Eleusis Archetypal Image Of Mother And Daughter:

Eleusis Carl Kerényi, 2020-06-16 The Sanctuary of Eleusis near Athens was the center of a religious cult that endured for nearly two thousand years and whose initiates came from all parts of the civilized world Looking at the tendency to see visions C Kerényi examines the Mysteries of Eleusis from the standpoint not only of Greek myth but also of human nature Kerényi holds that the yearly autumnal mysteries were based on the ancient myth of Demeter's search for her ravished daughter Persephone a search that he equates not only with woman's quest for completion but also with every person's pursuit of identity As he explores what the content of the mysteries may have been for those who experienced them he draws on the study of archaeology objects of art and religious history and suggests rich parallels from other mythologies

Demeter and Persephone Tamara Agha-Jaffar, 2002-09-26 The classical Greek myth of Demeter and her daughter Persephone as told in Homer's Hymn to Demeter has been used most often to explain the cycle of the seasons However a closer examination will reveal insights on living and dying loss and reconciliation and suffering and healing This work demonstrates the continued importance and relevance of the myth of Demeter and Persephone to today's society The first three chapters provide a summary of the Homeric story and examine the myth from the perspectives of the mother and daughter The following chapters discuss the symbolism of critical objects the role of female mentoring the role of Hades and the meaning of the underworld the subject of rape and the masculinist perspective presented by Zeus and Helios and derive lessons useful for healing and knowledge The Hymn to Demeter as translated by Helene Foley is included as an appendix in order to provide a basis for the discussion in the text Notes and a bibliography also follow the text *Mothers and Daughters* Alice H. Gaian hierophant This is the one who reveals and shows us how to relate to the sacred aspects of Gaia our planet Who is this hierophant Each of us when we join the campaign with Gaia against the desecration of our natural environment But first we have to discover what the Earth really is The Earth s thousands of sacred sites hold a secret they are functional parts of the planet s geomantic body consciousness nodes in the Earth s subtle body Each veils a Light temple each once known widely and remembered in myth and Welcome to Your Designer Planet documents 165 different kinds The Earth is not an accident of the cosmos but was designed specifically for humans as an extended Mystery temple primed to support and enhance our greater awareness And the designers intended that humans help maintain it Want to help the ecosystem and modulate global warming and climate change Plug yourself into the Earth s Light grid through your nearest sacred site and start helping Earth Mysteries researcher Richard Leviton presents a working model of the Earth s geomantic reality based on 24 years of research The world s myths are the doorway into this fantastic domain of the Earth s visionary geography showing us where to go and what to do and even what kinds of spiritual beings to expect to see The future of the Earth is in our hands Here are some pages from its design manual showing us how to fine tune our wonderful host planet Gender and the City in Euripides' Political Plays Daniel Adam Mendelsohn,2005 Daniel Mendelsohn makes use of insights into classical Greek conceptions of gender and Athenian notions of civic identity to demonstrate that the plays Children of Herakles and Suppliant Women by Euripides are subtle and coherent exercises in political theorizing Dionysus, Christ, and the Death of God, Volume 1 Giuseppe Fornari,2020-09-01 This magisterial reflection on the history and destiny of the West compares Greco Roman civilization and the Judeo Christian tradition in order to understand what both unites and divides them Mediation understood as a collective symbolic experience gives society unity and meaning putting human beings in contact with a universal object known as the world or reality But unity has a price the very force that enables peaceful coexistence also makes us prone to conflict As a result in order to find a common point of convergence of at one ment someone must be sacrificed Sacrifice then is the historical pillar of mediation It was endorsed in a cosmic religious sense in antiquity and rejected for ethical reasons in modernity where the Judeo Christian tradition plays an intermediate role in condemning sacrificial violence as such while accepting sacrifice as a voluntary act offered to save other human beings Today as we face the collapse of all shared mediations this intermediating solution offers a way out of our moral and cultural plight **The Book of Immortality** Adam Gollner,2014-09-30 An exploration of one of the most universal human obsessions charts the rise of longevity science from its alchemical beginnings to modern day genetic interventions and enters the world of those whose lives are shaped by a belief in immortality Psychological Healing Paul C. Larson,2017-05-17 This book is intended as a text in the history and philosophy of professional psychology It takes a broad view of psychological healing and traces the history of this endeavor from prehistoric times down to the present The story should be useful not only to graduate students in professional psychology but to others in the psycho social or behavioral health fields It emphasizes the

