Fragile Roots Claire Hartford Hornstein, 2004-04 Mary Marsden lay between the two white sheets thinking should she end her worthless life or should she hang on She had just been raped by an old man that she looked up to so much He didn't know what he was doing it was the whisky I have contempt for quitters I believe only the weak take their own lives or bury themselves in that more harrowing grave of drunkenness Yet I who consider myself strong am contemplating suicide I am alone in this sterile hospital room and under my pillow are fourteen yellow capsules the accurate dose to put me to sleep dreamlessly forever But even a criminal has a trial so I shall write this plea for mercy tonight and when the gray light of early morning shows through the window I shall judge myself impartially and decide if circumstances were sufficiently extenuating for me to continue my existence The wheel of my memory swings back to nineteen hundred and thirty six and it was April Where was her father Why had he not been to see her there in the hospital Surely he would have been there if he knew They were so close her father and her since her mother was gone Where was he She turned her face to the pillow and sobbed Mary was left alone when her father committed suicide and was under age therefore she had to be sent to an orphanage From there she learned a trade in the laundry room washing and ironing all types of linen that the Catholic orphanage took in From there she took on a job working for an Italian man with a laundry where she went to live There she met a man that traveled in a circus doing horseback riding stunts with a girl The girl took sick when Mary asked to go in her place the ringmaster fell in love with the young girl in spite of his age and hoped that maybe things would develop between the two in spite of their age difference This is a wonderful exciting and heartwarming book that will keep you reading to the end

History of Terrorism Gérard Chaliand,2016-08-23 This authoritative work provides an essential perspective on terrorism by offering a rare opportunity for analysis and reflection at a time of ongoing violence threats and reprisals Some of the best international specialists on the subject examine terrorism s complex history from antiquity to the present day and find that terror long the weapon of the weak against the strong is a tactic as old as warfare itself Beginning with the Zealots of the first century CE contributors go on to discuss the Assassins of the Middle Ages the 1789 Terror movement in Europe Bolshevik terrorism during the Russian Revolution Stalinism resistance terrorism during World War II and Latin American revolutionary movements of the late 1960s Finally they consider the emergence of modern transnational terrorism focusing on the roots of Islamic terrorism al Qaeda and the contemporary suicide martyr Along the way they provide a groundbreaking analysis of how terrorism has been perceived throughout history What becomes powerfully clear is that only through deeper understanding can we fully grasp the present dangers of a phenomenon whose repercussions are far from over This updated edition includes a new chapter analyzing the rise of ISIS and key events such as the 2015 Paris attacks

Investigating Italy's Past through Historical Crime Fiction, Films, and TV Series Barbara Pezzotti,2016-09-11 This book is the first monograph in English that comprehensively examines the ways in which Italian historical crime novels TV series and films have become a means to intervene in the social and political changes of the country This study explores the ways in which fictional representations of the past mirror contemporaneous anxieties within Italian society in the work of writers such as Leonardo Sciascia Andrea Camilleri Carlo Lucarelli Francesco Guccini Lorian Macchiavelli Marcello Fois Maurizio De Giovanni and Giancarlo De Cataldo film directors such as Elio Petri Pietro Germi Michele Placido and Damiano Damiani and TV series such as the Commissario De Luca series the Commissario Nardone series and Romanzo criminale The series Providing the most wide ranging examination of this sub genre in Italy Barbara Pezzotti places works set in the Risorgimento WWII and the Years of Lead in the larger social and political context of contemporary Italy The Parterre of Poetry and Historical Romance ,1835 **Democracy and the Limits of Self-Government** Adam Przeworski,2010-06-07

The political institutions under which we live today evolved from a revolutionary idea that shook the world in the second part of the eighteenth century that a people should govern itself Yet if we judge contemporary democracies by the ideals of self government equality and liberty we find that democracy is not what it was dreamt to be This book addresses central issues in democratic theory by analyzing the sources of widespread dissatisfaction with democracies around the world With attention

throughout to historical and cross national variations the focus is on the generic limits of democracy in promoting equality effective participation control of governments by citizens and liberty The conclusion is that although some of this dissatisfaction has good reasons some is based on an erroneous understanding of how democracy functions Hence although the analysis identifies the limits of democracy it also points to directions for feasible reforms

