## **Guide To Understanding And Correction Of Intonation Problems:**

**A Guide to the Understanding and Correction of Intonation Problems** Al Fabrizio, 1994 This book provides information of characteristic intonation or pitch problems for wind instruments and the possible solutions *Conducting and Rehearsing the Instrumental Music Ensemble* John F. Colson, 2012-08-09 *Conducting and Rehearsing the Instrumental Music Ensemble* is the most comprehensive guide on the rehearsal process for conducting instrumental music ensembles. Ideal for the advanced instrumental music conductor seeking to look beyond basic conducting technique, this work breaks the multidimensional activity of working with an ensemble orchestra or band into its constituent components. Advanced students of conducting will find within the full range of conducting activities. Chapters on the infrastructure of the rehearsal, the rehearsal environment, 10 rehearsal essentials, score study, music imagery, inner singing, and rehearsal procedures with an emphasis on an integrated approach to rehearsing. The technical priorities of intonation and tuning, rhythm patterns, ensemble sonority, tone balance, blend, color, and texture, and articulation. The musical priorities of tempo and ensemble precision, phrasing, and the musical line, style, and interpretation, dynamics, and musical expression. Emphasizing the expectations of 21st century conductors, the challenges of conducting and rehearsing contemporary music, preparing conductor profiles and self evaluations, and moving from the rehearsal process to concert performance. *Conducting and Rehearsing the Instrumental Music Ensemble* is a great resource for teachers and students of conducting as well as current conductors wishing to further hone their skills.

**Instrumental Music Education** Evan Feldman, Ari Contzius, 2020-07-26 *Instrumental Music Education: Teaching with the Musical and Practical in Harmony* Third Edition is intended for college instrumental music education majors studying to be band and orchestra directors at the elementary, middle school, and high school levels. This textbook presents a research-based look at the topics vital to running a successful instrumental music program while balancing musical, theoretical, and practical approaches. A central theme is the compelling parallel between language and music, including sound to symbol pedagogies. Understanding this connection improves the teaching of melody, rhythm, composition, and improvisation. The companion website contains over 120 pedagogy videos for wind, string, and percussion instruments performed by professional players and teachers, over 50 rehearsal videos, rhythm flashcards, and two additional chapters: The Rehearsal Toolkit and Job Search and Interview. It also includes over 50 tracks of acoustically pure drones and demonstration exercises for use in rehearsals, sectionals, and lessons. New to This Edition: A new chapter on teaching beginning band using sound to symbol pedagogies. Expanded coverage for strings and orchestra, including a new chapter on teaching beginning strings. A new chapter on conducting technique. Expanded material on teaching students with disabilities. Concert etiquette and the concert experience. Expanded coverage on the science of learning, including the Dunning-Kruger effect and the effective use of repetition in rehearsal. Techniques for improving students' practice habits.
