François Truffaut:

François Truffaut Annette Insdorf, 2020-08-31 Truffaut's films beautifully demonstrate the idea that a film can express its director as personally as a novel can reveal its author. Moreover, his development of a gently self-conscious visual style made him more than the entertainer he believed he was; there is genuine artistry in his motion pictures. He affected the course of French cinema, indeed world cinema, by blending auteurist art with accessible cinematic storytelling. Unlike other New Wave directors such as Jean-Luc Godard, Truffaut preferred idiosyncratic characters like the semi-autobiographical Antoine Doinel and universal emotions, especially desire and fear, to political tracts or didactic essays. Instead of the elitism or self-indulgence that characterize much of European cinema, Truffaut's movies were meant to touch people from different countries, times, and classes. And they keep succeeding in this aim. Truffaut's cinema remains a model of intimate, reasonably budgeted, sophisticated filmmaking that can still speak delightfully and profoundly to an international audience. Long considered the definitive study of Truffaut's genius, this revised and updated edition of *François Truffaut* includes fresh insights and an extensive section on the director's last five films: *Love on the Run*, *The Green Room*, *The Last Metro*, *The Woman Next Door*, and *Confidentially Yours*. While not a biography of the director, Insdorf captures in this study the essence and totality of Truffaut's work. She discusses his contributions to the French New Wave, his relations with his mentors Hitchcock and Renoir, and the dominant themes of his cinema: women, love, children, language. She explores his life in relation to his films, from *The 400 Blows* to *The Man Who Loved Women*. The most sensitive and intelligent book in the English language about my work, *François Truffaut*. Everyone who loves Truffaut will be delighted to welcome this book to their library. Milo Forman, director of *One Flew Over the Cuckoo's Nest* and *Amadeus*. Annette Insdorf's book on Truffaut is the best I know. Charles Champlin, *The Los Angeles Times*. Relevant, illuminating, clever, moving, sane, intelligible. Roger Greenspun, film critic. An astute and insightful examination of the director's work along thematic and psychological lines. Insdorf carefully weaves a complex matrix of loose chords, individual motifs, and personal obsessions that amount to a strikingly coherent vision. Insdorf's analysis provides the reader with the best examination yet of Truffaut's work. Dan Yakir, *Film Comment*. Insdorf succeeds masterfully in fulfilling the purpose of her study of *François Truffaut*: an engaging and sympathetic study. Richard Williamson, *The French Review*. François Truffaut has been blessed with intelligent and perceptive critics throughout his career. Annette Insdorf's new book fits snugly into this tradition of excellence and even goes the earlier studies one better by treating the films with the comprehensiveness they deserve. The most striking feature of Insdorf's study is the intense concentration she brings to her discussion of each film. Her insights come thick and fast in the best New Critical fashion. This is an especially insightful, highly intelligent study. Peter Brunette, *Film Quarterly*. Each chapter in this well-researched and informative book contains extended comparisons of Truffaut's films. Each aims at specifying the thematic and stylistic continuities that define Truffaut as an auteur. Insdorf's mastery of the auteurist approach produces a remarkable synthesis of thematic and stylistic continuities.

unwanted mischievous child who learned to love movies and books as an escape from sadness and confusion as a boy Francois came to identify with screen characters and to worship actresses Following his early adult years as a journalist during which he gained fame as France's most iconoclastic film critic the obsessive prodigy began to make films of his own and before he was thirty notched the two masterpieces *The 400 Blows* and *Jules and Jim* As Truffaut's dazzling body of work evolves in the shadow of the politics of his day including the student uprisings of 1968 we watch him learning the lessons of his masters Fellini and Hitchcock And we witness the progress of his often tempestuous personal relationships including his violent falling out with Jean Luc Godard who owed Truffaut the idea for *Breathless* and his rapturous love affairs with the many glamorous actresses he directed among them Jacqueline Bisset and Jeanne Moreau With Fanny Ardant Truffaut had a child only thirteen months before dying of a brain tumor at the age of fifty two Here is a life of astonishing emotional range from the anguish of severe depression to the exaltation of Oscar victory Based on unprecedented access to Truffaut's papers including notes toward an unwritten autobiography de Baecque and Toubiana's richly detailed work is an incomparably authoritative revelation of a singular genius

Small Change Francois Truffaut, 2000-05 *Small Change* shot in the French Provinces is a story about children Truffaut has captured the essence of each age group the verbally precocious three year old who pushes the family cat out the window only to follow it nine stories to the ground the teenage boy yet to experience his first kiss but hopelessly infatuated with his best friend's mother the uncooperative eight year old daughter of the local policeman who when left alone as punishment uses her father's bullhorn to complain to the neighbors she is starving the brothers who having insufficient pocket money to buy a stolen compass cut a younger classmate's hair and borrow his barber money *Small Change* contains precise and moving descriptions of the various stages of a secure childhood of the fun and freedom one experiences as a child but throughout the film Truffaut makes a stunning comparison with another child who lives in the same town who attends the same school He compares the life of Julian who is hated and abused by his mother whose mere existence is despised because he is a child In *Small Change* Truffaut makes an eloquent and traumatic appeal for the rights of children
