Guided With A Steady Hand The Cultural Landscape Of A Rural Texas Park:

Guided with a Steady Hand Dan K. Utley, James Wright Steely, 1998 Placing the Mother Neff State Park in its historical cultural and political milieu Dan Utley and Jim Steely tell a compelling story of how people decided a particular tract of rural farmland was worthy of preservation as a place of refuge and recreation for the public In doing so the authors provide a microcosmic look at the Civilian Conservation Corps and its work in Texas Central to the story is Pat Neff Texas governor and university president who guided the park s development significance and history with a steady hand reminiscent of the one who had carefully led him from childhood to manhood The story of Mother Neff State Park is one of chautauquas weekend dances Mother s Day celebrations and religious revivals Yet it is also one of the Great Depression the young men and leaders of the Civilian Conservation Corps and of war and its impact on even a simple little park in Central Texas In telling this story however the authors do not lose sight of the fact that the park has served as a place of rest and rejuvenation as well as a source of inspiration both spiritual and natural for generations of visitors Drawing from oral histories and extensive archival records including correspondence CCC camp newspapers historical photographs vintage drawings and archaeological surveys Utley and Steely tell the unique story of a New Deal era park and the grand vision of a governor who was also the park s donor benefactor and promoter Barry W Hutcheson Texas Parks and Wildlife Department

Texas State Parks and the CCC Cynthia A. Brandimarte, Angela S. Reed, 2013-01-05 From Palo Duro Canyon in the Panhandle to Lake Corpus Christi on the coast from Balmorhea in far West Texas to Caddo Lake near the Louisiana border the state parks of Texas are home not only to breathtaking natural beauty but also to historic buildings and other structures built by the Civilian Conservation Corps CCC during the 1930s In Texas State Parks and the CCC The Legacy of the Civilian Conservation Corps Cynthia Brandimarte has mined the organization's archives as well as those of the Texas State Library and Archives Commission and the Texas Department of Transportation to compile a rich visual record of how this New Deal program left an indelible stamp on many of the parks we still enjoy today Some fifty thousand men were enrolled in the CCC in Texas Between 1933 and 1942 they constructed trails cabins concession buildings bathhouses dance pavilions a hotel and a motor court Before they arrived the state's parklands consisted of fourteen parks on about 800 acres but by the end of World War II CCC workers had helped create a system of forty eight parks on almost 60 000 acres throughout Texas Accompanied by many never published images that reveal all aspects of the CCC in Texas from architectural plans to camp life Texas State Parks and the CCC covers the formation and development of the CCC and its design philosophy the building of the parks and the daily experiences of the workers the completion and management of the parks in the first decades after the war and the ongoing process of maintaining and preserving the iconic structures that define the rustic handcrafted look of the CCC With a call for greater appreciation of these historical resources especially in light of the recent Bastrop fire which threatened one of the state's most popular CCC era destinations Brandimarte profiles

twenty nine parks providing a descriptive history of each and information on its CCC company the dates of CCC activity and the CCC built structures still existing within the park Spare Time in Texas David G. McComb,2012-10-05 What do Texans pastimes and recreations say about their characters Looking at Texas history from a new angle David McComb starts from the premise that how people spend their leisure time may well reveal more about their true natures and interests than the work they do or their family connections In this innovative book McComb traces the history of various types of recreation in Texas gathering significant insights into the characters of Texans from the pleasures they have pursued Reflecting the frontier origins of Texas McComb starts with the recreations that were most popular with men in a crude still developing society drinking gambling and whoring He goes on to show how as Texas became more civilized so did its diversions He describes how Texans have connected with nature in parks and zoos watched football and baseball in great stadiums such as the Astrodome and Cotton Bowl discovered the pleasure of reading in public and university libraries and enjoyed radio TV movies and live theater in places such as Houston s Alley Theatre This recreational history reveals that Texans are open minded and generous that they respect the land oppose prostitution but indulge in gambling and drinking support racial and gender rights love zoos champion libraries take pride in theatrical productions and adore sports More Historic Homes of Waco, Texas Kenneth Hafertepe,2024-06-18 As with his well received first book on the historic homes of Waco architectural historian Kenneth Hafertepe brings to life the colorful and varied pasts of an entirely new set of notable residences in this city Hafertepe extends coverage beyond the typical focus on homes of the more well to do classes Included here are homes of saloon keepers horse traders saddlers ministers bookkeepers candy store owners and laborers as well as the residences of lawyers doctors and wealthy merchants among others With a blend of meticulous research beautiful color photographs and accessible entertaining writing Hafertepe presents these historic homes as a lens on the history and sociology of Waco Texas showing how immigrants from Western and Central Europe West Asia and other places of origin along with African Americans Mexican Americans Anglo Americans and others made places and lives for themselves and their families in this central Texas community The result as described by Hafertepe is an intricate tapestry with materials contributed by Black Wacoans as well as white by immigrants from abroad and people born elsewhere in the United States These houses tell stories of successes and failures triumphs and tragedies dreams that came true and dreams that were denied These houses speak to the complexity of the human condition and to the ongoing experiments that are Waco Texas and the United States of America *LBJ and Grassroots Federalism* Robert H. Duke,2014-08-05 LBJ and Grassroots Federalism Congressman Bob Poage Race and Change in Texas reveals the local ramifications of federal policy Three case studies in the rising career of Lyndon B Johnson show this in action LBJ s formative experience as a New Dealer directing the National Youth Administration NYA in Texas his key role as senate majority leader in breaking the deadlock to secure funds for the Lake Waco dam project and the cumulative effect of his Great Society policies on urban renewal and educational reform among the