importance of multicultural and diversity issues by covering a wide swath of relevant world history to help students understand the cultural matrix that is behind the many people we serve America is a nation of immigrants and they bring with them the legacy of their varied backgrounds A major metaphor is the stream of transmission We practice based on what our teachers knew we improve upon them and in turn pass them on to our students This extended lineage of psychological healing can be summed in four archetypal roles the shaman and priest the physician the teacher and the scientist Modern professional psychology incorporates all of those and this book seeks to tell that story **The Door in the Sky** Ananda K. P. Sullivan, 1987-04-15 One of the reasons for the study of the Greek and Roman classics is their perpetual relevance In no area can this position be more clearly defended than in the investigation of the feminine condition for it was here that basic attitudes derogatory to the sex were molded by legal and social systems by philosophers and poets and by the thinking of men long since gone Women in the Ancient World brings together essays that examine philosophy social history literature and art and that extend from the early Greek period through the Roman Empire Their wide range of critical perspectives throws new light on the personal political socio economic and cultural position of women *The True Origins of Jesus* Colm Holland, 2022-12-09 The True Origins of Jesus by Geoff Roberts will save you years of research by giving the answers your inquiring mind is thirsting for It bridges the gap between truth and myth with a common sense that is difficult to find these days in discourses about Jesus Dean Wilkinson Founder of Epochwork com With all the evidence compiled in this book including some which has only come to light relatively recently you can draw your own conclusions from a story which will look very different to the one you learned at school Was Jesus Christ a mythical figure who was never intended by the early founders of the religion to be a walking talking historical person By examining the earliest historical sources referred to in this book with an open mind you will be free to decide who Jesus is for you today **Ancient Greece** Matthew Dillon, Lynda Garland, 2005-10-24 First Published in 1999 Routledge is an imprint of Taylor Francis an informal company Redefining Dionysos Alberto Bernabé, Miguel Herrero de Jáuregui, Ana Isabel Jiménez San Cristóbal, Raquel

Martín Hernández,2013-06-26 This book contributes to the understanding of Dionysos the Greek god of wine dancing theatre and ecstasy by putting together 30 studies of classical scholars They combine the analysis of specific instances of particular dimensions of the god in cult myth literature and iconography with general visions of Dionysos in antiquity and modern times Only from the combination of different perspectives can we grasp the complex personality of Dionysos and the forms of his presence in different cults literary genres and artistic forms from Mycenaean times to late antiquity The ways in which Dionysos was experienced may vary in each cult and each genre in which this god is involved Therefore instead of offering a new all encompassing theory that would immediately become partial the book narrows the focus on specific aspects of the god Redefinition does not mean finding again the essence of the god but obtaining a more nuanced knowledge of the ways he was experienced and conceived in antiquity

Goddess Mystery Cults and the Miracle of Minyan

Prehistoric Greece Dionysios Psilopoulos,2023-01-03 As this book demonstrates the cradle of the Mystery Cults of the Goddess and of Western civilization is the Aegean region an area extending from the Balkans to Crete and from the Ionian Sea to Asia Minor The Eleusinian Mysteries do not originate from Old Europe or Egypt but from the worship of the Pelasgian goddess Daeira Mother Earth who preceded Demeter and whose cult was indigenous to Eleusis As shown here in the Mysteries of the Goddess the initiates descend into the depths of their psyche perceive the midnight sun transcend duality and achieve cosmic consciousness symbolized by the unity and harmony of the Great Goddess The Pelasgians Minyans and Minoans the Aegean region s prehistoric tribes and ancestors of the Mycenaeans and modern Greeks share the same cultural heritage continuity and autochthony with the region s Proto Greek pre Deukalion Flood inhabitants The book also argues that religious and scientific traces of pre Flood knowledge can be discerned in the Mysteries and the technical achievements of prehistoric Minyan and Minoan Greeks Even from the third millennium the Minyans and Minoans with their advanced nautical geographic and astronomical knowledge sailed not only the Mediterranean but using the Atlantic currents had reached the copper mines of northern Europe and America

***The Persephone Myth in Young Adult Fiction* Cristina Salcedo**

González,2024-12-12 Investigating the widespread but understudied presence of the Persephone myth within 21st century young adult literature Cristina Salcedo Gonz lez analyses six young adult novels which incorporate a reworking of this ancient Greek myth Through the identification of mythic themes mythemes and patterns within these novels Gonz lez shows that these works evoke the female life cycle and develop current perceptions of the female maturational experience As a result Salcedo Gonz lez makes an important contribution in establishing the cultural significance of young adult literature in the world of classical reception These novels all written by women also inflect or interpret the myth in ways influenced by their contemporary contexts specifically the impact of the novels target readership on the aspects of the myth that are either emphasised e g Persephone s descent into the underworld her existence there and her re ascent or de emphasised e g the mourning and wanderings of Demeter This book makes original methodological contributions through its innovative dual

perspective of myth criticism and classical reception to our understanding of the academically neglected genre of young adult literature and the reception of the myth of Persephone As a result Salcedo Gonz lez significantly contributes to establishing the cultural significance of young adult literature within the realm of classical reception
