Ethical Prof Issues In Nursing:

Fundamental Aspects of Legal, Ethical and Professional Issues in Nursing 2nd Edition Sally Carvalho, Maggie Reeves, Jacqui Orford, 2012-07-06 This popular title from the Fundamental Aspects of Nursing series has been revised and updated to reflect the advances in the field. Vital reading for all student nurses to help them develop an understanding of the myriad of dilemmas in professional practice and ensure they meet professional standards. This book will outline the implications and application of the relevant recent legislation that relates to nursing practice. Professionally, this book will look at the demands and requirements of nursing as it moves to an all graduate profession and the subsequent legal and ethical implications. It will also be helpful for qualified nurses as a refresher text for those undertaking Overseas Nurses Programmes. With the new Nursing and Midwifery Council's proposals, there is a greater emphasis on nurses' awareness and ability to use and be assessed in legal, ethical and professional issues in their clinical practice. Professional Issues in Nursing Carol J. Huston, 2013-01-15 Using an approach that fosters critical thinking and values clarification, this textbook examines the full range of professional issues facing contemporary nursing. Coverage includes critical issues such as the nursing shortage, mandatory staffing ratios, violence in nursing, legal and ethical issues, plus the latest HIPAA regulations, career advancement and evaluations, and best practices for today and the future. This edition includes two NEW chapters: 1 a NEW chapter on developing effective leaders to meet 21st century healthcare challenges and 2 a NEW chapter on the use of residencies for new graduate nurses as a transition to practice. In addition to these exciting additions, content has been updated throughout the book to reflect cutting edge trends in healthcare, including the impact of healthcare reform and recommendations from the Institute of Medicine (IOM). This edition promises to be an integral tool to providing effective nursing care in an increasingly global, rapidly changing, technology-driven world. Professional Issues in Nursing Carol Huston, 2021-12-09 Give students a professional edge in nursing practice with proven expert insight across a variety of enduring and contemporary issues facing today's nursing workforce. Rich in engaging pedagogical features and extensively updated with the latest evidence-based perspectives on workplace considerations, workforce issues, legal and ethical concerns, nursing education challenges, and more. *Professional Issues in Nursing: Challenges and Opportunities* 6th Edition readies students for the realities of today's changing healthcare environment and instills the critical thinking and clinical judgment skills to achieve success in any nursing setting. *Law, Ethics and Professional Issues for Nursing* Herman Wheeler, 2013-06-17 This comprehensive new textbook covers core ethical and legal content for pre-registration nursing students. It provides readers with a sound understanding of the interrelationships between the NMC's code of conduct, standards and competencies, ethics, and relevant sections of the English legal system. The only truly integrated text in the field, it opens with overviews of law and nursing and ethical theories and nursing. It goes on to explore key areas of contention, such as negligence, confidentiality, and consent, from legal and ethical perspectives, mapping the discussion onto the NMC

code of conduct The chapters include objectives patient focused case scenarios key points activities questions areas for reflection further reading and a summary Case law and statutes and ethical theories are presented where appropriate Written by an experienced nurse lecturer with a law and ethics teaching background Law Ethics and Professional Issues for Nursing is essential reading for all pre registration nursing students as well as students of other healthcare professions

Law and Professional Issues in Nursing Richard Griffith,Cassam Tegnah,2010-06-16 Nurses are more accountable than ever to the public patients their employers and the profession and it is vital that they have a clear understanding of the legal ethical and professional dilemmas they will face in the course of their professional career This book is an essential resource for student nurses as they begin to develop their knowledge and understanding of the requirements for safe practice in healthcare This new edition includes increased coverage of protection of vulnerable adults and ethics and principled decision making