The Worlding of the South African Novel Jane Poyner, 2020-08-20 The Worlding of the South African Novel develops from something of a paradox that despite momentous political transition from apartheid to democracy little in South Africa's socio economic reality has actually changed Poyner discusses how the contemporary South African novel engages with this reality In forms of literary experiment the novels open up intellectual spaces shaping or contesting the idea of the new South Africa The mediatizing of truth at the TRC hearings how best to deal with a spectacular yet covert past the shaping for unimagined communities of an inclusive public sphere HIV AIDS as the preeminent site testing capitalist modernity white anxieties about land reform disease as environmental injustice and the fostering of an enabling restorative cultural memory Poyner argues that through these key nodes of intellectual thought the novels speak to recent debates on world literature to register the shock of an uneven modernity produced by a capitalist world economy

The Hidden Jane Austen John Wiltshire, 2014-04-24 In this major study leading Austen scholar John Wiltshire offers new interpretations of Jane Austen's six novels Sense and Sensibility 1811 Pride and Prejudice 1813 Mansfield Park 1814 Emma 1816 Northanger Abbey and Persuasion 1818 Much recent criticism of Austen has concentrated on the social historical and intellectual context of her work but Wiltshire turns attention back to Austen's prose techniques Arguing that each of Austen's works has its own distinct focus and underlying agenda he shows how Austen's interest in psychology and especially her treatment of attention and the various forms of memory helped shape her narratives Through a series of compelling close readings of key passages in each novel Wiltshire underscores Austen's unique ability to penetrate the hidden inner motives and impulses of her characters and reveals some of the secrets of her narrative art

The Fin-de-siècle Poem Joseph Bristow, 2005 Featuring innovative research by emergent and established scholars The Fin de Siècle Poem throws new light on the remarkable diversity of poetry produced at the close of the nineteenth century in England Opening with a detailed preface that shows why literary historians have frequently underrated fin de siècle poetry the collection explains how a strikingly rich body of lyrical and narrative poems anticipated many of the developments traditionally attributed to Modernism Each chapter in turn provides insights into the ways in which late nineteenth century poets represented their experiences of the city their attitudes toward sexuality their responses to empire and their interest in religious belief The eleven essays presented by editor Joseph Bristow pay renewed attention to the achievements of such legendary writers as Oscar Wilde John Davidson Ernest Dowson Lionel Johnson and W B Yeats whose careers have always been associated with the 1890s This book also explores the lesser known but equally significant advances made by notable women poets including Michael Field Amy Levy Charlotte Mew Alice Meynell A Mary F Robinson

and Graham R Tomson The Fin de Siecle Poem brings together innovative research on poetry that has been typecast as the attenuated Victorianism that was rejected by Modernism The contributors underscore the remarkable innovations made in English poetry of the 1880s and 1890s and show how woman poets stood shoulder to shoulder with their better known male contemporaries Joseph Bristow is professor of English at the University of California Los Angeles where he edits the journal Nineteenth Century Literature His recent books include The Cambridge Companion to Victorian Poetry Oscar Wilde Contextual Conditions and the variorum edition of Oscar Wilde s The Picture of Dorian Gray

Minoru Yamasaki and the Fragility of Architecture Paul Kidder, 2021-07-18 Few figures in the American arts have stories richer in irony than does architect Minoru Yamasaki While his twin towers of New York s World Trade Center are internationally iconic few who know the icon recognize its architect s name or know much about his portfolio of more than 200 buildings One is tempted to call him America s most famous forgotten architect He was classed in the top tier of his profession in the 1950s and 60s as he carried modernism in novel directions yet today he is best known not for buildings that stand but for two projects that were destroyed under tragic circumstances the twin towers and the Pruitt Igoe housing project in St Louis This book undertakes a reinterpretation of Yamasaki s significance that combines architectural history with the study of his intersection with defining moments of American history and culture The story of the loss and vulnerability of Yamasaki s legacy illustrates the fragility of all architecture in the face of natural and historical forces yet in Yamasaki s view fragility is also a positive quality in architecture the source of its refinement beauty and humanity We learn something essential about architecture when we explore this tension of strength and fragility In the course of interpreting Yamasaki s architecture through the wide lens of the book we see the mid century role of Detroit as an industrial power and architectural mecca we follow a debate over public housing that entailed the creation and eventual destruction of many thousands of units we examine competing attempts to embody democratic ideals in architecture and to represent those ideals in foreign lands we ponder the consequences of anti Japanese prejudice and the masculism of the architectural profession we see Yamasaki s style criticized for its arid minimalism yet equally for its delicacy and charm we observe Yamasaki making a great name for himself in the Arab world but his twin towers ultimately destroyed by Islamic militants As this curious tale of ironies unfolds it invites reflection on the core of modern architecture s search for meaning and on the creative possibilities its legacy continues to offer Beautifully illustrated with over 100 color illustrations of Yamasaki s buildings this book will be of interest to students

academics and professionals in a range of disciplines including architectural history architectural theory architectural preservation and urban design and planning
