Ethical Dimensions Of Marxist Thought:

Ethical Dimensions of Marxist Thought Cornel West,1991 Esteemed American philosopher Cornel West tackles the ethics of the Marxism agenda In this fresh original analysis of Marxist thought Cornel West makes a significant contribution to today s debates about the relevance of Marxism by putting the issue of ethics squarely on the Marxist agenda West professor of religion and director of the Afro American studies program at Princeton University shows that not only was ethics an integral part of the development of Marx s own thinking throughout his career but that this crucial concern has been obscured by such leading and influential interpreters as Engels Kautsky Luk cs and others who diverted Marx s theory into narrow forms of positivism economism and Hegelianism

Ethical Dimensions of Marxist Thought Cornel West,1991-01-01 Esteemed American philosopher Cornel West tackles the ethics of the Marxism agenda In this fresh original analysis of Marxist thought Cornel West makes a significant contribution to today s debates about the relevance of Marxism by putting the issue of ethics squarely on the Marxist agenda West professor of religion and director of the Afro American studies program at Princeton University shows that not only was ethics an integral part of the development of Marx s own thinking throughout his career but that this crucial concern has been obscured by such leading and influential interpreters as Engels Kautsky Luk cs and others who diverted Marx s theory into narrow forms of positivism economism and Hegelianism

Cornel West's the Ethical Dimensions of Marxist Thought Monthly Review Foundation,1993 **A Symposium on Cornel West's The Ethical Dimensions of Marxist Thought** Cornel West,1993 **From Hegel to Marx** Sidney Hook,1994 In this classic work originally published in 1932 Hook set out to demonstrate to the radical and conservative philosophers and activists of the 1920s and 1930s that Marx was a systematic thinker who developed a sound set of philosophical principles *Works Righteousness* Anna L. Peterson,2020-10-19 In *Works Righteousness* Anna L Peterson examines the place of practice in contemporary ethical theory Peterson argues that rather than assuming that pre established moral ideas guide action ethicists should acknowledge and explore the relationship between ideas actions and results Both an analysis of alternative models in which practice plays a stronger role and an argument for taking practice more seriously in broad questions of ethics as well as in concrete case studies *Works Righteousness* contends that what we do generates and alters our values just as often as expressed values motivate or guide the ways we act Peterson here challenges prevailing philosophical and religious theories that ideas are what truly matter underlining the value of attention to people s concrete experiences and highlighting the relevance of theoretical insights to contemporary social issues such as climate change euthanasia and hate speech Through examinations of pragmatism Marxism and religious pacifism all of which significantly highlight a practice focused approach *Works Righteousness* addresses the way social structures condition moral ideas and actions the dangers of thinking about moral problems as polarized dilemmas and the complex mutual shaping of ideas and actions **Building Beloved Community in a Wounded World** Jacob L. Goodson,Brad Elliott Stone,Philip

Rudolph Kuehnert, 2022-10-27 Is the beloved community local national global or universal What kind of love is required for the beloved community Is such a community only an ideal or can it be actualized in the here and now Tracing the phrase beloved community from Josiah Royce through Martin Luther King Jr to a variety of contemporary usages Goodson Kuehnert and Stone debate answers to the above questions The authors agree about the importance of beloved community but disagree on the details These differences come out through arguments over the local vs the universal the type of love the beloved community calls for and what it means to conceptualize community Ultimately they argue the purpose of beloved community involves responding to the cries of the wounded and those who suffer in the wounded world *The Power of Love and Democracy in the Philosophies of Martin Luther King, Jr. and Cornel West* Timothy L. Lake, 2025-09-18 This book locates an ethic of love as central to the democratic philosophies of Martin Luther King Jr and Cornel West While much has been written about King's moral vision social activism and theology there has been no book length treatment of the implications of his thinking to democratic theory Additionally Cornel West is the leading African American public intellectual of our time but the range of his cultural criticism and academic scholarship obscures his intellectual and social projects This project synthesizes West's vast corpus and places him within the modern African American intellectual tradition he shares with Du Bois King Maulana Karenga the creator of Kwanzaa and others Deeply grounded in the African American intellectual and philosophical traditions in which King and West are rooted as well as the Western mainstream political philosophical traditions in which they were educated this book offers a penetrating interpretation and comparative analysis of their thought on the ideals of democracy and of their critiques of American democracy It also reflects on the nature and values of democracy exploring how love is inseparable from justice in a democratic society **The Routledge Companion to Literature and Social Justice** Masood Ashraf Raja, Nick T. C. Lu, 2023-11-20 The Routledge Companion to Literature and Social Justice is a comprehensive and multi purpose collection on this important topic With contributors working in various fields the Companion provides in depth analyses of both the cumulative and emergent issues obstacles praxes propositions and theories of social justice The first section offers a historical overview of major developments and debates in the field while the following sections look in more detail at the key traditions and show how literature and theory can be applied as analytical tools to real world inequalities and the impact of doing so The contributors provide reviews of major theoretical traditions including Marxism feminism Critical Race Theory disability studies and queer studies They also share literary analyses of influential authors including W E B Du Bois Yang Kui Edwidge Danticat Octavia Butler and Rivers Solomon amongst others The final section considers future possibilities for theory and action of justice drawing specifically from theories and knowledges in decolonial Indigenous environmental and posthumanist studies This authoritative volume draws on the intersections between literary studies and social movements in order to provide scholars students and activists alike with a complete collection of the most up to date information on both canonical and emerging texts and case studies globally

