The Trade in Wildlife Sara Oldfield,2012 A valuable addition to the wildlife conservation and management literature Journal of International Wildlife Law and Policy This book provides the reader with a fascinating set of debates about the ethical biological and socio economic issues that arise in attempting to regulate the wildlife trade Development and ChangeThe regulation of the trade in wildlife is failing From the snow leopard of India to the monkey puzzle tree of South America increasing numbers of plant and animal species are threatened with extinction despite improvements both in our understanding of the issues involved and in the management of global trade Insight into why this is taking place and how to halt it is urgently needed The Trade in Wildlife provides a timely and broad based critical assessment of how the international trade in wildlife is currently regulated and how those regulations are enforced or all too often ignored Through analysis of key case studies and a comparative look at the trade in other illegal goods it highlights the weakness in the current system shows where it is failing and clearly outlines what must be done if conservation efforts are to be supported by trade regulations rather than undermined by them This is a comprehensive resource for academics and students in economics environmental studies law and politics and a critical text for conservationists policy makers and NGOs

The Politics and Economics of Park Management Terry Lee Anderson,Alexander James,2001 The Politics and Economics of Park Management

examines national protected area systems in both developed and developing countries that have made a transformation from fortress parks to a sustainable use model The contributors park management academics and members of nongovernmental organizations contend that successful institutional change in protected area systems involves not only the adoption of appropriate legal and regulatory regimes covering sustainable use but also the development of an informal culture of sustainable resource use among all of a park's stakeholders While this latter requirement is often difficult to achieve the contributors show how these informal attitudes may evolve over time both within the management structure of a park agency and the community of resource users The case studies cited represent examples of successful institutional change demonstrating both financial and conservation benefits to protected area agencies that should serve as model for managing parks today 104-2 Hearing: Elephant, Rhino, and Tiger Conversation, Serial No. 104-77, June 20, 1996, 1996 Ivory's Ghosts John Frederick Walker, 2010-01-19 A tour de force examination of the history of ivory and the demise of the elephant and human decency in the process of this unholy quest The Huffington Post Praised for the nuance and sensitivity with which it approaches one of the most fraught conservation issues we face today John Frederick Walker's Ivory's Ghosts tells the astonishing story of the power of ivory through the ages and its impact on elephants Long before gold and gemstones held allure ivory came to be prized in every culture of the world from ancient Egypt to nineteenth century America to modern Japan for its beauty rarity and ability to be finely carved But the beauty came at an unfathomable cost Walker lays bare the ivory trade's cruel connection with the slave trade and the increasing slaughter of elephants in the nineteenth and early twentieth centuries By the 1980s elephant poaching reached levels that threatened the last great herds of the African continent and led to a worldwide ban on the ancient international trade in tusks But the ban has failed to stop poaching or the emotional debate over what to do with the legitimate and growing stockpiles of ivory recovered from elephants that die of natural causes Ivory's Ghost is essential reading for anyone concerned with conservation and with the tenuous future of one of the most magnificent creatures our earth has ever seen George B Schaller author of A Naturalist and Other Beast
