Gunter Eich:

Gunter Eich Egbert Krispyn, 1984-05-01 *Pigeons and Moles* Günter Eich, 1991 Introducing selections from the poetry radio plays and prose poems of Gunter Eich this work is translated by Michael Hamburger winner of the European Literature Prize for translation in 1990 *Career at the Cost of Compromise* Glenn R. Cuomo, 1989 Valuable Nail Günter Eich, 1981 This first book length collection of Eich's poems in English makes available a poet who was a soldier and prisoner of war and then began to resurrect his native tongue as a language for poetry These poems were translated over a period of fifteen years often in consultation with the author until his death in 1972 **Über Günter Eich. Redaktion ... Günter Bien. [By various authors. With extracts from the works of Eich.]** Guenther BIEN, Günter Eich, 1964 *German 20th Century Poetry* Reinhold Grimm, Irmgard Elsner Hunt, 2001-01-01 This collection features a cogent introduction and includes representative poems by some 60 modern poets including Ingeborg Bachmann Gottfried Benn Berthold Brecht Paul Celan Günter Eich Günter Grass Georg Heym Hugo von Hofmannsthal Franz Kafka Günter Kunert Gertrud Kolmar Friederike Mayrcker Rainer Maria Rilke Nelly Sachs and many others Günter Eich Günter Eich, Günter Eich, 1971 **Flight of Fantasy** Neil H. Donahue, Doris Kirchner, 2005-12-01 During the Nazi era many German writers chose or were forced into exile Many others stayed and after the end of this period claimed to have retreated into Inner Emigration The nature of this kind of emigration and the underlying motives of these writers have been hotly debated to this day Though the reception of Inner Emigration has often been confounded by disputes over the term itself the issue is ultimately not a matter of nomenclature but of more far reaching issues of literary evaluation moral discernment and the writing of history This volume presents for the first time to an English speaking readership the complexity of Inner Emigration through the analysis of problematic individual cases of writers who under constant pressure from a watchful dictatorship to conform and to collaborate were caught between conscience and compromise *The Modern Restoration* Stephen Parker, Peter Davies, Matthew Philpotts, 2012-04-17 This book seeks to move twentieth century German literary history away from its stubbornly persistent reliance on the political turning points of 1933 and 1945 In the first part of the book the authors analyze a synchronic corpus of literary journals identifying a restorative aesthetic mood in the years 1930-1960 which persists across political date boundaries In the second part the careers of five writers are considered diachronically against this prevailing restorative climate Gottfried Benn Johannes R Becher Bertolt Brecht Günter Eich and Peter Huchel Combining these two approaches the authors show that a fresh perspective that challenges established literary historical periodisations can shed light on the common cultural and aesthetic ground shared by writers editors and critics across the ideological divides of the era **The Acoustical Unconscious** Robert Ryder, 2022-02-21 Is there an acoustical equivalent to Walter Benjamin's idea of the optical unconscious In the 1930s Benjamin was interested in how visual media expand our optical perception the invention of the camera allowed us to see images and details that we could not consciously perceive before This study argues that Benjamin

was also concerned with how acoustical media allow us to hear otherwise that is to listen to sound structures previously lost to the naked ear Crucially they help sensitize us to the discursive sonority of words which Benjamin was already alluding to in his autobiographical work In five chapters that range in scope from Tieck's Blonde Eckbert which Benjamin once called his locus classicus of his theory of forgetting to Alexander Kluge's films and short texts where he develops what he calls sound perspectives this monograph discusses how the acoustical unconscious enriches our understanding of different media from the written word to radio and film As the first book length study of Benjamin's linguistic cultural historical and media theoretical reflections on sound this book will be particularly relevant to students and scholars of both German studies and sound studies

Modes of Censorship Francesca Billiani, 2014-05-22 Modes of Censorship and Translation articulates a variety of scholarly and disciplinary perspectives and offers the reader access to the widening cultural debate on translation and censorship including cross national forms of cultural fertilization It is a study of censorship and its patterns of operation across a range of disciplinary settings from media to cultural and literary studies

engaging with often neglected genres and media such as radio cinema and theatre Adopting an interdisciplinary and transnational approach and bringing together contributions based on primary research which often draws on unpublished archival material the volume analyzes the multi faceted relationship between censorship and translation in different national contexts including Italy Spain Great Britain Greece Nazi Germany and the GDR focusing on the political ideological and aesthetic implications of censorship as well as the hermeneutic play fostered by any translational act By offering innovative methodological interpretations and stimulating case studies it proposes new readings of the operational modes of both censorship and translation The essays gathered here challenge current notions of the accessibility of culture whether in overtly ideological and politically repressive contexts or in seemingly neutral cultural scenarios
