Fragile Flag The:

The Fragile Flag Jane Langton, 1984 Everything depends on them When Georgie Hall decides to walk from Concord Massachusetts to Washington D C with a letter to the President and an old flag capable of producing magical visions no one doubts that she has the will or ability to do it Along with her stepcousins Eleanor and Eddy Georgie begins the Children s Crusade to stop the President from building a globally fatal nuclear bomb known as the Peace Missile But 450 miles is a long way to walk and even as the Crusade picks up members along the way its marchers can t help but wonder if their actions will make a difference or if it is already too late **The Fragile Flag** , *Fragile Flag* Jane Langton, 2002-02-01 A nine year old girl leads a march of children from Massachusetts to Washington in protest against the President s new missile which is capable of destroying the earth

Children and Cultural Memory in Texts of Childhood Heather Snell, Lorna Hutchison, 2013-11-07 The essays in this collection address the relationship between children and cultural memory in texts both for and about young people The collection overall is concerned with how cultural memory is shaped contested forgotten recovered and re circulated sometimes in opposition to dominant national narratives and often for the benefit of young readers who are assumed not to possess any prior cultural memory From the innovative development of school libraries in the 1920s to the role of utopianism in fixing cultural memory for teen readers it provides a critical look into children and ideologies of childhood as they are represented in a broad spectrum of texts including film poetry literature and architecture from Canada the United States Japan Germany Britain India and Spain These cultural forms collaborate to shape ideas and values in turn contributing to dominant discourses about national and global citizenship The essays included in the collection imply that childhood is an oft imagined idealist construction based in large part on participation identity and perception childhood is invisible and tangible exciting and intriguing and at times elusive even as cultural and literary artifacts recreate it *Children and Cultural Memory in Texts of Childhood* is a valuable resource for scholars of children s literature and culture readers interested in childhood and ideology and those working in the fields of diaspora and postcolonial studies

Literature Suppressed on Political Grounds, Fourth Edition Nicholas Karolides, 2019-08-01 Throughout history tyrants totalitarian states church institutions and democratic governments alike have banned books that challenged their assumptions or questioned their activities Political suppression also occurs in the name of security and the safeguarding of official secrets and is often used as a weapon in larger cultural or political battles *Literature Suppressed on Political Grounds Fourth Edition* illustrates the extent and frequency of such censorship in nearly every form of writing Entries include *Animal Farm* George Orwell *The Appointment* Herta and Paul Amirian Born on the Fourth of July Ron Kovic *Burger s Daughter* Nadine Gordimer *Cancer Ward* Aleksandr Solzhenitsyn *Doctor Zhivago* Boris Pasternak *The Fugitive* Pramod Chaudhuri *Anata Toer* *Girls of Riyadh* Rajaa Alsanea *The Grapes of Wrath* John Steinbeck *Gulliver s Travels* Jonathan Swift *The Hate U Give* Angie Thomas *The Jungle* Upton Sinclair *Kiss of the Spider Woman* Manuel Puig *Manifesto of the Communist Party* Karl Marx and Friedrich

Center for Children's Books,1986-08 Designed to aid adults parents teachers librarians in selecting from the best of recent children's literature this guide provides 1 400 reviews of books published between 1979 and 1984 This volume carries on the tradition established by Zena Sutherland's two earlier collections covering the periods from 1966 to 1972 and 1973 to 1978 Her 1973 edition of The Best in Children's Books was cited by the American School Board Journal as one of the outstanding books of the year in education Flag Symposium Pennsylvania. Capitol Preservation Committee,1987 *Controversial Books in K-12 Classrooms and Libraries* Randy Bobbitt,2019-10-04 Controversial Books in K 12 Classrooms and Libraries Challenged Censored and Banned analyzes the history of controversy surrounding assigned reading in K 12 classrooms and books available in school libraries Randy Bobbitt outlines the history of book banning and controversy in the United States stemming from 1950s conservative Cold War values of patriotism and respect for authority and ramping up through the 1960s and onward as media coverage and parental intervention into the inner workings of schools increased The author claims that sensitive topics including sexuality suicide and drug use do not automatically imply the glorification of deviant behavior but can be used constructively to educate students about the reality of life Bobbitt argues that in an effort to shield children from the dangers of controversial issues parents and administrators are depriving them of the ability to discover and debate values that are inconsistent with their own and those around them teaching instead that avoidance of different viewpoints is the solution Scholars of education communication literature and policy will find this book especially useful *Civil War Flags of Tennessee* Stephen Douglas Cox,2024-01-12 Civil War Flags of Tennessee provides information on all known Confederate and Union flags of the state and showcases the Civil War flag collection of the Tennessee State Museum This volume is organized into three parts Part 1 includes interpretive essays by scholars such as

Greg Biggs Robert B Bradley Howard Michael Madaus and Fonda Ghiardi Thomsen that address how flags were used in the Civil War their general history their makers and preservation issues among other themes Part 2 is a catalogue of Tennessee Confederate flags Part 3 is a catalogue of Tennessee Union flags The catalogues present a collection of some 200 identified extant Civil War flags and another 300 flags that are known through secondary and archival sources all of which are exhaustively documented Appendices follow the two catalogue sections and include detailed information on several Confederate and Union flags associated with the states of Mississippi North Carolina and Indiana that are also contained in the Tennessee State Museum collection Complete with nearly 300 color illustrations and meticulous notes on textiles and preservation efforts this volume is much more than an encyclopedic log of Tennessee related Civil War flags Stephen Cox and his team also weave the history behind the flags throughout the catalogues including the stories of the women who stitched them the regiments that bore them and the soldiers and bearers who served under them and carried them Civil War Flags of Tennessee is an eloquent hybrid between guidebook and chronicle and the scholar the Civil War enthusiast and the general reader will all enjoy what can be found in its pages Unprecedented in its variety and depth Cox s work fills an important historiographical void within the greater context of the American Civil War This text demonstrates the importance of Tennessee state heritage and the value of public history reminding readers that each generation has the honor and responsibility of learning from and preserving the history that has shaped us all and in doing so honoring the lives of the soldiers and civilians who sacrificed and persevered
