Ethical Framework For Complementary And Alternative Therapists:

An Ethical Framework for Complementary and Alternative Therapists Julie Stone, 2005-06-29 This book provides tools for critical and reflective practice and suggests practical solutions to common problems including illustrative scenarios of ethical dilemmas and useful summaries of key points

An Ethical Framework for Complementary and Alternative Therapists Julie Stone, 2005-06-29 As growing numbers of patients turn to complementary and alternative medicine CAM the focus of attention has largely been on whether these therapies work and whether they are safe These questions are central to further integration of CAM with orthodox medicine But in the absence of formal regulation it is equally critical to consider the ethical dimensions of the CAM therapeutic encounter In this book Julie Stone demonstrates that ethical issues are no less relevant to CAM therapists than they are to doctors or any other group of health professionals She provides CAM therapists with a detailed framework of the specific ethical issues which affect CAM practice to help practitioners think constructively about how ethics underpin their therapeutic work An Ethical Framework for Complementary and Alternative Therapists encourages critical and reflective practice suggests practical problems to common problems includes illustrative scenarios of ethical dilemmas faced by therapists and summarises key points This timely book offers a comprehensive guide to this important area Its challenging conclusions are as relevant to experienced practitioners as to students and newly qualified therapists This book will also interest policy makers and professional bodies interested in strengthening and enhancing CAM's potential

The New Sociology of the Health Service Jonathan Gabe, Michael Calnan, 2009-03-09 The New Sociology of the Health Service provides a vital new sociological framework for analysing health policy and health care covering a broad range of key contemporary health services issues It will be an important read for all students and researchers of medical sociology and health policy

Legal Issues in Counselling & Psychotherapy Peter Jenkins, 2002-10-31 This is an excellent book It builds well on Peter Jenkins' admirable earlier contribution to our knowledge of the many legal matters that are of vital concern to counsellors *Counselling Psychotherapy and the Law* SAGE 1997 It is my intention as a counsellor and lecturer to make Peter Jenkins' new book required reading for all our students Indeed I would go as far to say that all counsellors not matter how experienced they consider themselves should consider this book as essential reading As the advert says don't leave home without one Norman Claringbull *Counselling at Work* This is good value for trainees and experienced practitioners alike provoking reflection and providing a useful reference source Sally Scott *Healthcare Counselling and Psychotherapy Journal* Counsellors and psychotherapists are increasingly seeing the impact of legal issues on their practice and yet many feel under prepared for the challenges they have to face *Legal Issues in Counselling Psychotherapy* is a much needed source of advice and reference which examines the rapidly growing range of situations in which therapists find themselves in contact with the law in their everyday practice in specialist work or when facing a legal case against them The first part covers the current legal context of therapeutic work including confidentiality contracts data

protection and court reports Chapters include defining work by leading writers from the therapeutic and legal worlds as well as an illuminating account by a client who brought a successful case against her therapist Some areas of therapeutic work are particularly circumscribed by legal issues and the second part examines the specific implications for therapists in relation to working with survivors of sexual abuse working in legal settings false memory the Human Rights Act Looking to the future the book also examines the implications of professional regulation for all counsellors and psychotherapists The need for counsellors and psychotherapists to be well informed about the law is rapidly growing Legal Issues in Counselling Psychotherapy therefore provides access to essential information which will be of great value to trainees practitioners and supervisors

Foundations of Massage Lisa Casanelia, David Stelfox, 2009-12-22 Foundations of Massage 3e is a comprehensive practical and theoretical foundation for all aspects of massage therapy The book prepares students for clinical practice through the presentation of step by step techniques and treatments This revision of this Australian text for the practice of massage therapy includes new material on specialised application of massage such as providing services for people with disabilities working in aged care and providing services for people with chronic disease states and life challenging illnesses More than 350 illustrations and photographs of manual applications Questions and activities at the end of each chapter Comprehensive glossary Evidence for massage therapy completely revised and updated Inclusion of references to legislative and regulatory information to massage therapy practitioners Expanded anatomy illustrations in full colour appendices A more comprehensive chapter on pregnancy massage updated by well known international author Suzanne Yates A more comprehensive chapter on infant massage History chapter has been expanded to include influences on the massage industry from Europe and North America

