A Life in Politics: The Extraordinary Life and Times of a French Statesman Pasquale De Marco, 2025-03-16 Raymond Poincaré was a towering figure in French politics during the first half of the 20th century He served as Prime Minister of France three times President of the Republic from 1913 to 1920 and again as Prime Minister from 1922 to 1924 Poincaré played a leading role in shaping France's response to the Great War the

postwar peace settlement and the challenges of the interwar years He was a staunch defender of French interests and a strong advocate for international cooperation This biography tells the story of Poincaré's extraordinary life and career It draws on a wealth of archival material to shed new light on his role in some of the most important events of the 20th century The book also provides a fascinating portrait of a complex and enigmatic man Poincaré was a man of contradictions He was a brilliant intellectual and a gifted politician but he was also a shy and reserved man who struggled to connect with people on a personal level He was a devout Catholic but he was also a strong supporter of the separation of church and state He was a staunch defender of French interests but he was also a realist who understood the need for compromise Poincaré's life was marked by both triumph and tragedy He led France to victory in the Great War but he also presided over the occupation of the Ruhr and the rise of fascism in Europe He was a respected statesman who was admired by his peers but he was also a controversial figure who was criticized for his harsh treatment of Germany Despite the challenges he faced Poincaré remained committed to his vision of a peaceful and prosperous Europe He was a man of integrity and courage and he devoted his life to serving his country This biography is a major contribution to our understanding of Poincaré and his times It is a must read for anyone interested in French history European history or the history of the 20th century If you like this book write a review

The Cinematic Enfant Terrible Karolina Westling, 2025-06-26 *The Cinematic Enfant Terrible* is a groundbreaking study of rule breakers in French cinema The book approaches the concept of the enfant terrible in the literal sense of the term young people labelled terrible awful by the adult generation It explores a rich cinematic tradition from Jean Vigo's *Zéro de conduite* 1933 and François Truffaut's *Les quatre cents coups* 1959 to Catherine Breillat's *36 fillette* 1988 and Ladj Ly's *Les Misérables* 2019 The book encompasses the cinematic enfants terribles across age groups and genders addressing the differences

between unruly boys and rebellious teenage girls The early post war focus on juvenile delinquency and sexual provocations diversifies into filles fatales and angry girls but also precarious boys and parents terribles The book charts the evolution of the enfant terrible concept from a negative label to a sympathetically viewed figure of anti authoritarian resistance reflecting the changing position of children within the family in post war France The films address the ethical paradox of democratic upbringing the dilemma of raising children to become obedient individuals with a mind of their own The asymmetrical relationship between children and parents is seen as a tacit family contract that highlights the importance of an intergenerational perspective for the understanding of generational conflicts Rebellious children and teenagers on screen are seen in the light of wider social transformations The book clarifies the interplay between individual protests and cultural currents such as existentialism feminism and ethnic conflicts This book will be of interest to scholars and students of French culture and cinema childhood and youth studies gender studies and cultural studies *Translating War* Angela

Kershaw,2018-07-20 This book examines the role played by the international circulation of literature in constructing cultural memories of the Second World War War writing has rarely been read from the point of view of translation even though war is by definition a multilingual event and knowledge of the Second World War and the Holocaust is mediated through translated texts Here the author opens up this field of research through analysis of several important works of French war fiction and their English translations The book examines the wartime publishing structures which facilitated literary exchanges across national borders the strategies adopted by translators of war fiction the relationships between translated war fiction and dominant national memories of the war and questions of multilingualism in war writing In doing so it sheds new light on the political and ethical questions that arise when the trauma of war is represented in fiction and through translation This engaging work will appeal to students and scholars of translation cultural memory war fiction and Holocaust writing **The**

