

ETHICAL THEORY

A Concise Anthology

Edited by Heidi Christensen & Margaret H. Hollgren

Ethical Theory A Concise Anthology

John H. McClendon III

Ethical Theory A Concise Anthology:

Ethical Theory Heimir Geirsson, Margaret Holmgren, 2000-06-28 This anthology is designed for use as a brief introduction to ethical theory Included are sections on various forms of ethical theory Ethical Relativism Divine Command Theory Egoism Consequentialism Deontology Justice Virtue Ethics and Feminist Ethics Each section includes two or three of the most important and interesting contributions to the field together with brief introductions by the editors A final section Theories in Practice consists of five selections on the issues of abortion world poverty and affirmative action **Ethical Theory: A**

Concise Anthology - Third Edition Heimir Geirsson, Margaret R. Holmgren, 2018-04-17 This concise anthology collects important historical and contemporary readings on the central ethical theories including Divine Command Theory Consequentialism Deontology Virtue Ethics and Feminist Ethics Each section includes two or three of the most important contributions to the field together with brief introductions from the editors This new third edition offers expanded coverage of meta ethics through the addition of thought provoking readings from Susan Wolf Gilbert Harman and others The number of selections from women authors has also increased Ethical Theory - Second Edition Heimir Geirsson, Margaret

Holmgren, 2010-05-07 This first rate introduction to ethical theory contains sections on various forms of ethical theory such as egoism virtue ethics divine command theory and consequentialism Each section includes two or three of the most important contributions to the field together with brief introductions by the editors The second edition contains an improved approach to applied ethics Each chapter on moral theories now includes a selection that deals with a moral problem such as human cloning abortion and global warming The selection illustrates how the relevant theoretical approach is put to use There is therefore a much tighter integration between theory and practice than before The new edition also contains an improved section on feminist ethical theory **Ethical Challenges to Business as Usual - Second Edition** Shari

Collins, 2022-06-17 This anthology offers a fresh approach to the ethics of business casting a critical eye on entrenched assumptions and practices It includes central works from such thinkers as John Locke Karl Marx Milton Friedman Naomi Klein and Thomas Piketty while also introducing new voices on a range of pressing practical topics including racial discrimination in the workplace factory farming climate change affirmative action and whistleblowing A truly applied anthology this book encourages students to see the real world applications of the theories at issue and to examine the consequences of business as usual **The Oxford Handbook of International Political Theory** Chris Brown, Robyn

Eckersley, 2018 The essential volume for all those working on International Political Theory and related areas Philosophy of Religion and the African American Experience John H. McClendon III, 2017-07-03 Most white philosophers of religion generally presume that philosophy of religion is based on what is a false universality whereby the white Western experience is paradigmatic of humanity at large The fact remains that Howard Thurman James H Cone and William R Jones among others have produced a substantial amount of theological work quite worthy of consideration by philosophers of religion Yet

this corpus of thought is not reflected in the scholarly literature that constitutes the main body of philosophy of religion Neglect and ignorance of African American Studies is widespread in the academy By including chapters on Thurman Cone and Jones the present book functions as a corrective to this scholarly lacuna **The Ideology of Managerialism** Thomas Klikauer, 2025-05-28 The term managerialism is widely used not only in the world of business and government and this book details the theory behind the illusive idea It distinguishes between management and managerialism and highlights the two groups pushing managerialism namely corporate apparatchiks and the apostles of managerialism and outlines twelve key ideas shaping managerialism These twelve ideas range from profits to ideology from economic growth and markets to business ethics and corporate social responsibility from quantification to dehumanisation from exploitation to short termism environmentalism and homogenisation Ultimately this research volume illuminates the pathologies of managerialism and its impact on society business government and the defining issue of our time global warming The objective of this book is to move simply beyond using the term managerialism by creating a better understanding of it This means exploring the theory behind managerialism as well as the ideologies that define it It will be of value to researchers academics practitioners and students looking to gain a deeper understanding of managerialism and how managerialism can be overcome with particular interest to those in the fields of critical management studies leadership corporate governance and organisational studies