[Encyclopedia of Applied Ethics](#), 2012-01-10 The Encyclopedia of Applied Ethics Second Edition Four Volume Set addresses both the physiological and the psychological aspects of human behavior Carefully crafted well written and thoroughly indexed the encyclopedia helps users whether they are students just beginning formal study of the broad field or specialists in a branch of psychology understand the field and how and why humans behave as we do The work is an all encompassing reference providing a comprehensive and definitive review of the field A broad and inclusive table of contents ensures detailed investigation of historical and theoretical material as well as in depth analysis of current issues Several disciplines may be involved in applied ethics one branch of applied ethics for example bioethics is commonly explicated in terms of ethical legal social and philosophical issues Editor in Chief Ruth Chadwick has put together a group of leading contributors ranging from philosophers to practitioners in the particular fields in question to academics from disciplines such as law and economics The 376 chapters are divided into 4 volumes each chapter falling into a subject category including Applied Ethics Bioethics Computers and Information Management Economics Business Environmental Ethics Ethics and Politics Legal Medical Ethics Philosophy Theories Social and Social Media Concise entries ten pages on average provide foundational knowledge of the field Each article will features suggested

readings pointing readers to additional sources for more information a list of related websites a 5 10 word glossary and a definition paragraph and cross references to related articles in the encyclopedia Newly expanded editorial board and a host of international contributors from the US Australia Belgium Canada France Germany Ireland Israel Japan Sweden and the United Kingdom The 376 chapters are divided into 4 volumes each chapter falling into a subject category including Applied Ethics Bioethics Computers and Information Management Economics Business Environmental Ethics Ethics and Politics Legal Medical Ethics Philosophy Theories Social and Social Media Regulating the Health Professions Judith Allsop, Mike Saks, 2003-02-27 It has particular appeal for health care professionals and managers with an interest in corporate and clinical governance British Journal of Perioperative Nursing In recent years the health professions have been subject to unprecedented regulatory changes Exposure of poor practice provoked widespread criticism of self regulation and calls for a system in which the interests of health care consumers and employers are more fully recognized Examining the historical and contemporary context Regulating the Health Professions provides an in depth analysis of professional self regulation and the implications of regulatory change for the future of health care Part One sets out general regulatory issues in the healthcare arena with chapters covering the impact of globalization on the professions the purpose of professional regulation the legal context of regulation and the significance of professional codes of ethics In Part Two issues specific to the different professions are explored through chapters on medicine nursing dentistry the professions allied to medicine clinical psychology and alternative medicine This extremely topical book will be of interest to students educators and researchers in a wide range of disciplines including sociology social policy politics and health studies and to healthcare professionals and their managers **Clinical Reflexology** Denise Tiran, Peter A. Mackereth, 2010-12-01 Clinical Reflexology takes the practitioner on a journey of examination critical review and debate prior to making recommendations for best practice in reflexology The phenomenal rise in interest by health professionals in Complementary and Alternative Medicine CAM and in particular touch therapies has led to a need for texts that relate and integrate theory and practice to health care settings Clinical Reflexology does this expanding and exploring concepts introduced in the first edition Many CAM books have been written for therapists working in private practice but many of these practitioners are also now working in healthcare settings This book allows both groups to facilitate the greater integration of clinical reflexology in clinical practice The book is divided into two sections The first deals with key themes including an up to date review of the research evidence and appropriate methodology safe and supported practice and integration issues All these themes are explored and discussed utilizing the available literature analysis of models and concepts and are related specifically to health care practice The second section focuses on the clinical application of reflexology and how it can be best adapted to the context The contributors are committed pioneers in their field with a track record of integrating reflexology within clinical settings Many are teachers coordinators of therapy services and supervisors ABOUT THE AUTHORS Dr Peter Mackereth is the Clinical Lead for