Mexican American community in Waco In each of these initiatives Bob Poage though far more politically conservative than Johnson served as a conduit between LBJ and citizen activists in Poage s congressional district affirming the significance of grassroots engagement even during an era usually associated with centralization Robert Harold Duke s careful analysis in LBJ and Grassroots Federalism also offers a unique insight into a transformational period when the federal government broke down barriers and opened doors to the engagement of African Americans and Mexican Americans in community planning processes and social policy American Environmental History Carolyn Merchant,2007-10-31 By studying the many ways diverse peoples have changed shaped and conserved the natural world over time environmental historians provide insight into humanity s unique relationship with nature and more importantly are better able to understand the origins of our current environmental crisis Beginning with the precolonial land use practice of Native Americans and concluding with our twenty first century concerns over our global ecological crisis American Environmental History addresses contentious issues such as the preservation of the wilderness the expulsion of native peoples from national parks and population growth and considers the formative forces of gender race and class Entries address a range of topics from the impact of rice cultivation slavery and the growth of the automobile suburb to the effects of the Russian sea otter trade Columbia River salmon fisheries the environmental justice movement and globalization This illustrated reference is an essential companion for students interested in the ongoing transformation of the American landscape and the conflicts over its resources and conservation It makes rich use of the tools and resources climatic and geological data court records archaeological digs and the writings of naturalists that environmental historians rely on to conduct their research The volume also includes a compendium of significant people concepts events agencies and legislation and an extensive bibliography of critical films books and Web sites New Deal, New Landscape Tara Mitchell Mielnik,2012-11-19 Tara Mitchell Mielnik fills a significant gap in the history of the New Deal South by examining the lives of the men of South Carolina s Civilian Conservation Corps CCC who from 1933 to 1942 built sixteen state parks all of which still exist today Enhanced with revealing interviews with former state CCC members Mielnik s illustrated account provides a unique exploration into the Great Depression in the Palmetto State and the role that South Carolina s state parks continue to play as architectural legacies of a monumental New Deal program In 1933 thousands of unemployed young men and World War I veterans were given the opportunity to work when Emergency Conservation Work ECW one of Franklin Delano Roosevelt s New Deal programs came to South Carolina Renamed the Civilian Conservation Corps in 1937 the program was responsible for planting millions of trees in reforestation projects augmenting firefighting activities stringing much needed telephone lines for fire prevention throughout the state and terracing farmland and other soil conservation projects The most visible legacies of the CCC in South Carolina are many of the state s national forests recreational areas and parks Prior to the work of the CCC South Carolina had no state parks but from 1933 to 1942 the CCC built sixteen Mielnik s briskly paced and informative study gives voice to the young men who

labored in the South Carolina CCC and honors the legacy of the parks they built and the conservation and public recreation values these sites fostered for modern South Carolina *How the New Deal Built Florida Tourism* David J.

Nelson,2023-11-14 Countering the conventional narrative that Florida's tourism industry suffered during the Great Depression this book shows that the 1930s were in reality the starting point for much that characterizes modern Florida's tourism David Nelson argues that state and federal government programs designed to reboot the economy during this decade are crucial to understanding the state today **Links to the Past** Dan K. Utley, Stanley O. Graves, 2018-08-30 As they tee up make their approach shots or line up their putts few Texan golfers likely realize that the familiar landscapes of tee boxes fairways and greens can obscure stories from the past that played out on those same grounds Such little known links to the past include prehistoric campsites a Spanish presidio and a prairie where the Rough Riders trained as well as courses constructed by New Deal agencies in the Great Depression or military personnel in times of war **Links to the Past** The Hidden History on Texas Golf Courses takes readers on a tour of eighteen Texas golf courses with surprising connections to history On the front nine points of interest include encounters with dinosaur fossils near Austin a Comanche raid on a Spanish frontier presidio near Menard and a battle between Anglo buffalo hunters and Native Americans near Lubbock The back nine explores reminders of the East Texas lumber industry near Diboll a training ground for the Rough Riders outside downtown San Antonio and a race riot near Houston in 1917 to name a few In addition Dan K Utley with Stanley O Graves provide full histories of the courses themselves detailing their design and evolution and explaining how they came to be constructed at these historically significant sites Fun compelling and enlightening this book is a reminder that history has occurred all around us not just in historic districts state parks or even where official state markers might be found Featuring scorecards for each course that include location historical facts and a signature hole of history as well as historical and contemporary photographs and informative sidebars **Links to the Past** is sure to entertain Golfers history buffs and heritage tourists will want to toss this handy and engaging book in the front seat of the car or zip it into the side pocket of their golf bags *Long-range Public Investment* Robert D. Leighninger, 2007 Long Range Public Investment The Forgotten Legacy of the New Deal is augmented by fifty eight photographs **Annual Meeting** Texas State Historical Association, 2000 A program of the annual meeting *Current Contents. Arts & Humanities* Institute for scientific information (Philadelphia, Pa)., **American Book Publishing Record** ,1998 *Current Contents* ,1999 **Arts & Humanities Citation Index** ,2000 **America, History and Life** ,2003 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **Cumulated Index to the Books** ,1999 *Bibliographic Guide to Womens Studies* 1998 New York Public Library Staff, 1999-08 **Subject Guide to Books in Print** ,1991