Global Ethics Heather Widdows, 2014-12-05 Global ethics addresses some of the most pressing ethical concerns today including rogue states torture scarce resources poverty migration consumption global trade medical tourism and humanitarian intervention It is both topical and important How we resolve or fail to resolve the dilemmas of global ethics shapes how we understand ourselves our relationships with each other and the social and political frameworks of governance now and into the future This is seen most clearly in the case of climate change where our actions now determine the environment our grandchildren will inherit but it is also the case in other areas as our decisions about what is permissible for humans beings to do to each other determines the type of beings we are This book suitable for course use introduces students to the theory and practice of global ethics ranging over issues in global governance and citizenship poverty and development war and terrorism bioethics environmental and climate ethics and gender justice The Case Against Consequentialism Reconsidered Nikil Mukerji, 2016-08-30 This book argues that critics of consequentialism have not been able to make a successful and comprehensive case against all versions of consequentialism because they have been using the wrong methodology This methodology relies on the crucial assumption that consequentialist theories share a defining characteristic This text interprets consequentialism instead as a family resemblance term On that basis it argues quite an ambitious claim viz that all versions of consequentialism should be rejected including those that have been created in response to conventional criticisms The book covers a number of classic themes in normative ethics metaethics and particularly ethical methodology and also touches upon certain aspects of experimental moral philosophy It is written in clear

language and is analytic in its argumentative style As such the book should appeal to students graduate students as well as professional academics with an interest in analytic moral philosophy

Reason and Emotion in International Ethics

Renée Jeffery,2014-06-12 Ren e Jeffery examines the role played by the emotions in making moral judgments and motivating ethical actions Focusing on the problem of world poverty she draws on the work of eighteenth century moral sentiment theorists and recent advances in the neurosciences to develop an original account of international ethics

Information Ethics, Globalization and Citizenship

Toni Samek,Lynette Shultz,2017-03-22 The boundaries of citizenship have been blurred by global information systems while the public and private spheres have been reshaped through globalization and colonialism and capitalism This collection of new essays explores information and citizenship in the digital age from a range of perspectives presenting cautionary tales along with possibilities for decolonizing digital information and literacy Topics include Wikileaks and the dissolution of information ethical issues for teachers policy makers and librarians and creating safe spaces through ethical librarianship

The Ethics of Performance Enhancing Drugs in Sports

Sandra A. McCalla,2024-08-06 It may be a popular opinion that sports and ethics are incongruent or contradictory but ethical principles in sports are in fact integral for its protection Because of this invalid popular opinion a new conversation on ethical principles and issues in sports is warranted This should start here with a philosophical investigation into the areas of epistemology and autonomy with an effort to address ethical issues associated with the use of performance enhancement drugs doping in sports fair play equity and responsibility Readers are introduced to a new theoretical approach to addressing ethical issues in sports These issues are based on arguments advanced on responsible freedom perspective knowledge and duties that can be utilized by sports stakeholders athletes team doctors fans sporting organizations coaches etc as they strive for success and minimize unfair practices Important questions are posed concerning respect for others respect for rules respect for the game and respect for self Also an investigation into ethics and doping is conducted to unravel whether doping athletes impose undue limitations on their freedom Thus the idea of absolute freedom is questioned and privileged freedom is explored

Environmental Economics and Natural Resource Management David A. Anderson,2024-07-01 The tools of environmental economics guide policymakers as they weigh development against nature present against future and certain benefits against uncertain consequences The policies and research findings explained in this textbook are relevant to decisions made daily by individuals firms and governments This textbook offers instructors and students a user friendly relevant and up to date introduction to these topics while covering recent advancements in the field and significant political and economic changes The book has been thoroughly updated while retaining the story based narratives and visual emphasis of previous editions capturing students attention with full color photos graphs and illustrations This sixth edition includes Updated coverage of international environmental regulations the effects of the COVID 19 pandemic on the environment the effects of war on the environment recent environmental summits and agreements the evolving energy and transportation sectors and trailblazing

policies and research Expanded coverage of environmental issues and approaches in underrepresented countries and continents New discussions of EV batteries populist leaders carbon leakage food waste and ecological resilience Revised digital supplements including a solutions guide PowerPoints and sample tests Environmental Economics and Natural Resource Management promotes environmental and economic literacy with policy oriented application based content delivered in concise accessible discussions Through its engaging approach the text brings the economic way of thinking into discussions of personal community corporate and government activities that affect environmental assets and the quality of life

Concepts and Cases in Nursing Ethics - Third Edition Michael Yeo, Anne Moorhouse, Pamela Kahn, Patricia Rodney, 2010-09-08 Concepts and Cases in Nursing Ethics is a case based exploration of the core principles of health care ethics applied to nursing The book is a collaboration between philosopher ethicist Michael Yeo and nurse ethicist and educators Anne Moorhouse Pamela Khan and Patricia Rodney It thus combines philosophical and ethical analysis with extensive knowledge and experience in nursing and health care The book is organized around six main concepts in health care ethics beneficence autonomy truthfulness confidentiality justice and integrity A chapter is devoted to the elucidation of each of these concepts In each chapter historical background and conceptual analysis are supplemented by case studies that exemplify issues and show how the concept applies in health care and nursing practice In this new edition the conceptual analysis throughout has been updated and reworked in view of changes in the health care system In addition there is a new chapter specifically devoted to recent developments affecting nursing and other health professions Previous case studies have been modified and new ones added to address current and emerging issues Although the text focuses mainly on the social and political situation of nursing the analysis has relevance also for medicine and the allied health professions and indeed for anyone working in the health system

