Four Days That Shook Hungary:

Four Days that Shook Hungary Lajos Gubcsi, 1989 Sub title on cover Budapest 5 9 October 1989 *One Day That Shook the Communist World* Paul Lendvai, 2010-12-16 On October 23 1956 a popular uprising against Soviet rule swept through Hungary like a force of nature only to be mercilessly crushed by Soviet tanks twelve days later Only now fifty years after those harrowing events can the full story be told This book is a powerful eyewitness account and a gripping history of the uprising in Hungary that heralded the future liberation of Eastern Europe Paul Lendvai was a young journalist covering politics in Hungary when the uprising broke out He knew the government officials and revolutionaries involved He was on the front lines of the student protests and the bloody street fights and he saw the revolutionary government smashed by the Red Army In this riveting deeply personal and often irreverent book Lendvai weaves his own experiences with in depth reportage to unravel the complex chain of events leading up to and including the uprising its brutal suppression and its far reaching political repercussions in Hungary and neighboring Eastern Bloc countries He draws upon exclusive interviews with Russian and former KGB officials survivors of the Soviet backlash and relatives of those executed He reveals new evidence from closed tribunals and documents kept secret in Soviet and Hungarian archives Lendvai's breathtaking narrative shows how the uprising while tragic delivered a stunning blow to Communism that helped to ultimately bring about its demise *One Day That Shook the Communist World* is the best account of these unprecedented events

Days That Changed the World Hywel Williams, 2025-07-03 The currents of History run deep and often unseen beneath the everyday ripple of events But now and again the current rises to the surface and the events of a single day shed an exceptional light on the meaning of the past Such events are the subject of *Days that Changed the World* Some of the 50 days described here mark the end of an era others the start of something new Many are the dates of bloody battles or murders others of momentous decisions or breathtaking discoveries All are remembered as powerful symbols of their time Our story begins almost 2500 years ago on 28 September 480 before the Christian Era when the Athenian navy destroyed the Persian invasion fleet in the Bay of Salamis Had the Persians won we might never have heard the names of Plato Aristotle or Alexander nor recognize the word democracy Charting 50 such defining moments concluding with Nelson Mandela's release from prison in 1990 and 9 11 a decade after *Days that Changed the World* is a unique and fascinating way to portray the story of world history Repackaged into a neat and striking format with a brand new cover and an entirely narrative approach it is bound to be anyone interested in History's favourite encyclopaedia

Cry Hungary! Reg Gadney, 1986 **Hungary** Hirendranath Mukerjee, 1980 *The Transition to Democracy in Hungary* Dae Soon Kim, 2013-07-18

Unlike in other countries of Eastern Europe where the opposition to communism came in the form of single mass movements led by charismatic leaders such as Václav Havel and Lech Wałęsa in Hungary, the opposition was very fragmented, brought together and made effective only by the authoritative, significant but relatively unknown Róbert Gábor who subsequently became Hungary's first post-communist president. This book charts the political career of Róbert Gábor, outlining the outstanding contribution he made to Hungary's transition to democracy. Drawing on a wide range of sources, including archives and interviews with Gábor himself and others, it shows how Gábor, unlike Havel who was a playwright and whose political role was largely symbolic, was a campaigning politician all his life, consistently advocating social democratic but not communist values. Imprisoned from 1956 for his participation in the 1956 uprising, Gábor was a highly effective political operator in the transition period around 1989 and, as president, wielded real power effectively. As politics in Hungary are

again marred by deep division and fragmentation. G ncz s success in bringing rival groups together is even more pronounced

Hungary and the superpowers Janos Radvanyi, 1972 *The Austro-Hungarian Army and the First World War* Graydon A. Tunstall, 2021-09-30 This is a definitive account of the Austro-Hungarian Royal and Imperial Army during the First World War. Graydon A. Tunstall shows how Austria-Hungary entered the war woefully unprepared for the ordeal it would endure. When the war commenced, the Habsburg Army proved grossly under-strength relative to trained officers and manpower, possessing obsolete weapons and equipment, and with the vast majority of its troops proved inadequately trained for modern warfare. Well over one million Habsburg troops mobilized, creating an enormous logistical challenge of forging an army from the diverse cultures, languages, economic and educational backgrounds of the Empire s peoples. Graydon A. Tunstall shows how the army suffered from poor strategic direction and outdated tactics, and facing a two-front offensive against both Russia and Serbia. He charts the army s performance on the battlefields of Galicia, Serbia, Romania, the Middle East, and Italy through to its ultimate collapse in 1918.