Complementary Therapies and Smoking Cessation Services at The Christie NHS Foundation Trust Manchester He is a registered nurse and has worked in intensive care neurology and oncology Peter has an MA in Medical Ethics and has completed a PhD project examining reflexology vs relaxation training for people with Multiple Sclerosis An author and renowned speaker Peter has held academic post in number of universities most recently as Reader in Integrative Health at the University of Derby Denise Tiran a midwife lecturer and reflex zone therapist is an internationally acclaimed authority on complementary therapies in pregnancy and childbirth She is Director of Expectancy the leading provider of professional education on the safe use of complementary therapies in maternity care including a special pregnancy course for reflexologists Her latest book Reflexology for Pregnancy and Childbirth was published in January 2010 Massage and Bodywork Peter A. Mackereth, Ann Carter, 2006-01-01 Massage and Bodywork brings together common forms of bodywork with a focus on an important and challenging area of practice The book illustrates how massage can be safely adapted for patients and dispels some misconceptions about working with people who have cancer **Integrative Hypnotherapy** Anne Cawthorn, Peter A. Mackereth, 2010-07-23 Many health care professionals and complementary therapists use hypnotherapy as part of their package of care Integrative Hypnotherapy provides fully evidence based instruction on how to integrate the theory and practice of hypnotherapy into a range of clinical settings It presents a combined approach of using hypnotherapy alongside other therapies and is authored by a multidisciplinary team nurses psychologists hypnotherapists and CAM therapists who use hypnotherapy in their practice and is edited by well known and popular educators in the field The book is divided into two sections key concepts and approaches in practice The second section covers the application of hypnotherapy to specific situations problems eg managing pain smoking cessation gastro intestinal disorders life threatening illness anxiety and weight management Students and practitioners will be taken on a journey of examination critical review and debate prior to reaching recommendations for best practice **KEY FEATURES** Relates hypnotherapy theory and practice to health care settings Provides research evidence to support and develop practice Presents combined approach of using hypnotherapy with other CAM therapies Provides practical clinical models and case studies to allow easy application of theory to practice Relates hypnotherapy theory and practice to health care settings Presents combined approach of using hypnotherapy with other CAM therapies Edited by well known and popular educators and lecturers in the field Provides research evidence to support and develop practice Multi contributed book which brings together a range of therapists nurses psychologists hypnotherapists and CAM therapists who use hypnotherapy in their practice and have a track record in integrating therapies in clinical settings **Folk Healing and Health Care Practices in Britain and Ireland** Ronnie Moore, Stuart McClean, 2010-06-01 Folk alternative and complementary health care practices in contemporary Western society are currently experiencing a renaissance albeit with features that are unique to this historical moment At the same time biomedicine is under scrutiny experiencing a number of distinct and multifaceted crises In this volume the authors draw

together cutting edge cross cultural interdisciplinary research in Britain and Ireland focusing on exploring the role and significance of healing practices in diverse local contexts such as the use of crystals herbs cures and charms potions and lotions

Illicit and Illegal Joanna Phoenix, Sarah Oerton, 2013-05-13 This book addresses the regulation of sex and discusses the ways in which sexual activities are controlled and made illegal deviant

Palliative Care Nursing: Principles And Evidence For Practice Payne, Sheila, Seymour, Jane, Ingleton, Christine, 2008-08-01 This textbook in palliative care nursing draws together the principles and evidence that underpins practice to support nurses working in specialist palliative care settings and those whose work involves end of life care

The Consultation in Phytotherapy E-Book Peter Conway, 2010-09-20 The Consultation in Phytotherapy considers the means by which the herbal practitioner can seek to appreciate the patient's predicament Written for both herbal medicine students and practitioners the book takes a radical approach challenging readers to reflect on the nature scope and methods of the consultation in herbal practice The author asserts that the effective consultation represents a therapeutic act in and of itself and proposes strategies for maximising and realising this therapeutic potential The book provides both a complement to and a critique of mainstream texts on clinical diagnosis and case management It contrasts the herbal consultation with that occurring in conventional medicine and offers rationales arguments and tools aimed at developing an enhanced capacity to achieve profound results in the herbal clinical encounter About the Author Peter Conway is a practising medical herbalist and has been involved in developing and teaching on several BSc and MSc courses in herbal medicine He is the President of the College of Practitioners of Phytotherapy and a Director of the European Herbal and Traditional medicine Practitioners Association Peter helped draft the National Professional Standards for Herbal Medicine and sat on the Department of Health Steering Group on the Statutory Regulation of Acupuncture and Herbal Medicine Key features Provides a context for understanding and appreciating what is meant by phytotherapy Explores the notion of the therapeutic relationship in herbal practice and how this can practically be facilitated Considers all aspects pertaining to the aims and structure of the herbal consultation including history taking physical examination investigation concluding the consultation and providing ongoing care Examines and integrates a broad range of perspectives including those connected with placebo and the meaning response complexity and chaos theories

psychoneuroimmunology evidence and narrative based medicine and phenomenological and traditional medicine approaches

