*The Guild Book of the Barbers and Surgeons of York (British Library, Egerton MS 2572)* Richard D. Wragg, 2021 A new exploration of the secular manuscripts and medieval medical texts associated with the York Guild and its members Produced in 1486 and subsequently augmented the Guild Book of the Barbers and Surgeons of York British Library Egerton MS 2572 is a unique record of the knowledge ambitions activities and civic relationships maintained by the Barbers and Surgeons Guild over a period of 300 years The manuscript's earliest folios contain images astrological tracts a plague treatise and a bloodletting poem To these were added early modern ordinances and oaths a series of royal portraits and the names of the Guild's masters and apprentices It is a rare survival of late medieval medical knowledge placed within a civic context This new multi disciplinary examination of the York Guild Book presents a comprehensive edition of its content and a detailed study of the creation and use of this fascinating manuscript The York Guild Book was not owned by any one person but was intended to be representative of the types of manuscripts the Guild's members might have individually possessed The Guild's commission elevated their manuscript's functional content into something which could be proudly owned and displayed as is demonstrated by the stylishly executed pen and ink drawings two of which are possibly unique Through a contextualisation of the form and content of the manuscript the book articulates ideas about material culture and the ceremonial role of secular manuscripts whilst shedding new light on the dissemination and status of medieval medical texts

[The ^AOxford Handbook of Latin Palaeography](#) Frank Coulson, Robert Babcock, 2020-10-26 The Oxford Handbook of Latin Palaeography provides a comprehensive overview of the development of Latin script from Antiquity to the Renaissance codicology and the cultural setting of the medieval manuscript It will be an indispensable tool for all those interested in medieval book production

*The Golden Thread* Ewan Clayton, 2015-01-20 From the simple representative shapes used to record transactions of goods and services in ancient Mesopotamia to the sophisticated typographical resources available to the twenty first century users of desktop computers the story of writing is the story of human civilization itself Calligraphy expert Ewan Clayton traces the history of an invention which ever since our ancestors made the transition from a nomadic to an

agrarian way of life in the eighth century BC has been the method of codification and dissemination of ideas in every field of human endeavour and a motor of cultural scientific and political progress He explores the social and cultural impact of among other stages the invention of the alphabet the replacement of the papyrus scroll with the codex in the late Roman period the perfecting of printing using moveable type in the fifteenth century and the ensuing spread of literacy the industrialization of printing during the Industrial Revolution the impact of artistic Modernism on the written word in the early twentieth century and of the digital switchover at the century's close The Golden Thread also raises issues of urgent interest for a society living in an era of unprecedented change to the tools and technologies of written communication Chief among these is the fundamental question What does it mean to be literate in the early twenty first century The book belongs on the bookshelves of anyone who is inquisitive not just about the centrality of writing in the history of humanity but also about its future it is sure to appeal to lovers of language books and cultural history Key Concepts in Medieval Literature Elizabeth Solopova, Stuart Lee, 2007-07-20 Key Concepts in Medieval Literature introduces students to the major authors themes and genres of the English Middle Ages These are discussed in concise focused essays accompanied by summaries and recommendations for further reading highlighting the need to see texts in context both historically and linguistically

**Giles of Rome's De Regimine Principum** Charles F. Briggs, 1999-01-28 From the time of its composition c 1280 for Philip the Fair of France until the early sixteenth century Giles of Rome's mirror of princes the De regimine principum was read by both lay and clerical readers in the original Latin and in several vernacular translations and served as model or source for several works of princely advice This study examines the relationship between this didactic political text and its audience by focusing on the textual and material aspects of the surviving manuscript copies as well as on the evidence of ownership and use found in them and in documentary and literary sources Briggs argues that lay readers used De regimine for several purposes including as an educational treatise and military manual whereas clerics who often first came into contact with it at university glossed constructed apparatus for and modified the text to suit their needs in their later professional lives *Flemish and Dutch Artists in Early Modern England* Mary Bryan H. Curd, 2017-07-05 By examining their production practices in a variety of genres including manuscript illustration glass painting and staining tapestry manufacture portrait painting and engraving this book explores how Netherlandish artists migrating to England in the early modern period overcame difficulties raised by their outsider status This study examines for the first time in this context the challenges of alien status to artistic production and the effectiveness of cooperation as a countermeasure The author demonstrates that collaboration was chief among the strategies that these foreigners chose to secure a position in London's changing art market Curd's exploration of these collaborations primarily follows Pierre Bourdieu's model of establishment and challenger in which dominance in a field of cultural production depends upon how much cultural political and economic capital can be accumulated and the effectiveness of the strategies used to confront competition The analysis presented here

challenges received opinion that a collaborative work is only a joint effort of artists working together on a single monument by demonstrating that the participation of patrons and middlemen can also shape the final appearance of a work of art Furthermore this book shows that the strategic use of collaboration served the goal of competition by helping to establish foreign artists in the London art market and suggests that their coping strategies have implications for the study of immigrant behaviors today

**The Old English Gloss to the Lindisfarne Gospels** Julia Fernández Cuesta, Sara M. Pons-Sanz, 2016-03-21 Aldred's interlinear gloss to the Lindisfarne Gospels London British Library MS Cotton Nero D IV is one of the most substantial representatives of the Old English variety known as late Old Northumbrian Although it has received a great deal of attention in the past two centuries there are still numerous issues which remain unresolved The papers in this collection approach the gloss from a variety of perspectives language cultural milieu palaeography glossography in order to shed light on many of these issues such as the authorship of the gloss the morphosyntax and vocabulary of the dialect s it represents its sources and relationship to the Rushworth Gospels and Aldred's cultural and religious affiliations Because of its breadth of coverage the collection will be of interest and great value to scholars in the fields of Anglo Saxon studies and English historical linguistics
