The Languages of World Literature Achim Hölter, 2024-03-04 This volume opens the series of papers presented at the Vienna Congress of AILC/ICLA 2016 beginning with eight keynotes. Thirty-four further papers are dedicated to the central theme of the conference: the linguistic side of world literature under different focal points. The volume further contains five roundtables, the papers of a workshop of the UNESCO Memory of the World Programme, a presentation of the AVDigital platform as well as several bibliographically enriched overviews of the special lexicography of comparative literature. Up-to-date versions of the ICLA publications and an example of multiple translations of a famous modern classic.