David T. Zabecki, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company The Second World War Chris Bambery, 2014-05-08 The Second World War casts a long shadow portrayed as a necessary and paradigmatic war that defeated fascism During recent wars in Iraq Afghanistan and elsewhere US presidents and British prime ministers have tried to claim they were following in the footsteps of Winston Churchill by standing up to dictators In The Second World War Chris Bambery tests this position in a thorough account of the war and demonstrates why it continues to dominate TV history channels and school history books Arguing that the conflict was as much about a division of the world between the great powers as it was as a rising of ordinary people against fascism he offers a nuanced and radical analysis that sets the book apart from conventional histories of the war France since 1870 Charles Sowerwine, 2018-01-25 This thoroughly revised updated and expanded new edition of an established text surveys the cultural social and political history of France from the Franco Prussian War of 1870 and the Paris Commune through to Emmanuel Macron s presidency Incorporating the newest interpretations of past events Sowerwine seamlessly integrates culture gender and race into political and social history This edition features extended coverage of the 2007 8 financial crisis the rise of the political and cultural far right and the issues of colonialism and its contemporary repercussions This is an essential resource for undergraduate and taught postgraduate students of history French studies or European studies taking courses on modern French history or European history This text will also appeal to scholars and readers with an interest in modern French history Richly informative and lucidly presented Sowerwine s France since 1870 offers essential reading for students and researchers Particularly powerful is the new final chapter which draws on historical expertise to explore and explain the literary and political malaise of contemporary France Jessica Wardhaugh University of Warwick UK This third edition is unparalleled in its reach and excellence as a history of modern France from 1870 to the present Sowerwine seamlessly integrates culture gender and race into political and social history His incorporation of the newest interpretations of past events as well as the historical perspective he lends to current events such as terror attacks new laws regarding labor and marriage modern globalization neo liberalism as well as to France s darkening mood make this highly readable book a true masterpiece Elinor Accampo University of Southern California USA Her recent social and economic challenges have cast deep shadows into the story of modern France that Charles Sowerwine tells so clearly Those dark questions about culture politics and society have their full place in this This scholarly but accessible reassessment of French history since 1870 This edition raises new questions about France s story directly and compellingly and remains the key text for readers who are curious about modern France Julian Wright Northumbria University UK Following on the fine precedent set by earlier editions this masterful survey offers students and the public alike a readable and illuminating account of the tortuous and ever intriguing path of French history since 1870 George Sheridan University of Oregon USA **Martyrdom in Modern Islam** Meir Hatina, 2014-04-28 The Islamic resurgence in modern times has received extensive treatment in scholarly

literature Most of this literature however deals with the concept of jihad and disputes between radicals and their rivals over theological and political issues and far less with martyrdom and death Moreover studies that do address the issue of martyrdom focus mainly on suicide attacks a phenomenon of the late twentieth century and onward without sufficiently placing them within a historical perspective or using an integrative approach to illuminate their political social and symbolic features This book fills these lacunae by tracing the evolving Islamic perceptions of martyrdom its political and symbolic functions and its use of past legacies in both Sunni and Shi'i milieus with comparative references to Judaism Christianity and other non Islamic domains Based on wide ranging primary sources along with historical and sociological literature the study provides an in depth analysis of modern Islamic martyrdom and its various interpretations while also evaluating the historical realities in which such interpretations were molded and debated

Holocaust Monuments and National Memory Cultures in France and Germany Since 1989 Peter Carrier, 2005 Since 1989 two sites of memory with respect to the deportation and persecution of Jews in France and Germany have received intense public attention the Vel d'Hiv in Paris and the Monument for the Murdered Jews of Europe in Berlin Why is this so Both monuments the author argues are unique in the history of memorial projects

The Persecution of the Jews in the Netherlands, 1940-1945 Peter Romijn, 2025-10-01 These five articles first presented at the conference The Holocaust and other Genocides The Uses Misuses and Abuses of the Holocaust Paradigm in 2011 reflect the current Dutch research on the persecution of the Jews in the Netherlands during the Second World War and recent developments in the historiography concerning this topic To a certain extent the work being done in the Netherlands has reflected the international historiography in that it addresses the political and public responses to National Socialism and occupation the nature of the persecution and the regime in the concentration camps The perspectives of the general population of the victims and of the perpetrators are all examined but above all those of bystanders In this selection of the most recent research there is a particular emphasis on the nature of the persecution and the general public's reaction to it
