Fragments Portraits From The Inside:

Fragments Andre De Toth,1996-09-01 Fragments André De Toth,1994-01 Andre de Toth s remarkable eccentric and utterly compelling memoir opens amidst the enchanted cafe society of pre war Budapest With a novelist s sense of time and place he propels the reader through a series of snapshots from his fantastically eventful life from Vienna Paris and London to Hollywood where he encountered many of the legendary figures of cinema s golden age Ever the maverick de Toth avoids the anodyne cliches of the show biz biography Brutally honest and frequently self deprecating Fragments is a memoir with bite

Phantom Lady Christina Lane, 2020-02-04 Winner of the Mystery Writers of America's 2021 Edgar Allan Poe Award for Best Critical Biographical In 1933 Joan Harrison was a twenty six year old former salesgirl with a dream of escaping both her stodgy London suburb and the dreadful prospect of settling down with one of the local boys A few short years later she was Alfred Hitchcock's confidente and one of the Oscar nominated screenwriters of his first American film Rebecca Harrison had quickly grown from being the worst secretary Hitchcock ever had to one of his closest collaborators critically shaping his brand as the Master of Suspense Harrison went on to produce numerous Hollywood features before becoming a television pioneer as the producer of Alfred Hitchcock Presents A respected powerhouse she acquired a singular reputation for running amazingly smooth productions and defying anyone who posed an obstacle She built most of her films and series from the ground up She waged rough and tumble battles against executives and censors and even helped to break the Hollywood blacklist She teamed up with many of the most respected well known directors writers and actors of the twentieth century And she did it all on her own terms Author Christina Lane shows how this stylish stunning woman became Hollywood s most powerful female writer producer one whom history has since overlooked The Fragment Camelia Elias, 2004 This monograph is an interdisciplinary study of the concept of fragment in literature and in critical and literary theory It discusses the fragment's performativity and function within a historical perspective stretching from Heraclitus via the German Romantics and European writers of the Modernist period to American postmodern manifestations of the fragment This is the first history of the fragment to appear in English and it is also the first attempt at producing a consistent taxonomy of literary and critical fragments. The fragments are categorised according to function not author intention and the study addresses a number of questions What constitutes the fragment when the fragment can only be defined a posteriori Does the fragment begin on its own or is it begun by others writers and critics Does it acquire a name of its own or is it labelled by others All these questions revolve around issues of agency and they are best discussed in terms of performativity which means seeing fragments as acts acts of literature acts of reading acts of writing The book demonstrates how a poetics of the fragment as a performative genre can be created situating the fragment both as literature and as a phenomenon within postmodern criticism against the background of philosophy art history and theology Columbia Pictures Jim Pauley, 2024-10-15 Columbia Pictures reaches a major milestone in 2024 by celebrating the 100 year anniversary of Columbia's incorporation In

group who grew up in a time and place that will never come again Four helped usher in the nuclear age and the computer two were major movie myth makers two were immortal photographers and one was a seminal writer The Great Escape is a groundbreaking poignant American story and an important untold chapter of the tumultuous last century War with Poland, 1939-1945 M.B.B. Biskupski, 2010-01-08 This passionate carefully researched richly detailed well written study reveals the political motives behind WWII Hollywood's portrayal of Poles Choice During World War II Hollywood studios supported the war effort by making patriotic movies designed to raise the nation's morale Often the characterizations were as black and white as the movies themselves Americans and their allies were heroes while everyone else was a villain The peoples of Norway France Czechoslovakia and England were all good because they had been invaded or victimized by Nazi Germany Yet Poland the first country to be invaded by the Third Reich was repeatedly represented in a negative light In this prize winning study Polish historian M B B Biskupski explores why Biskupski presents a close critical study of prewar and wartime films such as To Be or Not to Be In Our Time and None Shall Escape Through memoirs letters diaries and memoranda written by screenwriters directors studio heads and actors Biskupski examines how the political climate and especially pro Soviet sentiment influenced Hollywood films of the time Winner of the Oscar Halecki Prize A Choice Outstanding Academic Title Historical Dictionary of Film Noir Andrew Spicer, 2010-03-19 Film noir literally black cinema is the label customarily given to a group of black and white American films mostly crime thrillers made between 1940 and 1959 Today there is considerable dispute about what are the shared features that classify a noir film and therefore which films should be included in this category These problems are partly caused because film noir is a retrospective label that was not used in the 1940s or 1950s by the film industry as a production category and therefore its existence and features cannot be established through reference to trade documents The Historical Dictionary of Film Noir is a comprehensive guide that ranges from 1940 to present day neo noir It consists of a chronology an introductory essay a bibliography a filmography and over 400 cross referenced dictionary entries on every aspect of film noir and neo noir including key films personnel actors cinematographers composers directors producers set designers and writers themes issues influences visual style cycles of films e g amnesiac noirs the representation of the city and gender other forms comics graphic novels television and videogames and noir s presence in world cinema It is an essential reference work for all those interested in this important Dark City Eddie Muller, 2021-07-20 This revised and expanded edition of Eddie Muller's Dark City is cultural phenomenon a film noir lover s bible taking readers on a tour of the urban landscape of the grim and gritty genre in a definitive highly illustrated volume Dark Cityexpands with new chapters and a fresh collection of restored photos that illustrate the mythic landscape of the imagination It s a place where the men and women who created film noir often find themselves dangling from the same sinister heights as the silver screen avatars to whom they gave life Eddie Muller host of Turner Classic Movies Noir Alley takes readers on a spellbinding trip through treacherous terrain Hollywood in the post World War II years where

