Leslie Willson, 1998-11-01 Expertly introduced and edited by A Leslie Willson the present volume is a collection to read and cherish and to reread to pass along and talk about Its broad themes of tragedy satire and carefully observed daily living make it a cross section of German life and liveliness over the second half of the 20th century **The Politics of Literature in Nazi Germany** Jan-Pieter Barbian, 2013-08-29 This is the most comprehensive account to date of literary politics in Nazi Germany and of the institutions organizations and people who controlled German literature during the Third Reich Barbian details a media dictatorship involving the persecution and control of writers publishers and libraries but also voluntary assimilation and pre emptive self censorship that began almost immediately under the National Socialists leading to authors forced declarations of loyalty literary propaganda censorship and book burnings Special attention is given to Nazi regulation of the publishing industry and command over all forms of publication and dissemination from the most prestigious publishing houses to the smallest municipal and school libraries Barbian also shows that although the Nazis censored books not in line with Party aims many publishers and writers took advantage of loopholes in their system of control Supporting his work with exhaustive research of original sources Barbian describes a society in which everybody who was not openly opposed to it participated in the system whether as a writer an editor or even as an ordinary visitor to a library
