## **Guilt With Honor:**

**Guilt with Honor** Jeffrey Ashford, 1982      **Restored to Freedom from Fear, Guilt, and Shame** Paul H. De Neuvi, 2017-06-01 Lessons from the Buddhist World SEANET proudly presents Restored to Freedom from Fear Guilt and Shame volume 13 in its series on intercultural and inter religious studies These three cultural orientations impact the shaping and expression of worldview While all are present to a certain extent in every context this volume draws from the expressions and insights found from within the Buddhist world Understanding orientations differing from our own helps us understand more of ourselves part of the enrichment resulting in the process of encounter We require the lens of the world in order to better recognize our own cultural blindness We use the word restoration believing that it is God s purpose to restore all that was lost through fear guilt and shame back to the original status of power honor and innocence through reconciliation on all levels This volume is for all who seek restoration to freedom for self and others      **About Face**

Christopher L. Flanders, 2011-03-07 For Thais face is a fact writes Flanders However whether in theology evangelism or issues involving sin salvation or atonement Thai Christians and missionaries alike seem either uninterested in or possibly incapable of addressing issues related to face This glaring incongruity between the value of face for Thais and the lack of intentional engagement within the Thai Christian community is deeply troubling Surely such a lack of careful attention to face is a dangerous posture Uncritical views of face furtively attaching to the theology of the Thai church are potentially detrimental for its life and mission Such seems to be an unavoidable situation without proper attention to face Additionally to ignore face is to run the risk of missing valuable cultural resources implicit in the Thai experience of face for the critical task of authentic Thai theological reflection This lack of engagement with face raises critical issues with which we must wrestle How is it that such a central sociocultural issue has not been a more significant part of the Thai Christian vocabulary or experience How pervasive are these negative attitudes regarding face What lies behind them Might this lack of self conscious engagement with face have any relationship to the persistent Thai perception of Christianity as a foreign Western religion How should Christians understand this notion of face and how it relates to the ways we understand and proclaim the gospel

**Who am I?** Steven Reiss, 2002-03-05 What do we want What makes us tick From acceptance to vengeance to curiosity this book explains the 16 basic and universal desires that shape our behavior and shows how the ways we prioritize them determines our personalities Grounded in up to date psychological research this book can help parents comprehend their children s needs and behavior couples understand each other better employers motivate their employees employees become more effective in their work YOU achieve greater satisfaction and happiness in life      Seeing Jesus from the East Ravi Zacharias, Abdu Murray, 2020-04-28 Encounter Jesus Like Never Before through Eastern Eyes Throughout these pages Ravi Zacharias and Abdu Murray invite readers to rediscover the cultural insights we often miss when we ignore the Eastern context of the Bible They offer a refreshing picture of Jesus one that appeals to Eastern readers and can penetrate the hearts

and imaginations of postmodern Westerners In Seeing Jesus from the East Ravi Zacharias and Abdu Murray show us why a broader view of Jesus is needed one that recognizes the uniquely Eastern ways of thinking and communicating found in the pages of the Bible Zacharias and Murray capture a revitalized gospel message presenting it through this Eastern lens and revealing its power afresh to Western hearts and minds Incorporating story vivid imagery and the concepts of honor and shame sacrifice and rewards Seeing Jesus from the East calls believers and skeptics both Eastern and Western to a fresh encounter with the living and boundless Jesus

*Contextualization and the Old Testament* Jerry Hwang, 2022-09-26 Christianity is often viewed in Asia as a Western imposition Challenging this Dr Jerry Hwang examines the Old Testament's cultural engagement of its ancient Near Eastern context arguing that Scripture itself provides the ultimate model for contextualizing theology in Asia While it is common for missiological studies to ignore the Old Testament in their discussion of contextualization truly biblical contextualization must include the whole Bible not simply the New Testament This study provides insightful discourse between the Old Testament and various Asian contexts while demonstrating how Asian perspectives can help overcome the Eurocentrism prevalent in Old Testament scholarship This is an ideal resource for scholars and practitioners interested in a biblical perspective of contextualization especially as related to constructing theology that honors the truth of Scripture in the context of Asia

Lau, 2018-09-30 The Asia Bible Commentary Series empowers Christian believers in Asia to read the Bible from within their respective contexts Holistic in its approach to the text each exposition of the biblical books combines exegesis and application The ultimate goal is to strengthen the Body of Christ in Asia by providing pastoral and contextual exposition of every book of the Bible Set in Persia the book of Esther seems to show little interest in the temple the Promised Land prayer or other signs of the Israelite religion Most peculiarly for a book of the Bible there is no explicit mention of God Yet there are many similarities with the setting of Esther and situations in Asia today which open ways for God to speak into present realities This commentary examines the book of Esther in its original context and considers how to interpret and apply it in light of the rest of Scripture both the Old Testament and the New     Four Overarching Patterns of Culture Robert Strauss, Christopher Strauss, 2019 Justice has been the dominant cultural framework of people in the West for two centuries ever since the rise of constitutional democracies Consciously or not most people in the West have a strong awareness of right and wrong Their sense of morality is generally rooted in an obligation to the rule of law In democratic societies the rule of law ultimately relies on constitutional documents ratified by a widely accepted process of development and implementation For millennia honor has been the dominant cultural framework of most people in the East and Middle East Here people know that speech and behavior display respect or disrespect While pervasive in all relationships honor and shame are most important in the family extended family and local community In the East honor is not necessarily an internal feeling as it is in a justice culture Honor is more often an external attribution bestowed by others rather than claimed by oneself Harmony is prevalent globally in indigenous cultures Many indigenous peoples do not distinguish between the supernatural and natural worlds All aspects of life are connected Interactions with spirit beings are the key to maintaining harmony in order to be secure Reciprocity is a common cultural framework in the Global South Here one learns to develop connections with the right people in given circumstances for needed resources These connections may or may not be characterized as friendships and provide not so much close friendships as reciprocal exchange In some places reciprocity is the means whereby one survives     **California. Tennent, 2009-05-26 Thinking more globally about the formation of theology enriches our understanding of what it means to be a Christian It's no secret that the center of Christianity has shifted from the West to the global South and East While the truths of the Christian faith are universal different contexts and cultures illuminate new questions understandings and expressions What does this mean for theology as Western theologians understand it Timothy Tennent argues that the Christian faith is culturally and theologically translatable *Theology in the Context of World Christianity* is written to expand our ecclesiastical cartography by highlighting within each of the major themes of systematic theology studies that are engaging the global church such as Anthropology with studies drawn from the different views of human identity between Eastern and Western cultures Christology with a focus on the emphases that African Christians place on the characteristics of Christ Pneumatology by looking at the role of the Holy Spirit in Latin American Pentecostalism Eschatology by focusing on how this branch of theology shapes world
