Carroll,1997-10-22 At a time when the New Age movement is starting to make good on the Spiritualists vision of America as a grand clairvoyant nation Carroll s work raises provocative questions about the tension between freedom and authority in the harmonial religions of today Church History offers the most comprehensive sane examination of its topic yet available no mean achievement for a subject long afflicted by religious partisanship and now perhaps in danger of sympathetic attraction Journal of American History fascinating reading it will be for those with a taste for good scholarly writing and a love of the American past and the manifold varieties of the spiritual quest The Quest In addition to being an excellent introduction to mid 19th century Spiritualism Carroll s work also offers scholars a new vantage point from which to view the religious creativity that was so prominent in antebellum America in general Choice During the decade before the Civil War a growing number of Americans gathered around tables in dimly lit rooms joined hands and sought enlightening contact with spirits The result was Spiritualism a distinctly colorful religious ideology centered on spirit communication and spirit activity Spiritualism in Antebellum America analyzes the attempt by spiritually restless Americans of the 1840s and 1850s to negotiate a satisfying combination of freedom and authority as they sought a sense of harmony with the universe *Trübner's American and Oriental Literary Record* ,1869 **Catalogue of the Library of the Peabody Institute of the City of Baltimore ...** George Peabody Library,1885 **The American Bibliopolist** ,1869 **The Spiritualist Movement** Christopher M. Moreman,2013-08-27 At once controversial and intriguing Spiritualism has spread from the United States to become a global movement Bringing together perspectives from within the movement and without this unique collection treats readers to insights about Spiritualism s history belief and practice Based on the belief that the dead can communicate with the living through mediums Spiritualism touches concepts as timelessly fascinating as human mortality and the continuing existence of the soul beyond bodily death This comprehensive work will help readers parse the mysteries of this uniquely American religion through three thematically organized volumes Spiritualism in the U S and Globally Evidence and Beliefs and Cultural and Social Issues Drawing on fields as diverse as psychology sociology religious studies anthropology history ethnic and gender studies literature and art this broad based collection frames Spiritualism through the views of a team of international scholars Among the many things that separate Spiritualism from mainstream religions is the involvement of women in central leadership roles Such cultural and political elements of the movement are one aspect of this study Of equal interest to believers and skeptics alike will be the work of scholars who have devoted themselves to examining the claim that communication through mediums proves the existence of life after death **Catalogue of the Library of the Peabody Institute of the City of Baltimore** Anonymous,2025-08-01 Reprint of the original first published in 1883 The Antigonos
