Marr,1957 Guide to the Literature of Mathematics and Physics Including Related Works on Engineering Science Nathan Grier Parke,1947 A Practical Guide to Scientific Writing in Chemistry Andrew Terhemien Tyowua,2023-03-31

Successful completion of postgraduate studies especially PhD and career advancement in academia strongly depend on the ability to publish scientific papers or books and attract research grants However many chemical scientists find preparing scientific papers and research grant and book proposals difficult partly because of insufficient training in writing and partly because there are few practical books to enable them to learn the art This step by step practical guide is intended mainly for postgraduate students and early career researchers in chemical science and the libraries that serve them but will also be useful to other scientists

Key Features
Improves the reader s chances of getting their manuscript published in chemistry journals
Increases the likelihood of winning research grants in chemistry
Takes a lead by the hand approach
Contains chapters on the preparation of graphical abstracts and research highlights
Uses sketches and other illustration styles to aid mental visualization of concepts
Contains practical examples taken from published papers and successful research grant proposals
