Four Quarters Of Light:

Four Quarters of Light Brian Keenan, 2008-12-18 Brian Keenan's fascination with Alaska began as a small boy choosing his first library book in a Belfast school. The book was Jack London's wondrous *Call of the Wild*. And it has permeated Keenan's life ever since. A short visit to Fairbanks several years ago was enough to seal his connection with the place and he resolved to return. Last year he did so with a head full of questions about its inspiring landscape and heart informed with his own love of the desolate and barren places of the world. In the course of a journey that takes him through four geographical quarters from snowmelt in May to snowfall in September he discovers a land as fantastical as a fairytale but whose vastness has a very peculiar type of allure.

The Taoist I Ching Lui I-ming, 2005-05-03 The I Ching or Book of Change is considered the oldest of the Chinese classics and has throughout history commanded unsurpassed prestige and popularity. Containing several layers of text and given numerous levels of interpretation it has captured continuous attention for well over two thousand years. It has been considered a book of fundamental principles by philosophers, politicians, mystics, alchemists, yogins, diviners, sorcerers and more recently by scientists and mathematicians. This first part of the present volume is the text of the I Ching proper: the sixty-four hexagrams plus sayings on the hexagrams and their lines with the commentary composed by Liu I-ming, a Taoist adept in 1796. The second part is Liu I-ming's commentary on the two sections added to the I Ching by earlier commentators believed to be members of the original Confucian school; these two sections are known as the Overall Images and the Mixed Hexagrams. In total the book illuminates the Taoist inner teachings as practiced in the School of Complete Reality. Well versed in Buddhism and Confucianism as well as Taoism, Liu I-ming intended his work to be read as a guide to comprehensive self-realization while living an ordinary life in the world. In his attempt to lift the veil of mystery from the esoteric language of the I Ching he employs the terminology of psychology, sociology, history, myth, and religion. This commentary on the I Ching stands as a major contribution to the elucidation of Chinese spiritual genius.

Ancient Egypt, the Light of the World Gerald Massey, 1992 Gerald Massey was one of the first Egyptologists in modern times to realize that with the final eclipse of the incredibly old Land of Kam, a light had been extinguished in world civilization. He was a man of protean interests and concerns at once a poet, socialist, Shakespearean scholar, mythographer, and Egyptologist. Part of his genius was the ability to look truth in the face and not flinch. Massey did in the cultural domain what modern paleontologists have done in the anthropological: pinpoint Africa as the crucible of humanity's story. In the first volume of *Ancient Egypt*, Massey was primarily concerned with elaborating how the first humans emerged in Africa, created thought. What had been evident to him from the outset was that the myths, rituals, and religions of ancient Egypt or Old Kam had preserved virtually intact a record of the psychomythic evolution of humanity. In the second volume, Massey examines the celestial phenomenon known as the Precession of the Equinoxes. He believed only by understanding this phenomenon was it possible to fathom Nile Valley history. He provides the reader with extensive detail on the interconnection of the two. The last

half of the second volume is devoted to the Kamite sources of Christianity Massey demonstrated the manner in which New Testament Christianity evolved directly out of the Osirian mysteries Massey pioneered the effort to connect Old Kamite thought to its origin in Africa's antiquity His conclusions which are constantly being verified showed that Kamite thought was the direct progenitor to the philosophy metaphysics religion and science that eventually shaped Western civilization from back cover