Shadow Medicine John S. Haller, Jr., 2014-07-08 Can Evidence Based Medicine EBM and Complementary and Alternative Medicine CAM find common ground A distinguished historian of medicine John S Haller Jr explores the epistemological foundations of EBM and the challenges these conceptual tools present for both conventional and alternative therapies As he explores a possible reconciliation between their conflicting approaches Haller maintains a healthy scientific skepticism yet finds promise in select complementary and alternative CAM therapies Haller elucidates recent research on the placebo effect and shows how a new engagement between EBM and CAM might lead to a more productive medical practice that includes both the objectivity of evidence based medicine and the subjective truth of the physician patient relationship Haller s book tours key topics in the standoff between EBM and CAM how and why the double blinded randomized clinical trial RCT came to be considered the gold standard in modern medicine the challenge of postmodern medicine as it counters the positivism of evidence based medicine and the politics of modern CAM and the rise of the National Center for Complementary and Alternative Medicine He conducts an in depth case study of homeopathy explaining why it has emerged as a poster child for CAM and assesses CAM s popularity despite its poor performance in clinical trials Haller concludes with hope showing how new experimental protocols might tease out the evidentiary basis for the placebo effect and establish a foundation for some reconciliation between EBM and CAM

Reiki Practice and Surrender Dori-Michelle Beeler, Jojan Jonker, 2021-11-20 The authors discuss the religious spiritual healing practice Reiki revealing components of it that help transform the message held by the alleged life force called reiki energy into meaning expressed in efficacy for the recipient s body mind and spirit Components that are analyzed include but are not limited to touch symbols initiation and precepts The practitioner s surrender to a combination of internal and external authority with reiki energy being part of that is a crux in Reiki practice and one means with which practitioners speak of beneficial effect This work contributes to academic knowledge about how practicing a religious or spiritual practice may contribute to one s well being and flourishing life Moreover it explores the question of the nature of Reiki in academic definitions of religion

Drugs and Justice M. Pabst Battin, 2008 This compact and innovative book tackles one of the central issues in drug policy the lack of a coherent conceptual structure for our thinking about drugs Battin and her contributors lay a foundation for a wiser drug policy by promoting consistency and coherency in the discussion of drug issues and by encouraging a unique dialogue across disciplines The book is written accessibly with little need for expert knowledge and will appeal to a diverse audience of philosophers bioethicists clinicians policy makers law enforcement legal scholars and practitioners social workers and general readers as well as to students in areas like pharmacy medicine law nursing sociology social work psychology and bioethics

Case Studies for Complementary Therapists Kelly Galvin, Madelaine Bishop, 2010-12-20 This book provides support at curriculum level for developing the complementary potential which exists between complementary and conventional western medicine It provides

students teachers and practitioners with a framework within which they can effectively analyse and classify the extensive amount of information gathered in a CAM consultation and help them develop effective and appropriate treatment programmes within the time constraints of a busy clinic It provides an insight into the initial CAM consultation process offering possible treatment and collaborative referral options for individual cases rather than dictating diagnostic analysis or treatment protocols for specific conditions Question suggestions have been provided to help the user collect the necessary information to develop a working diagnosis and treatment protocol for each individual case Readers can then adapt questions decision making tools and therapeutic recommendations to suit the needs of their own clients Complementary practitioners are often uncertain about the legal and ethical boundaries regarding diagnosis and case management This book will help CAM students and practitioners recognise situations requiring referral understand their role in collaborative case management and confidently integrate a range of CAM modalities in treatment programmes Provides a clear case analysis format which can be and adapted to suit the requirements of individual case histories Specific questioning format Clearly identifies situations where cross or collaborative referral is necessary Decision tables help readers prioritise treatment refer appropriately and help guide clinical thinking when readers are faced with several treatment options Class tested curriculum based