art politics scandal style and brilliant craftsmanship produced a new approach to moviemaking and a new type of cultural mythology Michael Curtiz Alan K. Rode, 2017-11-17 Academy Award winning director Michael Curtiz 1886 1962 whose best known films include Casablanca 1942 Yankee Doodle Dandy 1942 Mildred Pierce 1945 and White Christmas 1954 was in many ways the anti auteur During his unprecedented twenty seven year tenure at Warner Bros he directed swashbuckling adventures westerns musicals war epics romances historical dramas horror films tearjerkers melodramas comedies and film noir masterpieces The director's staggering output of 180 films surpasses that of the legendary John Ford and exceeds the combined total of films directed by George Cukor Victor Fleming and Howard Hawks In the first biography of this colorful instinctual artist Alan K Rode illuminates the life and work of one of the film industry s most complex figures He explores the director's little known early life and career in his native Hungary revealing how Curtiz shaped the earliest days of silent cinema in Europe before immigrating to the United States in 1926 In Hollywood Curtiz earned a reputation for explosive tantrums his difficulty with English and disregard for the well being of others However few directors elicited more memorable portrayals from their casts and ten different actors delivered Oscar nominated performances under his direction In addition to his study of the director's remarkable legacy Rode investigates Curtiz's dramatic personal life discussing his enduring creative partnership with his wife screenwriter Bess Meredyth as well as his numerous affairs and children born of his extramarital relationships This meticulously researched biography provides a nuanced understanding of one of the most talented filmmakers of Hollywood's golden age Westerns Gary R. Edgerton, 2013-09-13 For nearly two centuries Americans have embraced the Western like no other artistic genre Creators and consumers alike have utilized this story form in literature painting film radio and television to explore questions of national identity and purpose Westerns The Essential Collection comprises the Journal of Popular Film and Television's rich and longstanding legacy of scholarship on Westerns with a new special issue devoted exclusively to the genre This collection examines and analyzes the evolution and significance of the screen Western from its earliest beginnings to its current global reach and relevance in the 21st century Westerns The Essential Collection addresses the rise fall and durability of the genre and examines its preoccupation with multicultural matters in its organizational structure Containing eighteen essays published between 1972 and 2011 this seminal work is divided into six sections covering Silent Westerns Classic Westerns Race and Westerns Gender and Westerns Revisionist Westerns and Westerns in Global Context A wide range of international contributors offer original critical perspectives on the intricate relationship between American culture and Western films and television series Westerns The Essential Collection places the genre squarely within the broader aesthetic socio historical cultural and political dimensions of life in the United States as well as internationally where the Western has been reinvigorated and reinvented many times This groundbreaking anthology illustrates how Western films and television series have been used to define the present and discover the future by looking backwards at America's imagined past **Special Effects on the Screen** Martin