Toward a Postmodern Ethic of Radical Freedom Darrell J. Wesley, 2023-09-08 Toward a Postmodern Ethic of Radical Freedom is one of the first if not the first to bring Cornel West and Michel Foucault together in a meaningful dialogue to formulate a postmodern ethic of radical freedom This dialogue begins with the practical posture of West more specifically his notions of truth and reality and work then goes back to his more theoretical work to explore the same notions As a project in constructive ethics this book examines Cornel West's epistemology notion of truth and metaphysics notions of reality as foundational components for a postmodern ethic of radical freedom These foundational components are then brought into a discursive conversation with aspects of Michel Foucault's archaeology and genealogy with a method called reconstruction This reconstruction results in two important trajectories radical ontology and radical epistemology which become the pillars for a postmodern ethic of radical freedom The last chapter of the book weaves together all components with the womanist work of Monica Coleman and Patricia Hill Collins as examples of this ethic of radical freedom Practically speaking this postmodern ethic of radical freedom serves as a platform to ensure transcendence so that all people regardless of race gender or sexuality can enjoy a flourishing and fulfilled life

Introducing Prophetic Pragmatism Jacob L. Goodson, Brad Elliott Stone, 2019-08-01 Prophetic pragmatism is a gritty philosophical framework that undergirds the intellectual and political work done by those who seek to overcome despair dogmatism and oppression It seeks to unite one's intellectual vocation and one's duty to fight for justice Cognizant of the ways in which political forces affect thought while also requiring political action to not be so sure of itself that it simply replaces one oppressive structure with another prophetic pragmatism requires a critical temper through the mode of Socratic questioning Introducing Prophetic Pragmatism argues that hope lies between critical temper and democratic faith Socratic questioning prophetic witness and tragicomic hope open a space for democratic energies to flourish against the forces of nihilism and poverty Critical temper keeps democratic faith from becoming too idealistic and Pollyannaish and democratic faith keeps critical temper from being pessimistic about the ability to change current realities These twin pillars provide the best and most helpful framework for understanding the nature and purpose of prophetic pragmatism Through their dialogue Jacob L Goodson and Brad Elliott demonstrate why prophetic pragmatism is in the words of Cornel West pragmatism at its best

Truth in the Public Sphere Jason Hannan, 2016-10-20 Has truth become a casualty of America's increasingly caustic and volatile political culture Truth in the Public Sphere seeks to understand the significance of truth for the everyday world of human communication To this end this book explores the place of truth in several facets of the public sphere language ethics journalism politics media and art Featuring an international group of contributors from across the humanities and social sciences this collection is a definitive supplement to theoretical debates about the meaning and status of truth

The Parent as Citizen Brian Duff, 2011 How ideas about parenthood undermine politics

The Poverty of Ethics Anat Matar, 2022-07-12 Why the left should reclaim ethics and morality for itself The Poverty of Ethics stands the usual moral political dichotomy on its head It argues that moral principles

do not in fact underlie or inform political decisions It is rather the conceptual primacy of political discourse that rescues ethics from its poverty Our ethical convictions receive their substance from historical narratives political analyses empirical facts literary educational models political activity and personal experience Yet morality essentially doesn't leave room for relativity not every ethos deserves to be titled moral Hence the book argues further it is the left ethos as it has evolved over years which forms the basis for ethics morality is left wing Clarifying and justifying this seemingly odd statement is the main purpose of this essay Appealing to philosophical ideas on the essence of language on meaning on understanding and persuasion this book scrutinizes the system of concepts and attitudes informing our common view of the relationship between the moral and the political It argues that the traditional conception of morality is far too narrow to form a basis for political thought and political action Its carefully unfolded argument concludes that none of the current philosophical accounts of morality can be translated into terms of political will much less into direct political action Being too general and elastic neither abstract moral principles ethical aesthetic sensibilities nor the ethical demand emanating from an Other can fulfill these tasks Instead the false primacy of the ethical over the political and the infinite flexibility of vacuous moral discourse are often mobilized to launder wrongs and delegitimize radical left politics Gratification of the moral high ground becomes an implement of de politicization and thus a powerful political instrument in the hands of those seeking to shore up the existing order

Cornel West and the Politics of Prophetic Pragmatism Mark David Wood, 2000 Wood evaluates the political consequences of a shift in West's position from an earlier revolutionary socialist stance to a later progressive reformist one Wood shows how West's subsequent reworking of Marxism supports his transition from a socialist to a progressivist politics

