* includes a chapter on Dos Passos and Eisenstein, whose work constituted Solzhenitsyn's first major artistic interest outside Russian literature. The chapter presents the first comprehensive examination of the importance of film for Solzhenitsyn and shows how he learned the use of film technique in literature from Dos Passos and how he adapted it from Eisenstein's films. This was the first full-length study to use Solzhenitsyn's revised editions of *One Day*, *The First Circle*, and *Cancer Ward*, all published in 1978. Professor Curtis's careful use of the best available texts, together with his wide knowledge of contemporary literary criticism and his insistence upon Solzhenitsyn's purely literary importance, make this a valuable book for all students of Solzhenitsyn's fiction. *The Technique of Film and Video Editing* Ken Dancyger, 2014-07-23. First published in 2011. Routledge is an imprint of Taylor & Francis, an information company.