Lefebvre, Marc Furstenau, 2025-10-01 Since the very first days of cinema audiences have marveled at the special effects imagery presented on movie screens While long relegated to the margins of film studies special effects have recently become the object of a burgeoning field of scholarship With the emergence of a digital cinema and the development of computerized visual effects film theorists and historians have been reconsidering the traditional accounts of cinematic representation recognising the important role of special effects Understood as a constituent part of the cinema special effects are a major technical but also aesthetic component of filmmaking and an important part of the experience for the audience In this volume new directions are charted for the exploration of this indispensable aspect of the cinematic experience Each of the essays in this collection offers new insight into the theoretical and historical study of special effects. The contributors address the many aspects of special effects from a variety of perspectives considering them as a conceptual problem recounting the history of specific special effects techniques and analysing notable effects films American Western Stephen McVeigh, 2007-02-14 This wide ranging book illuminates the importance of the Western in American history It explores the interconnections between the Western in both literature and film and the United States in the 20th century Structured chronologically the book traces the evolution of the Western as a uniquely American form The author argues that America's frontier past was quickly transformed into a set of symbols and myths an American meta narrative that came to underpin much of the American century He details how and why this process occurred the form and function of Western myths and symbols the evolution of this mythology and its subversions and reconstructions throughout 20th century American history The book engages with the full range of historical literary and cinematic perspectives and texts from the founding Western histories of Theodore Roosevelt and Frederick Jackson Turner to the New Western history of Patricia Nelson Limerick and Richard White

Martin Scorsese Vincent LoBrutto,2007-11-30 Martin Scorsese's current position in the international film community is unrivaled and his name has become synonymous with the highest standards of filmmaking excellence He is widely considered America's best living film director and his Taxi Driver and Raging Bull appear frequently on worldwide surveys of the best films of all time Here in the first biographical account of this artist's life Vincent LoBrutto traces Scorsese's Italian American heritage his strict Catholic upbringing the continuing role of religion in his life and art his obsessive love of cinema history and the powerful impact that the streets of New York City had on his personal life and his professional career Meanwhile the

filmmaker's humble soft spoken public persona tells only part of the story and LoBrutto will delve into the other side of a complex and often tortured personality Scorsese's intense passion his private relationships his stormy marriages and his battles with drugs and depression are all chronicled here and in many cases for the first time In addition the book includes an interview with the director as well as filmographies cataloging his work as a director producer actor and presenter As his Best Director award at the 2007 Oscars clearly demonstrated Scorsese has become something like Hollywood royalty in recent years finally enjoying the insider status and favor that eluded him for most of his career But these recent developments aside Scorsese is also notable as a distinctly American type of artist one whose work created in a medium largely controlled by commercialism and marketing has always been unmistakably his own and who thus remains a touchstone of artistic integrity in American cinema In Martin Scorsese A Biography readers can examine not only the work of one of the form's genuine artists but also the forces that have propelled the man behind it Historical Dictionary of Crime Films Geoff Mayer, 2012-09-13 The crime film genre consists of detective films gangster films suspense thrillers film noir and caper films and is produced throughout the world Crime film was there at the birth of cinema and it has accompanied cinema over more than a century of history passing from silent films to talkies from black and white to color The genre includes such classics as The Maltese Falcon The Godfather Gaslight The French Connection and Serpico as well as more recent successes like Seven Drive and L A Confidential The Historical Dictionary of Crime Films covers the history of this genre through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on key films directors performers and studios This book is an excellent access point for students researchers and anyone wanting to know more about crime cinema Hungarian Cinema John Cunningham, 2004 Hungarian cinema has often been forced to tread a precarious and difficult path Through the failed 1919 revolution to the defeat of the 1956 Uprising and its aftermath Hungarian film makers and their audiences have had to contend with a multiplicity of problems In the 1960s however Hungary entered into a period of relative stability and increasing cultural relaxation resulting in an astonishing growth of film making Innovative and groundbreaking directors such as Mikl s Jancs Hungarian Rhapsody The Red and the White Istv n Szab Mephisto Sunshine and M rta M szaros Little Vilma The Last Diary emerged and established the reputation of Hungarian films on a global basis This is the first book to discuss all major aspects of Hungarian cinema including avant garde animation and representations of the Gypsy and Jewish minorities **Hidden Faces: Covered Portraits of the** Renaissance Alison Manges Nogueira, 2024-04-02 Many small Renaissance portraits were richly adorned with covers or backs bearing allegorical figures mythological scenes or emblems that celebrated the sitter and invited the viewer to decipher their meaning Hidden Faces includes seventy objects ranging in format from covered paintings to miniature boxes that illuminate the symbiotic relationship between the portrait and its pair Texts by thirteen distinguished scholars vividly illustrate that the other faces of these portraits represent some of the most innovative images of the Renaissance created by

masters such as Hans Memling and Titian Uniting works that have in some cases been separated for centuries this fascinating volume shows how the multifaceted format unveiled the sitter's identity both by physically revealing the portrait and reading the significance behind its cover
