France in the New Europe Ronald Tiersky,1994      **France in the New Europe** Ronald Tiersky,1994      *The Changing Face of European Identity* Richard Robyn,2004-11-10 Drawing upon systematic research using Q Methodology in seven countries Denmark France Germany the United Kingdom Italy Netherlands and Sweden this volume presents the results of the most extensive effort yet at cross cultural subjective assessment of national and supranational identity The studies attempt to explain how the European Union as the most visible experiment in mass national identity change in the contemporary world influences how Europeans think about their political affiliations      **François Mitterrand** Ronald Tiersky,2003 Tiersky examines the three major themes of Mitterrand s presidency socialism national reconciliation and the reconstruction of Europe and shows that on each count Mitterrand left a decisive mark      **France, Germany and the European Union** Aparajita Endow,2003 The 1980S And 1990S Witnessed Some Spectacular Events In Europe Changing The Geopolitical Landscape Of The Continent The Eu On The Other Hand Was Progressively Becoming A Dominant Political And Economic Force Reaffirming Its Stance As The Most Successful Example Of Regional Integration The Fact That The Franco German Core Has Been The Main Driving Force Behind The Eu This Book Critically Examines The Nature And Dynamics Of Franco German Role In The 1990S In Conditioning The Scope And Content Of European Integration This Book Will Be Of Interest To All Those Involved In International Studies Matters Of Regional Integration And Also European Union Studies

*France's Security Independence* Xavier Fraudet,2006 This book is about France s security policy during Fran ois Mitterand s presidency which was dominated by the end of the Cold War and the German unification The author examines the successive layers of French security policy and analyses its nature essence and success The focus of the book is on France s independence in security matters and the role of France in European security policy      **Contemporary France** Anne Sa'adah,2003 Annotation Describing actors beliefs institutions and policies this introduction interprets contemporary democratic politics in France and explores why and with what political consequences so many people in France experience globalization as a harbinger of national decline Special attention is paid to the impact of historical legacies WWII and France s role in Europe The author teaches law and political science at Dartmouth College Annotation c 2003 Book News Inc Portland OR booknews com      **Crossing the Atlantic** Patrick M. Crowley,2017-11-30 Given the legal political economic and social similarities that exist comparisons between the European Union EU and Canada can prove instructive This volume introduces the rationale for comparing Canada and the EU and reviews the political initiatives that have been undertaken to forge links between the two Taking the political and economic structure used by the EU it compares this structure to the Canadian model at both the federal supranational level and the local government level Using various disciplinary approaches and case studies specific policy areas are used to illustrate these comparisons and several of the papers in the collection extend these comparisons to the NAFTA level A highly useful reference tool Crossing the Atlantic will intrigue and inform an

interdisciplinary and inter regional studies audience

### **The Mitterrand Legacy and the Future of French Security**

**Policy** Ronald Tiersky, 1995

France Encounters Globalization

Peter Karl Kresl, Sylvain Gallais, 2002-01-01 There is much of interest here and the authors provide background information and digressions that make their analysis more accessible to noneconomists M Veseth Choice This book is the first in English to comprehensively examine the French economy and how it is adjusting to the exigencies of an increasingly globalized environment The opening of the French market to international competition has forced recent governments to realize that the old closed model in which France had considerable autonomy over policy is no longer valid French solutions to domestic problems had to be given up in the early 1980s Changes in technology have had dramatic impacts on the comparative advantage of French producers and the necessary restructuring has been far from easy These twin aspects of globalization have also altered the situation of France s various regions and urban economies and the highly centralized structure has come under pressure This has forced a change in the thinking of French public and private sector leaders The role of the state the degree of intervention the extent of control over the domestic economy and the need to be accommodating to market forces have all been subject to public debate and to fundamental reconsideration While this is a book on the French economy Kresl and Gallais deal with issues challenges and processes of change and adaptation that are facing all of Europe and indeed all industrialized economies

### **Politics in**

**Europe** M. Donald Hancock, Christopher J. Carman, Marjorie Castle, David P. Conradt, Raffaella Y. Nanetti, Robert