Onstage Violence in Sixteenth-Century French Tragedy Michael Meere, 2021-10-21 The performance of violence on the stage has played an integral role in French tragedy since its inception Onstage Violence in Sixteenth Century French Tragedy is the first book to tell this story It traces and examines the ethical and poetic stakes of violence as playwrights were experimenting with the newly discovered genre during decades of religious and civil war c 1550 1598 The study begins with an overview of the origins of French vernacular tragedy and the complex relationships between violence performance ethics and poetics The volume focuses on specific plays and analyzes biblical mythological historical and politically topical tragedies including the stories of Cain and Abel David and Goliath Medea the Sultan S leyman the Magnificent the Roman general Regulus and the assassination of the Duke of Guise in 1588 to show how the multifarious uses of violence on stage shed light on a range of pressing issues during that turbulent time such as religion gender politics and militantism

TransNarratives Kristi Carter, James Brunton, 2021-08-24 Filling a gap in literature and fulfilling the need for trans focused work TransNarratives is an interdisciplinary collection featuring narratives of transgender experiences providing a sourcebook of a range of trans perspectives writing styles and trans methodological

fields of applicability The works included transcend disciplinary boundaries in the pursuit of academic knowledge and creativity actively deconstructing binaries wherever they begin to appear whether with regard to gender race ability or sexuality or to the binary divisions that can sometimes separate academic and creative production Calling attention to transgender writers this unique and timely text showcases a wide variety of material including scholarship from multi and interdisciplinary transgender perspectives poetry and fiction that foregrounds trans experience and first person transgender narratives The essays poems and stories cover a range of topics relevant to transgender gender nonconforming and nonbinary experiences across time geographic location and cultures An important addition to the field this groundbreaking text will serve as an essential collection of works for students and researchers in transgender studies queer studies and gender studies

FEATURES Provides accessible thematically wide ranging and stylistically diverse writings including scholarship from multi and interdisciplinary transgender perspectives Includes multi generational perspectives and non able bodied subjectivities Uniquely formatted to support a dialogue between creative and scholarly work

Employee Voice at Work Peter Holland, Julian Teicher, Jimmy Donaghey, 2018-12-16 This book addresses the contemporary aspects of employee voice through theoretical and practical analysis In addition to case studies of employee voice in the workplace it also looks at emerging forms of voice associated with the use of technology such as social media Because of the breadth of the concept of employee voice the focus of the book lends itself to an international perspective on employment relations and human resources management analyses and experiences drawn from one country will be usefully considered or applied in relation to others

Canadian Books in Print. Author and Title Index, 1975

Forgiveness and Retribution Margaret R. Holmgren, 2012-03-12 Forgiveness and Retribution Responding to Wrongdoing argues that ultimately forgiveness is always the appropriate response to wrongdoing In recent decades many philosophers have claimed that unless certain conditions are met we should resent those who have wronged us personally and that criminal offenders deserve to be punished Conversely Margaret Holmgren posits that we should forgive those who have ill treated us but only after working through a process of addressing the wrong Holmgren then reflects on the kinds of laws and social practices a properly forgiving society would adopt

Clinical Research Involving Pregnant Women Françoise Baylis, Angela Ballantyne, 2017-01-02 This book discusses how to respectfully and responsibly include pregnant women in clinical research In sharp contrast the existing literature predominantly focuses on the reasons why the inclusion of pregnant women in clinical research is necessary viz to develop effective treatments for women during pregnancy to promote fetal safety to reduce harm to women and fetuses from suboptimal care and to allow access to the benefits of research participation This book supports the shift to a new default position whereby pregnant women are included in clinical research unless researchers argue convincingly for their exclusion This shift raises many as yet unexplored ethical and policy questions about existing barriers to the equitable inclusion of pregnant women in research This book is original in three key ways First it presents an unparalleled depth of analysis of the

ethics of research with pregnant women bringing together many of the key authors in this field as well as experts in research ethics and in vulnerability who have not previously applied their work to pregnant women Second it includes innovative theoretical work in ethics and disease specific case studies that highlight the current complexity and future challenges of research involving pregnant women Third the book brings together authors who argue both for and against including more pregnant women in formal clinical trials

Ethical Theory A Concise Anthology: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. Ethical Theory A Concise Anthology : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Ethical Theory A Concise Anthology : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