BOOK JACKET Black Intellectuals and Black Society Martin L. Kilson, 2024-07-09 This book presents the trailblazing political scientist Martin L. Kilson's essays on leading Black intellectuals of the twentieth century Kilson examines the ideas and careers of several key thinkers placing their intellectual odysseys in the context of the dynamics that shaped the Black intelligentsia more broadly He argues that the trajectory of twentieth century Black intellectuals was determined by the interplay between formal ideas and Black egalitarian struggle Beginning with the tension between W. E. B. Du Bois's civil rights activism and Booker T. Washington's accommodationism Kilson explores the formation and evolution of Black intellectuals and activists across generations Chapters consider Horace Mann Bond's career in higher education political scientist John Aubrey Davis's transition from civil rights activist to federal policy technocrat Ralph Bunche's writings on European colonial rule in Africa Harold Cruse's classic polemic *The Crisis of the Negro Intellectual* E. Franklin Frazier's analysis of the Black bourgeoisie Adelaide M. Cromwell's studies of the challenges facing elite Black women and Ishmael Reed and Cornel West's advocacy as public intellectuals amid a conservative turn Offering timely and engaging insights into the lives and work of pivotal Black intellectuals and activists this book sheds new light on the abiding questions and debates in Black political thought

Lukács After Communism Eva L. Corredor, 1997 Since the collapse of communism in Eastern

Europe the validity of Marxism and Marxist theory has undergone intense scrutiny both within and outside the academy In Luk cs After Communism Eva L Corredor conducts ten lively and engaging interviews with a diverse group of international scholars to address the continued relevance of Gy rgy Luk cs s theories to the post communist era Corredor challenges these theoreticians who each have been influenced by the man once considered the foremost theoretician of Marxist aesthetics to reconsider the Luk csean legacy and to speculate on Marxist theory s prospects in the coming decades The scholars featured in this collection Etienne Balibar Peter B rger Terry Eagleton Fredric Jameson Jacques Leenhardt Michael L wy Roberto Schwarz George Steiner Susan Suleiman and Cornel West discuss a broad array of literary and political topics and present provocative views on gender race and economic relations Corredor s introduction provides a biographical synopsis of Luk cs and discusses a number of his most important theoretical concepts Maintaining the ongoing vitality of Luk cs s work these interviews yield insights into Luk cs as a philosopher and theorist while offering anecdotes that capture him in his role as a teacher mentor

Economy, Difference, Empire Gary Dorrien,2010-11-02 Sourcing the major traditions of progressive Christian social ethics social gospel liberalism Niebuhrian realism and liberation theology Gary Dorrien argues for the social ethical necessity of social justice politics In carefully reasoned essays he focuses on three subjects the ethics and politics of economic justice racial and gender justice and antimilitarism making a constructive case for economic democracy along with a liberationist understanding of racial and gender justice and an anti imperial form of liberal internationalism In Dorrien s view the three major discourse traditions of progressive Christian social ethics share a fundamental commitment to transform the structures of society in the direction of social justice His reflections on these topics feature innovative analyses of major figures such as Walter Rauschenbusch Reinhold Niebuhr James Burnham Norman Thomas and Michael Harrington and an extensive engagement with contemporary intellectuals such as Rosemary R Ruether Katie Cannon Gregory Baum and Cornel West Dorrien also weaves his personal experiences into his narrative especially his involvement in social justice movements He includes a special chapter on the 2008 presidential campaign and the historic candidacy of Barack Obama

Marx and We Sun Zhengyu,2024-08-01 Marxist ideology is the only fully scientific ideology the only one able to guide mankind toward the settlement of fundamental social problems and to point out the royal road for the proletariat to take in its march toward socialism and communism Without Marxism modern people cannot establish true social ideals nor can they engage in the rational pursuit of values Without Marxism modern people cannot choose the correct path of development nor can they build up new forms of civilizations Without Marxism modern people would never base their commitments to schedule the consensus building effort and support the consensus building process on any irrefutably and sufficiently sound theoretical foundations

Building a Social Democracy Robert Danisch,2015-11-06 Building a Social Democracy offers an alternative intellectual history of American pragmatism one that tries to reclaim the middle of the twentieth century in order to push neo pragmatism beyond its philosophical limitations Danisch argues that the major entailment of the invention

of American pragmatism at the beginning of the twentieth century is that rhetorical practices are the rightful object of study and means of improving democratic life Pragmatism entails a commitment to rhetoric Rhetorical pragmatism is intended to be more faithful to the project of first generation pragmatism to offer insight into the ways in which rhetoric operates in contemporary democratic cultures to recommend practices methods and modes of action for improving contemporary democratic cultures and to subordinate philosophy to rhetoric by reimagining appropriate ways for pragmatist scholarship and social research to advance
