Cannabis and the Soma Solution Chris Bennett, 2010-09-01 Seeking to identify the plant origins of the early sacramental beverages Soma and Haoma this study draws a connection between the psychoactive properties of these drinks and the widespread use of cannabis among Indo Europeans during this time Exploring the role of these libations as inspiration for the Indian Rig Veda and the Persian Avestan texts this examination discusses the spread of cannabis use across Europe and Asia the origins of the Soma and Haoma cults and the shamanic origins of modern religion

An Ethnography of Urban Exploration Kevin P. Bingham, 2020-10-01 This book analyses a unique leisure world that has been built around a newly emerging phenomenon known as urban exploration the art of exploring human made environments which are generally abandoned or hidden from sight of the public eye Drawing on Michel Foucault's concept of heterotopia Bingham provides a detailed and critical investigation of urban exploration as a form of leisure that is about the coming together of drifting performers who in their celebration of rebellion and deviance are determined to find a sense of meaning and belonging The research considers the influence of consumer capitalism on urban explorers and the wider social economic and political context that shapes ideas of belonging and identity in the twenty first century By doing this the book analyses urban exploration as an activity that has emerged in a time when human ideas about culture individuality and community have transformed and solid modernity is gradually disintegrating around us This multi and interdisciplinary work will appeal to people with an interest in abnormal or deviant leisure as well as academics from sociology anthropology social geography leisure studies cultural studies sport and recreation and tourism

The Essence of Style Joan DeJean, 2007-11-01 What makes fashionistas willing to pay a small fortune for a particular designer accessory a luxe handbag for example Why is it that people all over the world share the conviction that a special occasion only becomes really special when a champagne cork pops and even more special when that cork comes from a bottle of Dom P rignon Why are diamonds the status symbol gemstone instantly signifying wealth power and even emotional commitment One of the foremost authorities on seventeenth century French culture provides the answer to these and other fascinating questions in her account of how at one glittering moment in history the French under Louis XIV set the standards of sophistication style and glamour that still rule our lives today Joan DeJean explains how a handsome and charismatic young king with a great sense of style and an even greater sense of history decided to make both himself and his country legendary When the reign of Louis XIV began his nation had no particular association with elegance yet by its end the French had become accepted all over the world as the arbiters in matters of taste and style and had established a dominance in the luxury trade that continues to this day DeJean takes us back to the birth of haute cuisine the first appearance of celebrity hairdressers chic cafes nightlife and fashion in elegant dress that extended well beyond the limited confines of court circles And Paris was the magical center the destination of travelers all across Europe As the author

observes without the Sun King's program for redefining France as the land of luxury and glamour there might never have been a Stork Club a Bergdorf Goodman a Chez Panisse or a Cristophe of Beverly Hills and President Clinton would never have dreamed of holding Air Force One on the tarmac of LAX for an hour while Cristophe worked his styling genius on the president's hair Written with wit dash and lan by an author who knows this astonishing true story better than virtually anyone The Essence of Style will delight fans of history and everybody who wonders about the elusive definition of good taste

Packaged Pleasures Gary S. Cross, Robert N. Proctor, 2014-09-30 From the candy bar to the cigarette records to roller coasters a technological revolution during the last quarter of the nineteenth century precipitated a colossal shift in human consumption and sensual experience Food drink and many other consumer goods came to be mass produced bottled canned condensed and distilled unleashing new and intensified surges of pleasure delight thrill and addiction In Packaged Pleasures Gary S Cross and Robert N Proctor delve into an uncharted chapter of American history shedding new light on the origins of modern consumer culture and how technologies have transformed human sensory experience In the space of only a few decades junk foods cigarettes movies recorded sound and thrill rides brought about a revolution in what it means to taste smell see hear and touch New techniques of boxing labeling and tubing gave consumers virtually unlimited access to pleasures they could simply unwrap and enjoy Manufacturers generated a seemingly endless stream of sugar filled high fat foods that were delicious but detrimental to health Mechanically rolled cigarettes entered the market and quickly addicted millions And many other packaged pleasures dulled or displaced natural and social delights Yet many of these same new technologies also offered convenient and effective medicines unprecedented opportunities to enjoy music and the visual arts and more hygienic varied and nutritious food and drink For better or for worse sensation became mechanized commercialized and to a large extent democratized by being made cheap and accessible Cross and Proctor have delivered an ingeniously constructed history of consumerism and consumer technology that will make us all rethink some of our favorite things

Vegetation of the Arabian Peninsula S.A. Ghazanfar, M. Fisher, 2013-04-17 The inspiration for this book came from our ten years of journeys and wanderings through the varied landscapes of Arabia and in particular through those of its hospitable southeastern corner Oman We owe a particular debt to Sultan Qaboos University which during this time has provided us with both a stimulating working environment and a home Transliteration of Arabic place and other names into English script is a task fraught with difficulties We have followed accepted spellings wherever these were not contrary to our common sense and in other cases we have rendered names into Roman English script using phonetic spellings Our main task in this respect was to ensure conformity between the fifteen contributing authors Diacritical signs have mostly been avoided since their use is neither widely followed nor readily understood Arabic words which have been commonly taken into the English language such as sabkha for a salt flat and wadi for a valley with a seasonal watercourse are not italicised in usage However other Arabic terms which are occasionally used in English but not as widely known such as harrah for a basaltic

lava field and hima for a traditional grazing reserve are italicised throughout the text The American Beauty Industry Encyclopedia Julie Willett,2010-05-11 This is the first encyclopedia to focus exclusively on the many aspects of the American beauty industry covering both its diverse origins and its global reach The American Beauty Industry Encyclopedia is the first compilation to focus exclusively on this pervasive business covering both its diverse origins and global reach More than 100 entries were chosen specifically to illuminate the most iconic aspects of the industry s past and present exploring the meaning of beauty practices and products often while making analytical use of categories such as gender race sexuality and stages of the lifecycle Focusing primarily on the late 19th and 20th century American beauty industry an era of unprecedented expansion the encyclopedia covers ancient practices and the latest trends and provides a historical examination of institutions entrepreneurs styles and technological innovations It covers for example the 1911 Triangle Shirtwaist Factory fire as well as how Asian women today are having muscle fiber removed from their calves to create a more Western look Entries also explore how the industry reflects social movements and concerns that are inextricably bound to religion feminism the health and safety of consumers and workers the treatment of animals and environmental sustainability
